THE ATLANTA CONSTITUTION.

VOL. XXXVI ATLANTA, GA. WEDNESDAY. MORNING. JUNE 24 1903—TWELVE PAGES. PRICE FIVE CENTS.

FOR SUMMER SESSION LAWMAKERS CONVENE

General Assembly of Georgia Will Meet at Ten O'Clock.

EQUALIZATION OF TAXES UPPERMOST IN MESSAGE

Governor Terrell Has Spent Much Time in the Study of Tax Laws, and His Message Is Expected To Deal Largely with the Subject.

The legislature of Georgia will meet in regular session this morning at 10 o'clock. For the first time in nearly fifteen years the Georgia law makers have gathered for a summer session.

Almost all the prominent members of both houses have reached the city. Some of those who live near by will come in on the early trains, but for the most part the members arrived yesterday. The governor was kept busy all day receiving legislators who called to pay their respects, the halls of the senate and the house presented the usual busy scene incident to the annual coming of the [illegible], and last night the hotel corridors were crowded. Speaker Newt Morris, of [illegible], was a conspicuous figure among the distinguished visitors in the city.

Members of both houses expect a busy session. While nothing of a sensational order is now anticipated, the impression is strong that there will be more than enough necessary work to keep the body busy during the full fifty days.

The Governor's Message.

Much interest is manifested in the message of Governor Terrell, which will be sent to the senate and house today. From talks he has had with members and state officers, it is the general belief that the feature of his message will be a recommendation of legislation designed to bring about equalization of tax values. Whether he will recommend any specific plan or not does not seem to be known; but that he will make a strong argument for some better system than that now prevailing is certain.

The discussion of the franchise tax has led to a more general understanding of the differences in the valuation of property for taxation, and the necessity for equalization. It will be remembered that the legislature of 1891 passed an act providing for county equalizers and a state board of equalization. This law was never given a fair chance. Some of its provisions were regarded burdensome and the result was that the act was very promptly repealed the next year. The result is that the law as it now stands is practically the same that was enacted at the beginning of the last century, when property conditions were vastly different from those found today.

Governor Terrell and Comptroller General Wright have given much time to the study of the tax system during the past year, and some plan to secure fairer and more equitable returns will be brought to the attention of the legislature. It is believed this will contemplate the creation of county boards having power to equalize the tax valuations so that no injustice shall be done any property owner, either through overvaluation of his property or the undervaluation of that of his neighbor; and the suggestion will be thrown out that there should be a state board of equalization to see that the tax burden is distributed equally and fairly as between citizens of one county and those of another.

Other Matters of Interest.

Governor Terrell will, of course, treat in his message of a variety of matters pertaining to the welfare of the state. The reports of the various state officers will be referred to and commented upon, the recommendations of each dissected, and other matters of broader interest will be treated. The document will not be unusually long, but it will be a thorough review of state affairs as viewed from the standpoint of the state's chief executive officer.

SCHWAB'S TIME GROWING SHORT

Reported He Will Resign Presidency of Steel Trust This Week.

New York, June 23.—It was reported in Wall street this afternoon that the resignation of Charles M. Schwab as president of the United States Steel Corporation would undoubtedly be announced tomorrow or before the end of the week. The report was credited in some quarters where excellent information is sometimes obtained, but the rumor could not be confirmed.

A statement was given out tonight as coming from Mr. Schwab that he has no intention of resigning the presidency of the United States Steel Corporation. It was stated that Mr. Schwab was in excellent health and was at the steel corporation's offices daily.

Shot Himself to Death.

New York, June 23.—Herman F. Robinson, a young lawyer of this city, son of Beverly Robinson and prominent in social and club circles, committed suicide by shooting near Fort Pond Bay, [illegible], L. I., some time between Sunday and Monday. His family knows of no reason for his suicide.

No Development in Trial.

[illegible], N. C., June 23.—There were no new developments in the Jones trial today. The state rested its case and the defence brought in witnesses as to the character of Ward and [illegible] of the men on trial. Their [illegible] having withdrawn, all five of the [illegible] are now in jail.

ILLINOIS MOB VOWS TO LYNCH BLACK OUTLAW

Lynchers Swarm in Streets of Peoria Crying for Life of Negro.

MURDER OF DETECTIVE HAS ENRAGED CITIZENS

Just as Mob Was About To Storm City Hall, Negro Was Spirited Away to Jail—Mob Surrounds the Jail and Swears Vengeance.

Peoria, Ills., June 23.—Detective William E. Murphy was killed by "Billy" McRay, a negro desperado, whom he was attempting to arrest at the corner of Wat and Eaton streets about 10 o'clock tonight. Murphy, armed with a warrant for McRay, on the charge of burglary, approached the negro, who was standing on the corner, and informed him that he was under arrest. Without a moment's warning McRay drew a revolver and shot the officer in the breast. He then attempted to make his escape, but was caught by Detective Chadwick. Murphy was taken to the hospital, where he died within twenty minutes of the time he received the wound. McRay was hurried to the city jail and in less than an hour a mob numbering at least 1,000 men and boys had assembled and made a demand on the chief of police for the prisoner. The chief refused to surrender the murderer. In hope of attracting the attention of the mob the fire department was called out and made a run past the jail. The ruse partially succeeded, a large number of the crowd following the fire department. In the meantime the chief had ordered all the electric lights in the city to be turned out and in the darkness McRay was hurriedly taken to the county jail. In a short time the mob discovered that it had been deceived and formed in front of the county jail. The entire police force of the city was called out in order to guard the jail.

At this time (11:30 p. m.) the jail is surrounded and there are rumors from the lower end of the city where the dead officer resided another mob is gathering with the intention of lynching the negro. The situation is very critical.

Peoria, Ills., June 24.—Shortly before 1 o'clock this morning the mob surrounding the county jail began to disperse, awed by the determined attitude of Sheriff Potter, who stationed a dozen deputies and police in front of the jail, armed with revolvers and winchesters. They were instructed to fire on the mob should any attempt to enter the jail be made. Inside the building twenty police were stationed. While at the present time the mob still clamors for the negro, it is evident that they lack a leader, and the authorities are confident that they will be able to cope with the situation.

MILLIONS WANTED FOR LEVEES

Congress Will Be Asked To Appropriate Huge Sum.

St. Louis, June 23.—Levee improvements from Cairo to New Orleans, costing in the aggregate about ten million dollars, are wanted by the members of the directing boards of the levee districts, representatives of which are in St. Louis to attend the annual meeting tomorrow of the Mississippi river committee.

In 1902 congress appropriated $2,000,000 for the improvement of the lower Mississippi. A like amount was appropriated this year and an appropriation as large is promised in 1904 and 1905. At a conference of the district representatives today it was decided to ask the river commission to anticipate the appropriations of 1904 and 1905 and let the contracts for levee work now.

"If the commission so acts the district representatives say that the work can be started at once and that the levees from Cairo to New Orleans will be in a safe condition by March 1, 1904, or before possible high water of the May and June period of next year.

DIAZ ACCEPTS NOMINATION.

Action of Convention Has Given General Satisfaaction.

Mexico City, June 23.—The nomination of President Diaz for the next presidential term before the national liberal party has been received with widespread satisfaction. There is a feeling among men representing large business interests that the country will enjoy a period of freedom from political agitation between now and next year, when the election takes place. It has been published erroneously in some American papers that the election is now going on. The nomination of President Diaz puts an end to factions and cabals and removes the presidential succession from the domain of conjecture.

In his speech accepting the nomination the president said:

"The chief and highest distinction that can be conferred upon a citizen is to be predesignated in a solemn manner by his compatriots for the highest post of public power in their gift regardless of whether he occupies it or not. I appreciate it at its full worth and I will acknowledge it as long as I live with heartfelt gratitude."

NEGRO'S CHARRED BONES TAKEN BY RELIC HUNTERS

Thousands of Delaware People Visited the Scene of Ravisher's Cremation.

LYNCHING IS APPROVED BY MAJORITY OF PEOPLE

It Will Be Difficult To Convict Members of the Mob—Brutal Confession of the Negro Just Before the Fire Was Kindled.

Wilmington, Del., June 23.—Calm, unbroken save for the denunciation of the mob leaders, has today succeeded the exciting scenes which attended the burning at the stake last night of George White, the negro who assaulted and killed Miss Helen Bishop. These denunciations of the mob's action, however, came mainly from ministers and public officials. To all questions as to their probable course in the matter of punishment for the members of the mob the authorities reply that they have no statement to make at present.

The great mass of people have little to say concerning the terrible punishment meted out to White.

The lynching is deplored, but it is contended that the populace found strong provocation in the fact that the popular demand for a speedy trial of the negro was met by the action of the court in setting the day of hearing for the September term.

Relic Hunters Got Bones.

When the coroner arrived at Price's Corner today to go through the formality of holding an inquest over the remains of White he found little else than a pile of ashes. Seekers after grewsome relics of the tragedy had carried away practically all the small fragments of bones left unconsumed.

If the authorities should press the prosecution of the members of the mob, it seems impossible that a number of men can escape punishment. No masks were worn by the leaders and apparently no attempts at concealment were made. The whole affair was conducted with the utmost openness and so generally known had the preparations become that a crowd of over 4,000 was enabled to gather at the scene of the lynching, some miles from Wilmington. Whether persons can be found willing to identify the leaders and give testimony remains to be seen.

Resolutions denouncing the action of the mob and calling for the punishment of the leaders were adopted today by the Wilmington ministers.

Definite action probably will be taken by Governor Hunn and the other state officials within the next day or two.

Peter Smith, the boy who was shot during the rush on the work house, is suffering greatly from his wound. The physicians say his condition is critical. No trace of three other men reported to have been wounded during the attack has been found.

One Arrest Made.

The judges who had postponed action upon the case of the confessed assailant of Miss Bishop today explain their action by stating that popular prejudice and indignation would have precluded the possibility of a fair trial.

Governor Hunn says he will confer with Attorney General H. H. Ward. The latter made a brief statement tonight, in which he said that the state will await the result of the coroner's inquest and that every effort will be exerted to ascertain the names of the leaders. Coroner McCormack has not fixed the date for the inquest.

One arrest was made tonight by State

PARSON CRIED, "LYNCH NEGRO"

Fiery Sermon by Rev. Mr. Ellwood Prior to Cremation.

From His Pulpit He Advised, in the Event of the Law's Delay, That the Negro Should Be Dealt with in a Summary Fashion.

Wilmington, Del., June 23.—Rev. Robert A. Ellwood, pastor of the Olivet Presbyterian church, preached a sensational sermon on the probable lynching of White last Sunday night. He took his text from Corinthians v. 13: "Therefore put away from among ourselves that wicked person."

In regard to the speedy trial for the negro, Rev. Ellwood said:

"I call your especial attention to that part of my text found in the constitution which says: 'In all criminal prosecutions the accused shall enjoy the right to a speedy and public trial.'

"On the day of this terrible crime the officers arrested a man supposed to be guilty. He was taken before a magistrate and held without bail. Tonight he is in jail with armed men parading about for his protection, waiting until the middle of September. Is that speedy? Is that even constitutional?

"Oh, honorable judges, call the court, establish a precedent and the girls of this state, the wives of the homes and the mothers of our fireside and our beloved sisters will not be sorry, and neither will you.

"And, honorable judges," he continued, "if you do not hear and heed these appeals and that prisoner should be taken out and lynched, then let me say to you with the full realization of the responsibility of my words, even as Nathan said to King David, of old, after his soldiers had killed Uriah, 'Thou art the man,' so I would say to you. The responsibility for the lynching will be yours for delaying the execution of the law.

"Should the murderer of Miss Bishop be lynched? Yes. But only under one condition and that is this: If his trial shall be delayed until September and then, though he be proven guilty, through some technicality of the law or any undue influence upon either judges or jury he be not given capital punishment, then the citizens of the stae should arise in their might and execute the criminal and thus uphold the majesty of the law."

Rev. H. A. Ellwood today dictated he following staement:

"I am very sorry it happened as it did. I believe the man should have had a legal trial, but I also believe that he should have had a speedy trial. The lesson we can learn from last night's outbreak is that the people are tired of the delays of the law. Certain terrible crimes require stern and speedy punishment and when the machinery of the law is not set in motion the people, impatient of the delay, move themselves. I personally deplore the lynching."

COTTON FACTORIES CLOSING.

Price of the Staple Given as the Reason.

Arcadia, R. I., June 23.—The high price of cotton is given as the cause for the decision to close for an indefinite time the mills of the Roger Williams Cotton Company here.

The factories at Rockville, which have been undergoing repairs for a number of weeks, and which are nearly in readiness to start, will not be put in operation until there is a reduction in the price of cotton.

MISSOURI MOB IS AFTER FIEND

Two Women Are Assaulted Near East St. Louis.

One Is White, the Other Colored, and a Posse of Citizens Is Now on the Trail of Their Assailant.

St. Louis, June 23.—Two women, one white and the other colored, were assaulted and left for dead about 3 1-2 miles east of East St. Louis this afternoon and a posse is out looking for a negro described by one of his victims.

If he should be captured it is believed there will be alynching, for the terrible double crime has caused great excitement and indignation among the farmers of the American bottoms, where it occurred. One of the victims, Annie Green, a married colored woman, aged 25, was clubbed about the head, her skull fractured and left arm broken. Just before relapsing into unconsciousness she told of the assault and described a light yellow negro, aged about 25 years, as her assailant.

She was evidently the first victim of the fiend, who later proceeded to the home of John Bruno, a well-to-do farmer living between East St. Louis and Belleville, and committed the second crime.

About 3 o'clock this afternoon a brother of Miss Flora Bruno, aged 17, returned home and found his sister lying on her bed in an unconscious condition. Her skull was fractured, both arms were fractured and she was suffering from other injuries. The young woman had been at home alone during the afternoon attending to the family washing. She was her father's housekeeper.

Young Bruno spread the alarm and then the other assault became known. A posse was rapidly summoned and the country thereabouts is being searched for the guilty man.

The posse of farmers, reinforced by the chief of police of East St. Louis and members of his force and the sheriff of St. Claire county, with a number of deputies, have surrounded a man on an island formed by breakwater from the Mississippi flood. It is not known who the man is.

Florence Bruno was taken to St. Mary's hospital in East St. Louis. She was still unconscious at a late hour tonight, and though the physicians have done everything possible for her, they express no hope for the girl's recovery. Annie Green, who is at the Henrietta hospital in East St. Louis, is in a precarious condition, but there is a chance for her recovery.

LYNCHED AFTER FIVE YEARS.

Negro Who Killed Man Five Years Ago Hanged.

Cleveland, Miss., June 23.—The body of George Kincaid, a negro who seriously wounded John Brock and George Stoakely five years ago, has been found hanging in the swamps.

A mob gathered at Ruleville Saturday to lynch the negro, who was spirited away to this place by Deputy Sheriff Riddle. Deputy Sheriff McGuire was unwilling to take the negro, even for a few hours, but agreed on Riddle's promising to come back and remain with the prisoner.

Riddle failed to appear, but instead came an order signed by him that the prisoner be delivered to the bearer, Jackson, which was done. The discovery of his body in the swamps followed.

Gov. Montague Orders Out Entire Regiment To Keep Order in City.

STREET CAR STRIKERS ARE IN RIOTOUS MOOD

Nobody Has Been Seriously—Hurt, but the Situation Is Very Ugly. No Attempt Being Made To Run Cars at Night.

Richmond, Va., June 23.—Governor Montague this afternoon ordered the Seventh regiment, the Richmond Blues battalion, and the Richmond Howitzers, an artillery company, on duty to aid in maintaining order as against the street car strikers and their sympathizers. The Seventh regiment is to report tomorrow Five of its companies are in Richmond The other seven will come from Danville, Farmville, Charlottesville, Staunton, Lynchburg, Alexandria and Roanoke. There has been much rioting during the day, as a result of the strike and the situation is ugly. Nobody has yet been seriously hurt.

All is quiet tonight at the car barns of the street car company in the eastern and western extremities of the city. Militiamen are on guard and they are patrolling the town, particularly along the various railway lines. Some of the troops from outside points have arrived. Others are expected at midnight. All will have reached the city by 8 o'clock tomorrow morning. No cars are being run tonight. It appears the night will pass without disorder.

State Courts To Pass on the Ponce de Leon Shows.

TRIAL OF CASE DEVELOPED IN WARM LEGAL BATTLE

Attorneys Make Great Speeches Felder Excoriated Dr. Broughton, Who Was Present. Rossman Required To Give Bond of $100.

James G. Rossman, president of the Ponce de Leon Amusement Company, was arraigned in the recorder's court yesterday afternoon on the charge of violating section 1315 of the city code, which prohibits work other than that of necessity being performed on the Sabbath day. There was only one witness examined, a policeman, and the whole case centered in interest upon the arguments of the attorneys.

The recorder, after hearing the lawyers talk for nearly two hours, decided that there had been no city law violated in the keeping open of the shows at Ponce de Leon on Sunday, and believing that if any law at all had been violated it was a matter for the grand jury, he required President Rossman to give a bond of $100 for his appearance in the superior court.

The court room was well filled with citizens interested in the outcome of the case. Among those present were: Police Commissioners Jones, English, Brotherton, Johnson and Fox, Rev. T. P. Cleveland, Dr. L. G. Broughton, Dr. A. R. Holderby and L. DeGive.

The attorneys engaged in the case were Reuben Arnold and T. B. Felder, for the defense, and City Attorney James L. Mayson for the prosecution.

Felder Scored Broughton.

Attorney Felder made some scathing remarks about Dr. Broughton, turning and looking at him as he spoke. He did not mince his words, and at one time his excoriation of the preacher for using his pulpit to talk of public affairs created a sensation in the court room, some of the spectators applauding him for his utterances.

Policeman Goodson was the only witness examined. He stated there had been shows kept open at Ponce de Leon on Sundays, among which were the "flying Jenny," the cave of the winds, the house upside down, the moving pictures and the miniature railroad. Admission was charged to all the shows. There had been no kind of disorder and no rowdyism.

The defense did not introduce any witnesses, stating they were willing to rest their case on the testimony of the city's witnesses. This gave the defense the opening and closing argument.

Arnold's Pointed Remarks.

Mr. Arnold spoke first. His speech pleased the larger portion of the audience. Some of the points he made were as follows:

"In this day of progress, science and enlightenment such an investigation as this would make one believe we had gone back to the dark ages, the time of puritannical persecution, when a man was arrested for kissing his wife on Sunday. This is a free government. The toiling masses who groan and sweat all week must not be deprived of the little enjoyment they find at an innocent resort on the Sabbath. There are great crimes and deeds of evil to which the ministers of the gospel had better turn their attention and let the poor people spend a day of rest and recreation. No, they pass by the hyena and the lion to light upon this little humming bird. This place for a Sunday's outing is a necessity. If you hold us down to a strict and puritannical construction of what is a necessity we could go without clothes. Our preachers do more than a necessity when they put on a collar and cravat, for they could go in their shirt tails. Their zeal is carrying them too far and a reaction will come if they do not let up. Why, some of these preachers think the Sabbath belongs to them and is only made for the churches. Innocent amusements are a necessity on account of the crowded condition of our city. They benefit the people. If the preachers had their way they would lock us up in our rooms on Sunday and read the Bible to us all day. Would that be making the Sabbath a day of rest? The preachers take rest. Some of them go off to Europe and see all the sights (looking at Dr. Broughton), and I think they ought to rest, but they should not object to the toiling masses resting on the Sabbath. The last analysis of this whole matter is that it is a blow at the poor toiler who has no other day on which to enjoy himself except Sunday. What is there wrong at Ponce de Leon? Is the little flying Jenny bad? Does it cause any souls to be lost? Is the cave of the winds a terrible soul-damning thing? Does the devil lurk in the house upside down? Is Satan the engineer who runs the toy engine? Christ Himself would not object to little children having fu

SIX PRISONERS TAKE LEG BAIL

Hall County Jail Failed To Hold Men Charged with Crimes.

Gainesville, Ga., June 23.—(Special.)—Six prisoners escaped from the Hall county jail last night, but their escape was not detected until this morning.

The prisoners broke a hole through the bottom of the cage which sets upon a pen of iron rails. One of the rails was then removed, which put the prisoners in the jail lobby. Here they effected an entrance to the outside by taking a brick from beneath a window and drawing out an iron bar.

They then let themselves to the ground with sheets and walked away.

Those who escaped were Sloan Earl, colored, charged with a felony; J. G. Bryant, Walt Davis and Robert Gill, all colored, charged with misdemeanors, and Zeb Patterson, white, charged with three misdemeanors.

None have as yet been recaptured, though the sheriff has offered a reward of $10 for the capture of each.

PEACHES WILL PAY WELL.

Short Crop at Prevailing Prices Is Good Crop.

Columbus, Ga., June 23.—(Special.)—Henry L. Woodruff, of Columbus, who owns the Palestine fruit farm on the Seaboard Air Line, 14 miles below the city, has sold his entire crop of Elberta peaches at $1.35 per crate, f. o. b. the cars at Sulphur Springs, his station. While his peach crop is short this year, yet he will have some 4,000 to 6,000 crates, which is equivalent to ten or twelve carloads.

While the general peach crop in this section is short, yet the peaches, as a rule, are fairly good, and it is thought that the fruit growers will make money this year.

Columbus Mills All Running.

While various cotton mills all over the country are shutting down for lack of cotton, and from other causes, the Columbus cotton mills are going right ahead as usual, and indications now are that their supply of cotton will carry them until the new season begins. One or two of the smaller plants may be embarrassed for lack of raw material, but nearly all the larger mills of the city bought cotton in time. The Columbus mills are not only running on full time, but they are advertising for more help.

R. O. Howard Critically Ill.

Ralph O. Howard, one of the most prominent citizens of Columbus, is dangerously ill at his home on Second avenue. He has been confined to his home but a week. His first trouble was a slight attack of tonsilitis. He is now suffering from malignant malarial fever. He was reported in a dying condition this morning, but rallied some this afternoon. He is considered a very ill man tonight.

SOCIOLOGISTS IN SESSION.

Annual Meeting Now Taking Place in Forest City.

Savannah, Ga., June 23.—(Special.)—The annual meeting of the Georgia State Sociological Society was called to order this morning at the De Soto hotel by the president, Dr. J. L. Hiers, of Savannah.

The meting was opened with prayer by Rev. Dr. W. P. McCorkle, after which Alderman R. L. Colding delivered an address of welcome. Rev. Dr. C. A. Langston, of Atlanta, responded.

Several papers were read at the day and the night sessions. "Education, Public Schools and Child Labor" was the subject of a paper by Dr. R. R. Kime, of Atlanta.

Professor L. G. Earnest, of Athens, read a paper on "Pedagogue and Parent."

"The Coming Civilization" was the subject of Rev. W. E. Mumford, of Macon, and "The Economic Life" of an exhaustive research by Rev. Mr. Langston. After the reading of the papers there was general discussion.

Tomorrow will be devoted to visits to the various orphanages of the city.

Machen Again in Saddle.

Brunswick, Ga., June 23.—(Special.)—Bird M. Robinson, of the Knoxville & Bristol, has been elected president of the Brunswick and Birmingham and Colonel Machen is again the power behind the throne. This is a complete surprise to the people of Brunswick, as it was not known that Robinson was connected with the road at all. These changes have been occurring with such rapidity that the people of Brunswick hardly know how to take them, but still they believe that this last one will mean that the road will be rushed on to Birmingham.

Cordele 7, Tifton 5.

Cordele, Ga., June 23.—(Special.)—In one of the most exciting games played here this season, Cordele won from Tifton today by a score of 7 to 5. The game was tied in the eighth inning and the score stood 5 to 5 until Cordele's half of the inning, when she made two runs, winning the game. Batteries—Cordele, Wild Bill Clark and Lee; Tifton, Legars and Barber. The final game of the series will be played tomorrow.

Motorcycle Broke Collar Bone.

Quitman, Ga., June 23.—(Special.)—Dr. J. B. Roen was the victim of a painful accident today. He was riding a motorcycle and at the foot of a hill struck a sand bed and lost control of the machine, which struck a tree and threw him, breaking his collar bone.

Negro Teachers To Meet.

Thomasville, Ga., June 23.—(Special.)—The colored State Teachers' Association will hold [illegible] annual session here June 30 to July 4. A [illegible] committee has completed arrangements [illegible] accommodation of the visiting colored [illegible]ors.

ANNUAL SESSION AT CUMBERLAND

Georgia Teachers Gather To Discuss Matters of Educational Interest.

Brunswick, Ga., June 23.—(Special.)—The thirty-seventh annual convention of the Georgia Educational Association was called to order in the large auditorium of Cumberland Island tonight at 8 o'clock. A meeting of the directors was held at 3 o'clock this afternoon. The attendance is the largest in the history of the association and among those attending are some of the foremost educators of the state. Delegates are present from a majority of the counties while all of the colleges are well represented.

Cumberland at one time was the permanent meeting place of the teachers, but other places came in and succeeded in getting the past two or three meetings and Cumberland was deserted, but the teachers all express themselves as delighted to meet on the island again.

The feature of the meeting tonight was the beautiful drill by the pupils of the public schools of Hawkinsville, which was witnessed not only by the teachers present, but also by many visitors who are on the island.

The feature of the meeting tomorrow will be a paper to be read by State School Commissioner W. B. Merritt upon the subject, "The Necessity for Trained Teachers." This is the first convention that Mr. Merritt has ever attended, he having only been in office a few month and he is greatly enjoying the convention and meeting the teachers from different sections of the state, shaking hands with the school commissioners and familiarizing himself with the meeting generally.

Improvement Is Continued.

Macon, Ga., June 23.—(Special.)—Henry Richardson continues to improve, and though his recovery is not an assured fact the indication are that he will soon be himself again except for the weakness consequent upon his long and exhaustive illness. Frequently during the day he was perfectly rational and conversed with those about his bedside. He has been sleeping quietly for three or four nights and has awakened each morning apparently much refreshed.

Columbia 7, Augusta 0.

Augusta, Ga., June 23.—(Special.)—Augusta and Columbia, S. C., met on the diamond this afternoon, the game resulting in a shut-out for Augusta, 7 to 0. With Ruehr in the box, Augusta was hit with ease, but McLaurin was a puzzle Augusta couldn't solve.

Semi-Annual Dividend Declared.

Augusta, Ga., June 23.—(Special.)—The Augusta factory, the oldest cotton factory in Georgia, has just declared its usual 3 per cent semi-annual dividend. It is fortunate in having a pretty fair supply of cotton and may not have to close down as soon as the other mills here.

$1,300 for Greater Georgia.

Savannah, Ga., June 23.—(Special.)—The chamber of commerce received today reports showing that $1,300 had been raised for the Greater Georgia movement. To Harper's Weekly $1,000 of this will be paid for a write up. This closes the Savannah canvass.

Augusta Camp Now Ready.

Augusta, Ga., June 23.—(Special.)—When Colonel Gordon and Colonel Thomasson arrive tomorrow to locate the regimental and brigade headquarters the Augusta camp will be ready for the coming of the soldiers. It is on the crest of the Sand Hills and there are twenty-two company streets laid off, besides the drill ground.

MORTUARY.

Hon. Thomas W. Glover, Marietta.

Marietta, Ga., June 23.—(Special.)—Hon. Thomas W. Glover died at his home here at 6 o'clock this evening, after an illness of several months. Mr. Glover was one of Marietta's most prominent citizens. He was a successful business man and has been a leading figure in politics. He served many times as mayor and for twenty years has held some official position in the county. He was 45 years of age at the time of his death. He was the youngest son of the late John H. Glover. He is survived by his mother and two brothers, Hon. J. B. Glover, of Marietta, and Hayward Glover, of Atlanta.

Warren R. Davis, Augusta, Ga.

Augusta, Ga., June 23.—(Special.)—Warren R. Davis died this morning at the residence of his son, J. J. Davis, 1252 Walker street, as the result of a third stroke of paralysis. He was 63 years old.

Mrs. S. L. Dimon, Columbus, Ga

Columbus, Ga., June 23.—(Special.)—Mrs. Sallie Lee Dimon, aged 22 years, wife of L. S. Dimon, died at their home near Fortson, in Harris county, this morning.

Mrs. W C .Holiday, Tacoma, Wash.

Louisville, Ga., June 23.—(Special.)—Mrs. W. C. Holliday, of Tacoma, Wash., died here this morning, after a protracted illness at the home of her cousin, Mrs. J. C. Little. She, knowing her case was incurable, came south a few days ago to spend her last days at her old home. She leaves a husband and two little children, who reached her just a few minutes before her death. The funeral and interment will be at Ebenezer cemetery tomorrow.

Miss Dora Ennis, Birmingham, Ala.

Rome, Ga., June 23.—(Special.)—Miss Dora Ennis, sister of Hon. W. H. Ennis, of this city, died last night at her home in Birmingham. The remains will be shipped to Lyerly for interment. Miss Ennis was well known in Rome, having lived here at once time.

TENTS SPREAD AT CAMP NORTHEN

Second and Fourth Regiments Now in Camp.

Colonel W. E. Wooten, Commanding the Provisional Brigade, Issues Strict Orders for Government at Camp Northen.

Griffin, Ga., June 23.—(Special.)—Camp Northen is again alive with soldiers. The Second and Fourth Georgia regiments of infantry have erected their tents and for the first time since the Spanish-American war the silvery voice of the bugle, the sharp command, the rattle of shining swords, and the boom of the sunset gun is heard on the hills of Camp Northen.

To many it is the return to familiar haunts; to others it is a new experience.

Colonel Huguenin and his regiment arrived this morning at 11 o'clock. The majority of the companies of the Fourth regiment came in this afternoon.

The only feature of the day from a spectacular point of view was guard mount, which occurred at 4 o'clock this afternoon.

Adjutant J. A. Thomas and Sergeant Major Reynolds, of the Second regiment, had charge of this event. Tomorrow the adjudtant and sergeant major of the Fourth Georgia will have charge of this feature.

Colonel Wootens' general orders are quite strict. He has decided to establish a provost guard in town, and has named Major Walter A. Harris, of the Second, to have charge of this feature.

An idea of his rules can be gained by reading his first general order just issued:

Colonel Wooten's Orders.

Headquarters Provisional Brigade, G. S. T., Camp Northen, Griffin, Ga., June 23, 1903.—General orders No. 1. By virtue of seniority the undersigned hereby assumes command of the provisional brigade, consisting of the Second and Fourth regiments, Georgia state troops, ordered to assemble at Camp Northen at 4 o'clock p. m., Tuesday, June 23, 1903, (1) for the purpose of camp instructions as per general order No. 7, A. G. O., June 6, 1903.

(2) The following assignments of officers to provisional brigade, Camp Northen, as per orders from adjutant general's office, is announced, namely: Lieutenant Colonel J. Q. Nash, assistant inspector general, Georgia state troops, to be post adjutant; Lieutenant Colonels J. H. Tipton, D. L. Wooten, E. M. Davis, aides de camp to general staff; Major L. H. Kenan, quartermaster general Georgia state troops, to be post quartermaster.

W. E. WOOTEN,
Col. Commanding Fourth Rgt. Post, Commander.

General order No. 2:

Trumpet calls for daily duties of provisional brigade, Camp Northen, Griffin, Ga., will be sounded in the vicinity of post and regimental headquarters and will be duly observed as follows:

Parade—First call 6 p. m.; adjutant's call 6:15 p. m.

Supper 7:30 p. m.

Tattoo 10 p. m.

Taps 10:30 p. m.

2. Company reports will be submitted each morning to regimetal adjutants by 8 a. m. and by them consolidated and submitted to post adjutant by 9 a. m.

3. Company commanders will keep the respective streets, mess halls, etc., in good condition by details.

4. The use of intoxicating liquors and playing and betting for money or other things of value is positively forbidden. Officers are charged to report violation of this order.

5. Officers must report any injury to or destruction of city, state or United States property.

6. This order sets out necessary uniforms and forbids soldiers wearing civilian dress in camp.

7. There will be but one guard for post. It will consist of one officer of the day, two officers of guard, one supernumerary officer of the guard, five sergeants of the guard, six corporals of the guard and forty-six privates. Details for guard will be made in compliance with manual of guard duty, United States army. A major will be detailed each day from headquarters as instructor of the guard.

8. Battalion commanders will be present at company and battalion drills.

9. The adjutant and sergeant major of the Second regiment, Georgia state troops, are hereby detailed to mount guard June 23, 1903. Thereafter they will alternate with the adjutant and sergeant major of the Fourth regiment, Georgia state troops, in mounting the guard. The adjutant will select one orderly for Colonel W. E. Wooten, post commander, and one orderly for Colonel Mills, inspector general, United States army.

10. Unless excused by proper authorities officers and men will be present at all drills and ceremonies.

11. Challenging begins at 10 p. m. and continues until reveille at 4:30 a. m. All passes must be signed by company and regimental commanders, and countersigned by post commander. Company commanders are requested to be discreet in granting same.

13. Relates to guard duty today.

14. The following details and regulations for the provost guard of provisional brigade, Georgia state troops, are hereby announced. The provost guard will consist of one major, whose tour of duty will continue from 4 p. m., June 23, to 12 noon June 30; one lieutenant, one sergeant, two corporals and fourteen privates, whose tour of duty will continue for twenty-four hours. The provost guard commander will divide his guard into two details which will serve as instructed by him. The headquarters of provost guard will be in city of Griffin at police headquarters. The provost guard detail will be made in the same manner and at same time as post guard. The following regulations will govern provost guard:

To enforce soldierly bearing and discipline in the city of Griffin and elsewhere beyond camp limits. To enforce the provision of paragraph 31 of general orders No. 7, June 8, 1903. To arrest all enlisted men found outside post without proper authority.

15. Riding and driving along front of camp is prohibited. All vehicles will be stopped, except mounted officers of post. The officers of the day and the officers of the guard are instructed to enforce this rule strictly.

16. The brigade commander will inspect the camp at 6 p. m. today.

17. The company commanders will appoint one private from each company for hospital duty.

Captain Cates, of Macon, is officer of the day for today.

First Company Enters Camp.

The Griffin Rifles, under command of Captain M. J. Daniel and Lieutenants W. H. Beck and J. C. Nutt, were the first company into camp. They struck Camp Northen at half after 9 this morning. Captain Daniel has forty-one men with him and his company makes a fine showing.

Private Richard Booth, of company G, Fourth infantry, was detailed this morning by Colonel Hopkins, of the Fourth, to act as his orderly. Private Booth is probably the youngest enlisted man in camp.

Colonel Wooten has named Chaplain Charles C. Wright, of the Fourth Georgia infantry, as the camp postmaster, and the mail for the camp will be distributed from his tent. Chaplain Wright will have as his assistant Private Jack Brooks, of the Griffin Rifles.

The regulars gave the Georgia soldiers a lesson in quick camp-making this morning. While the volunteers were from one to two hours in erecting their tents, the regulars put up theirs in about thirty minutes. This is company E, of the Sixteenth infantry. They are stationed at the extreme eastern end of the camp.

Private Ben Futral, of the Griffin Rifles, has the unique distinction of having been a private soldier for forty-two years. He is fifty-eight years old and enlisted in 1861. He is a splendid soldier and could have won a commission before this, but has a pride in his record as a private. He is erect and soldierly in appearance and is the pride of the Rifles.

The Barnesville company of the Second regiment and the Forsyth company will not be in camp this year. The men were unable to come because of business.

The second companies in camp were the two from Columbus—company C, Fourth infantry, in command of Captain Summerkamp, and company G, Fourth infantry, under Captain John Ilgess. They arrived at 9:30 a. m.

Colonel E. D. Huguenin, accompanied by three Macon companies and the Perry and Thomaston commands, reached camp at half-past 11 o'clock.

DUBLIN'S BIG CHAUTAUQUA.

Large Crowds Attending Sessions of Educational Congress.

Dublin, Ga., June 23.—(Special.)—Last night the chautauqua tent was packed to its utmost capacity to accommodate the crowd which heard the lecture of Mrs. Katharine Ertz-Bowden entitled "A Trip to Oberammergau." Four special trains were run to the city from Hawkinsville, Tennille, Vidalia and Wadley, bringing large crowds of people. The lecture was illustrated with stationary and moving pictures, giving the celebrated "Passion Play" in full.

Yesterday morning the chautauqua was opened with a lecture by Hon. Lou J. Beauchamp, of Hamilton, Ohio. Mr. Beauchamp is a humorist of the first water and those who heard him were delighted.

This morning Hon. Luther Manship, of Jackson, Miss., delivered one of his matchless lectures and tonight Mr. Beauchamp gave his lecture, "Take the Sunny Side."

Tomorrow morning Hon. B. R. Tillman, of South Carolina, will lecture. It is expected that he will have a very large crowd.

The Schiller male quartet, of Chicago, and the Crescent City military band and orchestra are furnishing the music for the chautauqua.

Colored Masons Meet Today.

Americus, Ga., June 23.—(Special.)—The grand commandery of Georgia colored Masons convenes in Americus tomorrow with 500 visitors attending. Americus is the home of the colored grand lodge and all annual sessions are now held here. At this session the Masonic orphans' home and industrial school recently completed at a cost of $20,000 will be formally dedicated and made ready for the admission of pupils.

Dr. G. R. Glenn Heard.

Canton, Ga., June 23.—(Special.)—At the combined teachers' institute this afternoon, Dr. G. R. Glenn, ex-state school commisioner, delivered a fine address on the "Altruistic Spirit of the Teacher," drawing largely from the life, work and spirit of George Peabody and Dr. J. L. M. Curry

Planing Mill Partly Burned.

Moultrie, Ga., June 23.—(Special.)—E. S. Nace's big planing mill here caught on fire last night at 11 o'clock and was about one-fourth destroyed. The origin of the fire is unknown. The dry kiln, the engine and boiler room and a large storage room were saved. The loss is estimated at $6,000 with [illegible]00 insurance in the following companies: Philadelphia Underwriters, German-American, Hannover and Greenwich. Mr Nace will rebuild.

MRS. REID DEAD AFTER SUCCESS

Only Monday She Passed Perfect Examination as Embalmer.

By E. C. Bruffey.

Macon, Ga., June 23.—(Special.)—Mrs. Mattie Wilburn Reid, widow of former Representative Alonzo Reid, of this city, died suddenly here tonight soon after she returned from a funeral.

She stood the best examination yesterday before the state board of embalmers of a class of eight. She was the only woman and she was the only applicant for license who made 100. She was delighted with her success and this afternoon she assisted in conducting a funeral and went home to her little children. While conversing with them in a cheerful and happy mood, she was seized with pain, and within two hours she was a corpse. She leaves four little children.

It is a peculiar coincident, for about two years ago her husband died suddenly, while visiting in Tennessee, and was brought home a corpse.

Mrs. Reid was reared in this community and was one of Macon's most popular young ladies. She was Miss Mattie Wilburn.

Sent to Penitentiary.

Macon, Ga., June 23.—(Special.)—Accompanied by United States Deputy Marshal Locke, young Peddicord, son of the postmaster at Fort Valley, left for Washington, D. C., this morning. Peddicord was found guilty of forging money orders at Fort Valley, where his father is postmaster, and goes to the national reformatory for a term of three years, imposed by Judge Speer.

Undertakers in Session.

Macon, Ga., June 23.—(Special.)—The Georgia Funeral Directors' Association convened in initial annual session this morning in the Elks' hall with undertakers present from all sections of the state.

President Wilson, of Augusta, called the body to order and opening prayer was made by Dr. Ainsworth, pastor of Mulberry Street Methodist church. This was followed by songs by Mrs. Schofield and Mr. Ogden. The address of welcome was by Mayor Bridges Smith and was greatly enjoyed.

The morning hours were given up to a discussion of matters pertaining to the work and business of undertakers, while the afternoon was devoted to papers and reports of committees.

The evening session was largely attended, the drawing card being Dr. Ortell, of Augusta, who delivered an interesting lecture on "Bacteria Before and After Death." The lecture was full of information, and showed a study and knowledge of the subject on the part of the lecturer, who held the undivided attention of his audience from start to finish.

After the lecture the visitors enjoyed the open air concert in the Mulberry street park, and a street car ride.

G. H. Brandon, of Atlanta, is down for a lecture tomorrow, while other features of the programme are attractive.

SELF MURDER EXTRAORDINARY

New York Man Commits Suicide in a Novel Way.

New York, June 23.—Archibald Morrison, a silk salesman, committed suicide today in a novel way from the Brooklyn bridge. He climbed the platform railings south of the Brooklyn tower, jumped on top of a train bound for Brooklyn, fell off the last car, struck the third rail, was flung across the track, fell through the ties and landed on Front street, more than 100 feet below, a mangled corpse.

It was cold, clammy and drizzly on the bridge and few were walking over. Morrison was not seen by any one before he landed on top of the car. A passenger on the rear platform of the last car of the train saw him jump and yelled. As Morrison jumped part of the car ran under a bar crossing the trestle work and he was hit by it. It swept him off the car, landing him on the third rail. He was probably dead before he fell to the street.

TO CELEBRATE THE FOURTH.

Committee Will Meet This Morning for the Purpose of Making Arrangements for Independence Day.

The Fourth of July will be celebrated in Atlanta this year. Arrangements for the celebration will be made during a meeting that is to be held in the office of Mayor Howell this morning at 10 o'clock.

Mayor Howell yesterday issued notices to the following gentlemen to assemble in his office this morning for that purpose:

Harry L. Schlesinger, W. R. Joyner, Edwin Johnson, John Paschall and Dan Carey.

WEARING CREPE, HE APPEARS.

Knapp, Accused of Killing Many Women, on Trial.

Hamilton, Ohio, June 23.—The trial of A. A. Knapp, for the murder of his wife opened today. Knapp dressed in black and looking very well groomed was brought into court by two deputy sheriffs. He wore crepe on account of his father's recent death. Many seats in the court room were vacant. The questioning of veniremen continued throughout the day.

[illegible] o'clock this afternoon the special venire was exhausted and a special venire of sixty more names was ordered. At the request of Attorney Darby, for the defense, court adjourned until Thursday morning and Knapp was returned to jail. So little success was encountered today in securing jurors that it is feared that a week or more will be consumed in this task.

MASONS CONFER DEGREE.

Master Mason's Degree Conferred at Meeting of Gate City Lodge.

The master Mason's degree was conferred on five candidates last night at a meeting of Gate City lodge.

The degree was conferred by the grand officers of the state, assisted by the officers of the lodge. About 500 Masons were present at the meeting. The conferring of degrees was followed by light refreshments.

PRISON DEPARTMENT SHOWS BIG SURPLUS

THE unique spectacle of a department of the state government paying into the general fund of the treasury a comparatively large sum of money placed at its disposal was presented yesterday when Judge Turner, chairman of the prison commission, paid a visit to State Treasurer Park.

Judge Turner handed Treasurer Park a check for $12,000. This represented a surplus which the prison commission had in hand and does not need. It is due to the gradual reduction of the expenses of the penitentiary incident to the perfection of the system which has been brought about by the commission. Since the commission assumed charge of prison affairs there has been a gradual perfection of the system with a view to reducing the expense to the minimum, and one result has been the accumulation of this $12,000 surplus during the past twelve months.

This sum brings the net return to the state from the convict lease system for the past year up to $100,000 in round numbers.

Regular Financial Statement.

The regular financial statement of the commission was filed with Governor Terrell yesterday. This sets forth receipts and expenditures from October 1, 1902, to May 31, 1903. It is especially interesting to note the results from the sale of farm products, which reached the total of $23,564.52. Since the passage of the last lease act there has been appropriated for the penitentiary but $50,000 with which to set the machinery in motion and to purchase the farm. That property has been splendidly developed by the work of the farm convicts until it is now worth at a conservative estimate $65,000 to $75,000. In the four years of the life of the present system the penitentiary has turned into the state treasury approximately $355,000.

The financial statement filed yesterday was as follows:

The prison commission of Georgia in account with the state of Georgia, Dr.:

To balance brought forward		$ 7,541 92
To executive warrants		77,450 00
To received from farm products		23,594 52

To Investigate Misdemeanor Camp.

The prison commission will at once institute a searching investigation into the conditions at the misdemeanor convict camp of William Roach, in Oglethorpe county. Mr. Roach leases misdemeanor convicts from Oglethorpe and surrounding counties. Very serious complaint has been made against this camp, it being charged that there has been excessive whipping and general cruel treatment. Under the law the commission has no supervision of these camps beyond the power to inspect them, and it is in these camps that abuses occur. Whenever complaint is filed against any one of these the commission sends its agent to the scene and endeavors to get at the real facts.

Savannah Franchise.

Comptroller General Wright yesterday assessed for franchise tax the Savannah Union Station Company and the Georgia and Alabama Terminal Company. Both of these corporations had made nominal franchise returns. The officers of these expressed a desire that the comptroller general make his assessment on the properties preliminary to arbitration. The franchise of the Savannah Union Station Company was assessed at $110,000 and the franchise of the Georgia and Alabama Terminal Company at $157,965.

POSTAL CHANGES IN GEORGIA.

Washington, June 23.—(Special.)—New postoffices have been established in Georgia at Albert, Lumpkin county, 3½ miles north of Murrayville, and Turniptown, Gilmer county, 5 miles east of Ellijay. The order of April 25 discontinuing the postoffice at Delray, Upson county, has been rescinded.

The following postoffices in Georgia have been discontinued: Smitum, Hall county, mail to be sent to Gainesville; Avondale, McDuffie county, mail to be sent to Harlem, and Warnerville, Meriwether county, mail to be sent to Carmel.

Star service with box delivery has been established in Georgia as follows: Machen, via Maxwell, to Woodfin, 8½ miles and back, six times a week, J. B. Cook, of Machen, contractor, at $274.75; [illegible] via Laetitia to Rover, 6½ miles and back, six times a week, J. E. Eppinger, of Laetitia, contractor, at $360; Kennedy to Beards Creek, 3 miles and back, three times a week, J. P. J. TO KEEP QUIET TAYLOR WAS PAID

When Money Stopped He Came Home and Was Killed.

Montgomery, Ala., June 23.—(Special.)—It develops today that the friends of C. E. Taylor, who was shot and killed last night by United States Deputy Marshal Byron Trammell, are going to vigorously prosecute the case.

A United States official here said tonight to The Constitution correspondent:

"Taylor testified before the referee in bankruptcy that he entered into business with a small capital and was assisted by others to establish a good credit.

"He, in pursuance of this plan, got credit to the amount of fifty or sixty thousand dollars, and when the financial crash came, when he was finally forced to the wall, he said he was advised by the real beneficiaries of his failure to hide out and not appear before the bankruptcy court, as in that case he would have to produce his books and tell the whole story.

"He, therefore, kept his books and accounts and fled to Texas, where he was promised all the financial aid he would need. In other words, he testified that he did, in pursuance of this plan, get money from time to time, and he produced letters which are now in the possession of the bankruptcy court here, from friends at Roanoke, addressed to him at his Texas home, advising him as to the status of affairs here, of the case in court, and peldging him aid should he remain in Texas.

"Checks were sent him payable through the Hanover bank of New York and other evidence corroborative of his sworn statements are in the hands of the referee in bankruptcy here. Finally, however, these remittances ceased and he demanded to know why.

"The letters in reply from the Roanoke parties are also in the hands of the referee. He then wrote the Roanoke parties that he was coming back to Alabama and make a clean breast of the matter. He did return, was placed under arrest and gave bond. Yesterday he went before the referee in bankruptcy and testified to the foregoing."

The court official further stated to The Constitution correspondent that Taylor went to Roanoke when he returned to Alabama and was given $500 to leave the state. This money he brought to Montgomery with him and turned it over to the court.

"I have never sworn to a lie and I do not propose to do so now," he said to this officer yesterday.

That money, after his death last night, was sent to his wife at Roanoke by the bankruptcy court.

It is rumored that an effort will be made to have the case of Trammell carried into the United States court.

RIO GRANDE SIX MILES WIDE.

Many Mexican Settlements Have Been Swept Away.

El Paso, Tex., June 23.—The Rio Grande river at Berrino, New Mexico, is 6 miles wide. Santa Fe trains are coming in over the Southern Pacific tracks. It is reported here that the channel has changed twice in a distance of 30 miles above El Paso. The current crosses the Santa Fe track twice in less than a mile of territory. All the Mexican settlements near Sierra Blanca, Tex., have been swept away. Berrino and other towns in New Mexico have not been heard from for several days.

GET AT THE RASCALS, ORDERS ROOSEVELT

President Has Determined on a General Cleaning Up of Postal Department.

ROOSEVELT IS WARNED BY REPUBLICAN LEADERS

Clarkson and Others Fear the Effect on the Party, but It Is Said the President Is Resolved To Uncover All Rascality. End Not in Sight.

Washington, June 23.—(Special.)—"Get at the facts; I'll be responsible for the consequences. The postoffice department has got to be cleaned up and cleaned at once."

This is the emphatic order that has gone forth from the white house to Postmaster General Payne, and that officer now seems to realize that the president will tolerate no half hearted investigation. So intense has become the situation as regards the postoffice scandals that no official of the administration, however high up he may be, feels competent to predict where the investigation will end or what more startling sensations it will bring forth. At the department the excitement among the employees is on the increase and pervades every branch. This is regarded as a bad sign and every postoffice inspector in the employment of the government is working over hours here and in other parts of the country. Now that the investigation has begun the president declares that the accounts of every postoffice in the country shall be gone through before this investigation stops. A large force of inspectors has been dispatched to New York and they already have facts in hand which indicate that New York will prove almost as fertile a field for scandal as is the department here. Indeed, it is believed that New York politicians of prominence will be seriously implicated in the scandals. And still the president says, "Keep it up."

General James Clarkson, who has a way of coming to Washington to advise the president whenever an ugly question such as negro appointments in the south or scandals in the government service is up, got a severe turn down at the white house Saturday. Hearing the rumble of thunder over in New York, General Clarkson came on to Washington to warn the administration of the sad political effects that would follow an upturning of affairs in the New York postoffice. He first saw the postmaster general and endeavored to discuss the question from the standpoint of political expediency. The postmaster general had already gone aground on the same argument and he advised the general in these words:

"You had better not talk that way at the white house. The president won't stand for it."

Clarkson and Platt Rebuffed.

Because he had the party's interests so keenly at heart, however, the general thought he could present the matter to the president in a light that would appeal to him. So he came to the white house armed with a lot of talk about the critical situation in New York politics. Before he had a chance to ask the president to let up a bit, he was informed that the postoffice investigation was not being conducted to boost the republicans, but in the interest of clean government. General Clarkson left the white house without further ado.

Senator "Tom" Platt, of New York, is another who has been made aware of the president's determination in the matter. The senator came over the other night to look over the ground. He had a talk with the postmaster general Friday night and told him that the stirring up of trouble in the New York postoffice was certain to cause the party lots of trouble. Mr. Payne and Senator Platt are old friends in the business of politics and he gave the New York senator a bit of advice which had its effect next day when the president and the senator lunched together. After the luncheon it was announced that "postoffice matters were not discussed." This proved disappointing news to the New York postoffice officials, especially Postmaster Van Cott, whose son is said to be badly implicated in the scandals there. There is no doubt felt here that "Tom" Platt's mission to Washington was for the sole purpose of doing what he could to call off the postoffice inspectors that are now swarming on the trail of certain persons in the New York office. Only Postmaster General Payne's timely word of advice saved the senator from an interesting scene with the president.

Postmaster General Payne's position is one of increasing embarrassment. Indeed, his closest friends admit that the situation looks bad for him. When the Tulloch charges were first made Mr. Payne gave an interview to a dozen newspaper men at the postoffice department, in which he declared the Tulloch charges were so much "hot air" and had no more weight than a "stump speech." The forthcoming report of Fourth Assistant Postmaster General Bristow, who is in charge of the investigation, is said to sustain practically every one of the Tulloch charges. The postmaster general informed the president of this fact yesterday afternoon at a conference. The president, while regretting to place Mr. Payne in an awkward position, feels that the Bristow report should be made public, and he has so ordered. Mr. Payne will, therefore, have to indorse a report confirming the charges which he only a short while ago declared to be "hot air."

Will Mr. Payne resign? Will he not find that he can be of more assistance to the president as western manager of the presidential campaign than as a cabinet officer? These questions are being asked by officials of the administration and they are not getting very quick or definite answers.

Payne Has Bungled.

There is no getting around the fact that Mr. Payne has bungled the investigation from the beginning. When the president returned from the west he found things going in a very unsatisfactory way despite the emphatic orders he had telegraphed from various points in his tour that the investigation was to be pushed with vigor, and the fact that the entire postal service is undergoing a thorough inspection is the result of the personal concern the president has shown since his return. Mr. Payne started out by making light of the charges that there was any scandal in the department. Although startling revelations had been made while the first assistant postmaster general, Mr. Wynne, was acting in Mr. Payne's absence in the West Indies last winter, Mr. Payne upon his return declared that the newspaper had kicked up too much of a racket and he proposed that the investigation should continue quietly. He persistently laughed at the charges that his department was in a rotten state of corruption. He argued with the newspaper men in a levitous vein that they were making a mountain out of a mole hill and that there was no fire despite the smoke Mr. Wynne had stirred up.

But when Mr. Bristow, whose faculty for hounding down scandals and scoundrels was manifested in the Cuban postal frauds, took up the investigation he straightway made trouble for the postmaster general. Henry Cabot Lodge, senator from Massachusetts and all round policeman for the white house, was another disturbing factor. He asked the postmaster general months ago to remove Machen and put in a Massachusetts man. The postmaster general did not see it that way. And Lodge, who is ever on the hunt for political plums, determined to make it hot for Payne. He found a willing "pal" in the first assistant. Mr. Wynne was a bit miffed that the postmaster general should have thrown cold water on the investigation and taken it completely out of his hands. He thought it curious treatment that the postmaster general should not approve his conduct in pushing the investigation. The result has been a combine between Lodge and Wynne to make trouble for Payne. Some think Wynne is going too far for his own safety in permitting his newspaper friends to print the attacks on Payne which the public always infers have been inspired by Wynne. But that official realizes he has a powerful friend in Lodge and the attacks on Payne continue.

Payne and Wynne at Outs.

It is the belief here that a crisis will soon be reached in the relations of the postmaster general and his first assistant. So strained has their acquaintance become that they barely speak to each other and transact just as little official business together as public business will permit. If Payne wants to stay in the cabinet he can do so, it is thought, because of his political value to the president. But if things get too hot for the postmaster general and he gets out, the chances are the president will retain Mr. Wynne, whose energy in setting the present investigation on foot he has applauded.

PAINT AND PAPER YIELDED "CRAFT"

Two More Charges Against Officials of Postal Department

It Is Alleged That There Is Something Wrong About Contracts for Aluminum Paint and Carbon Paper—Statement by Perry Heath.

Washington, June 23.—Having returned indictments against the parties concerned in the transactions of the Groff Bros., involving street letter box fasteners, the grand jury has begun the investigation of other contracts with the free delivery service. It is said that the postoffice department, through its inspectors who have been working on the case for some time, has made some discoveries which made it imperative that the grand jury take the matter up. The contracts referred to pertain to the use of aluminum paint on street letter boxes throughout the country.

At the cabinet meeting today some consideration was given to affairs in the postoffice department, but it is understood that no definite action was taken. The investigation, it was stated again today, would be pressed until no trace of suspicion attached to the department.

While absolute confirmation of the statement is withheld, it is reasonably certain that Holmes Conrad, former solicitor general of the department of justice, and Charles Bonaparte have been selected by the department of justice to assist the district attorney in the prosecution of the postoffice cases.

Madden Makes Denial.

Detroit, June 23.—Third Assistant Postmaster General Edwin C. Madden, who is visiting in this city, today sent a letter to Postmaster General Payne denying that he let a contract for carbon paper for the registry division of the postoffice without permitting competition, and asking the postmaster general to immediately investigate the story and its source. The letter says:

"This morning's Free Press, of this city, tells its readers in an article with scare headlines that Third Assistant Postmaster General Madden is to be investigated. It is alleged that I drew specifications of contract for supplying the department with carbon paper, and that they were so framed as to allow no competition.

"The whole statement, insofar as it attempts to involve me, is absolutely false. I had nothing to do with the details of the contract; I drew no specifications; I did not initial; I did not sign, in fact, I never saw the contract, if there is one My sole interest and connection with the subject is limited to an expression of approval of the particular carbon paper in question, because it is labor saving

"The contract, is there is one, was both drawn and let by the office of first assistant postmaster general, and with it I had absolutely nothing to do, as before stated."

Perry Heath in a Temper.

Cincinnati, June 23.—Perry S. Heath, formerly assistant postmaster general, telegraphs The Times-Star from Salt Lake City as follows:

"There have recently been many brutal, malicious, vicious and wholly untrue statements published against me, but none of them have been quite so low and so entirely false as the one I had transferred my property at Muncie to my brother or any one. I have neither made nor contemplated any transfer of my property to any one. Some years ago I transferred a small block of stock in The Cincinnati Commercial-Tribune to my nephew, and I presume that is the transaction that is now made the subject of another attack on me by the yellow newspapers. PERRY S. HEATH."

GRAFTING DONE IN SEED BUREAU?

Alleged That Official Was Interested in Contract Secured by Nellis.

Washington, June 23.—Preliminary steps are being taken for the hearing by the court of claims of the suit brought against the government by the legal representatives of Arthur C. Nellis, of New York, for payment of $18,000, claimed to be due him for furnishing seeds to the department of agriculture during a recent fiscal year. Nellis was the contractor for furnishing the seeds for which congress appropriated $108,874, but the sum of $18,000 was withheld by the department because of the alleged failure of the contractor to carry out the terms of his contract to the satisfaction of the officials.

The officials were not satisfied that all seeds contracted for were received by the department and after an inquiry, conducted by Beverly T. Galloway, the department decided to withhold the final payment. Nellis attempted to have the paper bags in which the seeds were inclosed made in Washington by a machine in which an official of the agricultural department is said to have invested some money, but the scheme proved a failure and he was compelled to go to New York and have the work done there, this necessarily causing some delay in the distribution of the seeds.

MAY NOT GIVE TO SUFFERERS

Governor Bailey, of Kansas, Opposes the Movement.

Topeka, Kans., June 23.—Governor Bailey said tonight that his message to the legislature would not exceed 1,200 words. He declined to give an intimation about its contents. The special session will convene tomorrow.

The governor is using his influence against the plan to appropriate half a million dollars or any sum to give to the flood sufferers. He says an appropriation is not necessary, and it is his opinion that an appropriation would result in harm rather than good.

Prorated among the sufferers, the money appropriated would not go far, a few dollars to each family. No family would receive as much as it ought to have to relieve its distrtss, and all would be dissatisfied. That is the governor's notion of the matter. He would have the legislature pass the necessary acts to enable counties and cities to rebuild bridges to relieve their people who are in distress, and to strengthen banks of rivers and creeks and then adjourn.

Senator F. D. Smith had prepared a bill legalizing the loan of state money to flood sufferers to be paid back in four years, without interest.

NEGRO'S CHARRED BONES TAKEN BY RELIC HUNTERS

Continued from First Page.

Detective Francis. The prisoner's name was not divulged by the police, but it is said he is charged with having been a party to the lynching. The police officials have little to say regarding the affair. It is said that state and city detectives were in the crowd last night and recognized some of those who participated in the burning. Other arrests, it is believed, will follow.

Mrs. Bishop, mother of the murdered girl, is in a state of extreme nervousness. White was put to death within a few hundred yards of the Bishop home and the glare of the fire and howls of the mob could be plainly seen and heard at the house.

The arrangements for the horrible execution of White were complete. Bundles of straw were secured from a near by barn and upon these were piled dry underbrush. Fence rails were split and added to the pyre, which was thoroughly soaked with kerosene. The negro was then bound from shoulder to foot with a heavy rope and thrown upon the blazing pile. Before the torch was applied White confessed his guilt and prayed fervently for mercy.

The name of the man taken into custody is said to be Arthur Corwell and it is said that he came from Baltimore. He is held on the charge of murder.

Father of Girl Talks.

Colonel James McComb, a wealthy retired capitalist of Claymont, near here, called on the police authorities today and told them he would go bail for all persons arrested in connection with the lynching. When he heard of tonight's arrest he again called at the police station and offered to go bail for the prisoner, but this the authorities would not allow.

Attorney General Ward said tonight that he expected more arrests, that there were twelve leaders in the mob and that they would be arrested as soon as the police could locate them.

The Rev. Dr. T. A. Bishop, father of the murdered girl, in an interview tonight deplored the mob law which had terminated the life of his daughter's assailant. He said, however, that it was the impression of the citizens that had a speedy trial been promised the tragedy could have been averted. Mr. Bishop stated that his wife was in delicate health, but since hearing of the lynching and knowing of White's confession, she seemed much improved. He had been aware for several days, he said, of the purpose of the citizens and had so notified the police of Wilmington and Warden Mezerve, of the New Castle county jail.

Mr. Bishop sat up with his sick wife last night and when the mob arrived with the victim shouts could be heard at the house, the bed room windows of which command a view of the spot where the negro was executed. Mrs. Bishop, hearing the shouts and the pistol shots, became extremely nervous and asked if the prisoner was in the hands of the mob. In order to quiet her Mr. Bishop replied that the crowd was only celebrating. No member of his family was present at the lynching.

No Prosecution Likely.

The natural and interesting question today is whether the authorities will take action looking toward the arrest and punishment of those who were prominent in the lynching of George White early this morning. That many of them are known cannot be doubted, for they were seen by the thousands who witnessed the affair.

It is also known that the arrangements for the lynching were talked of in advance, and that men were invited to participate and given notice of when and where to assemble. It was this fact that gave publicity to the lynching for the news that it was to occur last night was circulated about Wilmington yesterday with the result that thousands who went out last night did so with the knowledge that the affair would come off acording to arrangements.

It is a fact that public sentiment so generally approves the lynching that it would be hard to secure the conviction of a lyncher, even if arrests are made, which seems doubtful.

During the day thousands of persons went to the scene of the lynching, many of them intent upon securing ghastly relics. In this, however, they met with little success, as the burning had been so effectual as to destroy almost every vestige of the victim's body. The only remains were pieces of his bones.

In order to reach the scene many of these people walked the 3 miles from Wilmington in a drizzling rain, and those who rode on the trolley cars had to walk a mile before they reached the spot. But nothing could abate their ardor, and all day there was a constant stream of people traveling about the road.

Why Speedy Trial Was Refused.

Judge Grubb, of the county court, today made a public statement in which he deplored the lynching of White, and its consequent reflection upon the good name of Delaware. Judge Grubb also explained the action of the court in refusing to call a special session of the grand jury for the indictment of Miss Bishop's murderer. He says the trial would have been impossible, and the court would have been compelled to grant the motion of the prisoner's counsel for a change of venue. Once the prisoner was moved to the insecure jail of Kent county, or Sussex county he might have escaped.

At the county workhouse today everything was quiet. Warden Meserve, with his guards, was on duty and had hundreds of callers, to whom they refusel admittance. The large double doors at the main entrance have been carried away entirely and not a vestige remains.

Nearly all the clergymen in the city held a meeting today and passed resolutions, saying:

"We put on record our sense of sorrow, indignation and shame at the lawlessness and anarchistic demonstration that has brought reproach upon our commonwealth," and insisting upon the sanctity of the law and the necessity for confining in the integrity of courts of justice.

Confession of the Negro.

White's confession, made just before the torch was applied to the pile of oil soaked bushes around him, was an admission of everything and more than had been charged against him. He is stated to have said:

"I was sent by Mr. Woodward to the corn field to try some corn. I saw Mr. Woodward's daughter and intended to assault her, but a couple of men came along and I did not disturb her. Then I saw the Bishop girl and I followed her. I seized her and asked her if she had any money she would give me to let her go. She gave me 80 cents. Then I again seized her, and she cried:

"'Please don't hurt me?'"

"I choked her and accomplished my purpose. Then I asked her if she going to tell on me. She said she was. I gave her a hack in the throat with my knife and asked again if she was going to inform on me. She said she was, and then I cut her throat twice again and left her. After that I went back to Mr. Woodward and told him there was no good water to drink down there and he sent me somewhere else. I went back once, but soon left. Then I went back to the house and put on a white hat instead of the cap that I wore. You would not do this if I was a white man and did that."

The negro's confession rendered the already incensed crowd even more desperate, and some wanted to tear him limb from limb bfore they reached the scene of his execution. The negro begged piteously not to be burned, but no mercy was shown the culprit, and although his sufferings were terrible, White remained conscious and rational to the last.

When he found that his case was hopeless the negro confessed to having committed the deed and did not spare himself in telling of. He again confessed as he was standing near a hedge a few feet from where the outrage was committed. He prayed fervently to God to forgive his sins and seemed anxious to do as much talking as possible in the few minutes he had to live.

All Eager To See Burning.

While White was praying and confessing and the crowd was struggling to form a circle three or four men began splitting rails with which to burn the wretch. It took so long to get the fuel ready that the crowd impatiently cried to the leaders to proceed with the execution. The mob numbered from 5,000 to 6,000 persons, who surged back and forth crowding and pushing to gain or hold a good position from which to see the burning.

When everything was ready a man rode on a horse to a nearby farm house and in a short time reappeared with two bundles of straw. The straw was piled around the stake and White was brought bareheaded into the circle. His nerve seemed good and he held his head up while he addressed the crowd. A strong rope was then brought and the negro was watpped in its coils from shoulders to feet. His lips were moving while this was going on and he seemed to be trying to finish his statement. The crowd was in a hurry to get through with its work and called out for the executioners to hasten. After the rope had been adjusted the negro was fastened to the stake and the torch was applied to the straw.

How Negro Was Consumed.

The flames leaped up and licked the man's bare hands. He was held there by one of the lynchers until his clothing was burning, when he was pushed into the bed of fire. He rolled about in it and his contortions were terrible, but he made no outcry. Suddenly the ropes on his legs parted and he sprang from the fire and started to run. A man struck him in the head with a piece of fence rail and knocked him down. Willing hands threw him again into the flames. He rolled out several times, but was promptly returned. While this was going on shouts, cheers and jibes went up from the crowd.

When the negro had ceased to show signs of life the body was placed on its back and fuel was piled upon it and a roaring fire was soon consuming it. It was about 2 o'clock when the crowd began to disperse. At noon today Deputy Coroner Killmer went to the scene of the lynching for the purpose of securing the remains of the negro in order to go through the legal form of holding an inquest, but there was little possibility of his finding anything substantial, as the relic hunters had made off with the pieces of bones that remained.

Governor Hunn Distressed.

Dover, Del., June 23.—Governor Hunn appeared greatly distressed today over the lyncing of the negro White. When pressed for a statement he said:

"There is nothing to say now. The people have become calm and reflect upon what has been done in a great frenzy of excitement."

It is probable he will confer with the attorney general to see what course to take.

It was learned today that the governor received a telegram at 11:30 o'clock last night from J. Newlin Gawthrop, president of the trustees of the New Castle county workhouse, and David J. Reinhardt, solicitor of the city of Wilmington. It read as follows:

"Call militia out at once to protect workhouse property. Already entered by mob of 2,000."

It was then too late for the governor to take such action, as the troops could not have reached the scene in time to prevent the lynching.

TILLMAN CASE BEING ARGUED

Many Affidavits Have Been Presented on Both Sides.

Court Declined To Admit Editorial Attacks Upon the Defendant While He Was Lieutenant Governor as Evidence in the Trial.

Columbia, S. C., June 23.—The second day of the hearing for a change of venue in the case of James H. Tillman, indicted for murder, ended with the argument only fairly begun.

This morning the prosecution presented additional affidavits alleging that a fair trial can be had in this county, these affidavits being similar to those presented yesterday. The affidavits for the prosecution number four hundred or more. Then the defense introduced a number in reply, the whole number of affidavits on both sides being about seven hundred and fifty. The defendant's attorney read numerous articles printed in The State relating to the killing of that paper's editor, these being for the most part messages of sympathy and appreciative tributes to N. G. Gonzales. Prayers offered for Mr. Gonzales' recovery by the Columbia ministers the Sunday before he died were also read as evidence that the preachers as well as the press had endeavored to stir up feeling against the defendant.

The defense desired to introduce some of Mr. Gonzales' editorials, denouncing Lieutenant Tillman last year, but Judge Townsend ruled that these were not competent and they were excluded.

The argument was begun at 5 o'clock this afternoon by Colonel George Johnstone for the defense. Colonel Johnstone is one of the most eluquent and resourceful lawyers of the state, and he spoke for over an hour, criticizing and commenting on certain of the prosecution's affidavits.

Court adjourned at the conclusion of his speech to meet at 9 o'clock tomorrow morning, when Andrew Crawford will open for the prosecution.

There will be five hours' of argument tomorrow and a decision may be given in the afternoon.

The defendant was in court throughout the proceedings, and participated in the several consultations of his attorneys. Neither his wife nor mother were present today.

FAIR WEATHER TO CONTINUE

Temperature Remains Almost Stationary for Two Days.

Skies will smile and cool breezes blow as far ahead as the weather man can see.

The forecast issued by Observer Marbury is terse, but to the point, being: "Fair tonight and Wednesday; no decided change in temperature." This means that Atlanta is to expect unbroken weather, with moderate summer heat for at least a couple of days to come, and there are no indications of what is to follow.

Yesterday there was a high barometer centered close to Kansas City, with storms and a low barometer over Montana and Wyoming. Another small storm was centered in the vicinity of Buffalo, N. Y., and a high barometer and placid weather lingering around the state of Maine.

Forecaster Marbury stated that if the "low," central over Wyoming and Montana, moved at all before it was dissipated it would doubtless travel toward the lakes and not affect this section, while if the "high" over Missouri got into motion its route would probably be in an easterly direction, causing the winds to shift from the northwest to the northeast.

The temperature has been almost stationary for two days. Tuesday the minimum point to which the mercury in the official thermometer sank was 70.4 degrees, while yesterday when the observation was taken at 8 o'clock in the morning the thermometer registered 69 degrees. The maximum temperatures for yesterday and the day before were just the same—81 degrees.

"A great many people," said Mr. Marbury yesterday, "myself included, thought that the temperature had taken quite a drop some time between Monday and Tuesday, but as a matter of fact there was scarcely any difference. However, the wind was from a different source and that made it seem very much cooler.

"Monday the wind was blowing out of the south and was laden with moisture gathered as the currents of air swept across the gulf of Mexico, but during Monday night the wind shifted, owing to the effect of the 'high' over Missouri and blew out of the northwest.

"The wind that came out of the northwest was dry and as it were soaked up the perspiration from sweltering Atlantans, making them feel a great deal cooler and giving rise to the belief that the temperature had fallen considerably during the night. In fact, I myself, was of this opinion until I reached the office and saw what the temperature was and what it had been."

SHORT ITEMS OF INTEREST

THE REGULAR MONTHLY MEETING OF the King's Daughters and Sons occurs this afternoon at 3 o'clock in room 720 Austell building.

MRS. EVA F. WALKER, 70 YEARS OF age, died yesterday morning at her residence, 292 Lawton street, West End. Funeral services will be conducted tomorrow morning at 9 o'clock at the Church of the Immaculate Conception. The interment will be in Westview cemetery.

CAPTAIN LYMAN HALL, PRESIDENT OF the Georgia School of Technology, accompanied by Professor Edwards, left last night for Cumberland island, where they are to deliver a stereopticon lecture tonight before the Georgia Educational Association.

FUNERAL SERVICES OVER THE BODY of Lucile Eubanks, the 5-year-old daughter of Mr. and Mrs. R. M. Eubanks, were conducted yesterday morning at 10 o'clock at the residence, 500 Central avenue, by Dr. H. S. Bradley. The interment was in Westview cemetery.

S. J. TERRELL WAS FINED $3.75 BY the recorder yesterday afternoon for cursing a pawnbroker in the office of the Capital City pawn shop, on Decatur street. He showed the recorder a cheap watch which he said had been given him for a pawn ticket calling for a fine watch. A man, he stated, sold him the pawn ticket and he sent a negro to pay the costs—$6.50. The man who sold the ticket was in the shop and juggled with the clerk. Then the negro, Terrell claimed, was given the cheap watch. This made him mad and he told the pawn clerk what he thought of him.

A HORSE ATTACHED TO THE BUGGY of Dr. Charles A. Moran ran away on Peachtree yesterday morning, while the doctor's two daughters, Misses Bessie and Dorothy, were taking a drive. The buggy was dashed against a wagon loaded with lumber, where it was wrecked and overturned. The young ladies were not seriously injured, but Jim Sexton, a negro youth who was driving the horse, was thrown out and so badly hurt that he had to be taken to the hospital. The collision was so great that the horse was almost instantly killed.

TWO NEGROES, GEORGE DAVIS AND Charlie Fox, got into a row on Beerman, near Peters street, last night about 7:30 o'clock, and Fox drew a pistol and fired four shorts at Davis. Two of the shots hit the mark and Davis fell with a bullet hole in his side and another in his mouth. He is dangerously and perhaps fatally wounded. Fox escaped.

RUBY CHISOLM, A GIRL 11 YEARS OF age, was taken from her mother, Mary Chisolm, yesterday afternoon by the police. It was claimed that the mother was not a proper person to have the girl. By order of the chief of police, the girl was turned over to her grandmother and this was satisfactory to both the mother and the child.

JOHN DANIEL, COLORED, WAS EJECTed from a "swell" negro restaurant on South Broad street, called the "New York," because he did not have on a shirt collar. He got mad and the proprietor had him arrested. This made him still madder and he abused and threatened the officers. Recorder Broyles held that the ejectment because of no collar was wrong. He fined Daniel $10 for abusing the police and vindicated him on the no collar proposition.

LUIGA CASATA IS CONVICTED.

Is First of Those Accused of the Naturalization Frauds in New York.

New York, June 23.—Luigi Casata was convicted today in the recently discovered naturalization frauds. His conviction is the first among the many persons arrested. Francisco Pallato, another of the indicted, subsequently pleaded guilty.

The allegation is now made that naturalization papers properly signed and sealed, but with no names written in of the persons to whom they were issued, had been used by the fraudulent citizenship syndicate. One of the Italians under indictment, Roberto Bunnaro, is said to have offered, if granted immunity, to reveal the source from which these certificates were obtained.

Members of the United States district attorney's staff declined to discuss the report.

Negro Bandits Bound Over.

Chattanooga, Tenn., June 23.—(Special.)—Four negroes were bound over to the circuit court today on the charge of holding up a car of the Chattanooga Electric Railway Company on East Ninth street one week ago. One negro took a large amount of money away from the conductor, while the others engaged in a fight with the motorman. They are also held for felonious assault.

BULLS TOSS UP COTTON PRICE

Exciting Scenes Occur on the Exchanges.

The Bull Movement Appears To Have Centered at New Orleans, Where Traders Were Clamoring for July Cotton Around Fourteen Cents.

New York, June 23.—One of the most exciting and spectacular upturns of the season in the cotton market occurred right after midday.

The weekly crop report from Washington had just been read and received bearish interpretation resulting in moderate declines. But almost immediately buying orders were received here from New Orleans and July was rushed up to 12.75, August to 12.29 and September to 11.39, all of these prices being new high records for the season.

The new crop positions responded only partially to the strength in the months said to be controlled by the bull pool.

Tremendous as was the excitement locally it was even surpassed in New Orleans, where traders were reported clamoring for July cotton around 14 cents and August at 13.75, with but very little offerings even at those prices and it took but very slight show of strength on the part of bull leaders here to utterly demoralize the bears.

All through the afternoon there was a wild rush to cover, under which July reached 12.90; August 12.56 and September 11.43. In the last few minutes there was a little realizing by room longs, which eased the situation slightly, but the final tone was firm with July at 12.84, August at 12.49 and September at 11.38. The general list closed 8 to 59 points net higher. The total sales were estimated at 600,000 bales.

THEATERS.

The bill at the Casino was repeated last night.

The management of the theater has the following to say of the performance:

"Well, the Casino was just as full of people last night as it was on Monday night, and the people seemed to be just as well pleased as they were on Monday night, and it may be interesting to know that there were two different audiences, for the people last night were not the people who saw the show on Monday night. Perhaps there were a number, however, who did see the opening performance, and came back because they liked it. At any rate, the people who were in last night laughed, applauded and became interested, and that was the effort felt for by the people on the stage. Up in Richmond, and in Norfolk, too, that is out at Ocean View, the people liked the performance of this unique novelty farce comedy. One thing is positive—ten entertainers as well known in the east as these ten people are will make an audience satisfied most anywhere, and if the show is not exactly suiting the fancy of some people, there seem to be enough of the other side to make the Casino look full.

"The show will go on at the matinee and night performance today and all the rest of the week, and it will grow on the people in good shape.

"For next week the Pan-American minstrels will be the bill, and it promises to fill the wants of the people for good comedy and novelty."

At Piedmont Park.

Even the big three ring modern circus is "not in it" for sensations when compared with Pain's Pompeiian spectacle now being presented in this city. One sensation follows so quickly on the heels of another in this stirring open air exhibition, which depicts in a startling manner the awful catastrophe of ancient times, when by volcano and earthquake the proud city of Pompeii went down in ruins and total destruction. This scene is a triumph of the pyrotechnic art, and so thrillingly realistic is its execution that the spectator finds it difficult to realize for the time being that he is not gazing upon a terrible reality instead of a mimic representation of an ancient catastrophe.

As the scenes of festivity near an end, low but distinct and awe-inspiring rumblings are heard, and a stream of black smoke appears from the apex of treacherous Vesuvius that looms high above the scenic city in the background. Massive triumphal arches, temples and palaces topple and fall with a crash, and where but a few moments before all was life and gayety is now a smoldering mass of chaos and ruins. The ingenuity of the skilled pyrotechnist aand electrician is combined in this startling scene, and the result is certainly "vividly realistic" enough to more than satisfy the most enthusiastic lover of the sensational. In this season's production Mr. Pain introduces many features and innovations never seen before. Tonight is Elks' night and among other special features will be a big fire picture of Exalted Ruler Walsh.

Will Tunnel Lookout.

Chattanooga, Tenn., June 23.—(Special.) The announcement is made by one of the chief officials of the Southern Railway Company at Washington that the company will certainly tunnel Lookout mountain so as to give an outlet from this city for the Memphis division and the Alabama Great Southern. The company is now operating over the tracks of the Nashville, Chattanooga and St. Louis to Stevenson, but the traffic crowds the one line very badly. It is stated that the route has been selected and that the tunnel will be constructed within two years, work to begin as soon as the double tracking of the main line is well under way.

Hot Fight for Depositories.

Montgomery, Ala., June 23.—(Special.)—The state uniform text-book commission met today and instructed the successful book publishers whose works have been adopted by the commission that they could select the state depositories for the distribution of their books. There is a hot fight for these depositories going on. Many supplementary books are yet to be selected.

Advices from south China tell of the execution of a mandarin at Linchow, for high treason, he having supplied arms and ammunition to the Kwang Si rebels, whom he was sent to subdue. He was in charge of one of three columns sent against the rebels and was reported to be making successful headway but the rebels only simulated defeat, and when he pursued them into their camps he laid down the arms and ammunition.

MEMORIAL FUND GROWS STEADILY

The Canvassing Committees Make Report of Subscriptions.

A called meeting of the canvassing committee for the Wesley memorial building fund was held last night at the Wesleyan tabernacle on Edgewood avenue and plans were outlined for an active campaign for funds. The different committees were assigned certain duties and they will probably begin work at once.

Much interest is being manifested in the movement and subscriptions are being received at a lively rate. Joseph T. Orme, of the Lowry national bank, is treasurer of the fund.

PROSECUTORS ARE ARRAIGNED

Continued from First Page.

but right or wrong, the law is on the books and must be enforced. If his ideas of observing the Sabbath were enforced as law the Christian Sabbath in Atlanta would be abolished. If a flying-jenny is a necessity, so are stores and saloons, for people must eat and a great many must have their liquor. He speaks about the age of progress. Why, the whole structure of our government rests on this same Sabbath that he would brush away in a moment with an astute argument. France tried to abolish the Sabbath once and there was anarchy and the guillotine. Our Sabbath stands for all that is moral, upright and good. The idea of saying that a flying-jenny and a cave of wind is a necessity in this city on Sunday! It is absurd."

"Is putting on your clothes a necessity?" asked Mr. Arnold.

"Yes, it is," was the reply.

"You could stay in bed," said Mr. Arnold.

"No, I couldn't," retorted Mr. Mayson.

"Well, I could," came from Mr. Arnold. (Laughter.)

"That would be a matter of choice with you and not a necessity," said Mr. Mayson.

Felder on Sensational Preachers.

T. B. Felder concluded the argument for the defense. Most of his remarks were directed at the preachers who had been active in the prosecution of the case. After speaking along the line of a place like Ponce de Leon being as much a necessity for people on Sunday as meat, he said:

"There are plenty of preachers who run along with the yellow-back style of journalism. They hatch up sensations in order to draw a crowd. I, for one, am tired of some gentlemen of the cloth meddling with temporal affairs. If a few society ladies wish to pass a pleasant Sunday afternoon by playing an innocent game of euchre they must be denounced by a pulpit sensationalist and compared to a lot of negroes shooting craps."

The audience applauded and the recorder rapped for order. When quiet had been restored Mr. Felder continued, saying:

"A minister of the gospel in this city who is attending to everybody else's business except his own has assailed the School of Technology with untruths and this was done just on the eve of the meeting of the legislature, from which an appropriation must come for this great school,"

Mr. Felder turned and faced Dr. Broughton as he uttered the words. Again there was applause, which the recorder quickly stopped.

"There is too much sensationalism creeping into the methods of some of our modern clergy," said Mr. Felder. "Those preachers who said they intended to see that this case was prosecuted to the end are present. They would be in a better business if they were somewhere else trying to save souls. I do not see such men as Bishop Nelson, Bishop Candler, Dr. Byrd and Dr. Landrum here. No, they are in their pulpits doing the good work of the Lord."

Turning to where the ministers were sitting, Mr. Felder said:

"Your presence adds nothing to this prosecution. The judge will act just as well if you had stayed at home. This same element of the clergy always appears at council meetings when any matter comes up which they imagine might affect the moral tone of the city. Stay in your pulpits and you will do more, gentlemen, for the cause of Christianity than you can ever do by trying to interfere with secular affairs and court trials. You will go too far with this blue-stocking religion and a reaction will come and the people will do far worse than you think they are doing now. One of Dr. Broughton's sensational sermons is as good an advertisement as Mr. Rossman would have. The preachers once assailed a book called 'Sapho,' and in a little while the book was sold by the thousands all over the country. You can't legislate morals into the people."

Recorder Broyles' Opinion.

Recorder Broyles in disposing of the case said:

"The evidence in this case, I think, shows that Mr. Rossman may be technically guilty of violating the state law, but no city ordinance has been violated and no fine will be imposed. It looks as if there has been a violation of the state law, which is very strict about the observance of the Sabbath. To my mind the amusements at Ponce de Leon are of an innocent nature and may do some good, but they might be an opening wedge and this is, perhaps, why the preachers have acted in the matter. I will bind Mr. Rossman over to the superior court in a bond of $100."

After the trial, Chief Ball was asked if there would be any interference with the Sunday shows at Ponce de Leon pending the case in the superior court, and he said there would not, unless other features of a more objectionable nature were introduced by Mr. Rossman.

A MILLION A MONTH

Is the Record of New Business Written in Georgia During March, April and May by

THE PENN MUTUAL LIFE INSURANCE COMPANY

OF PHILADELPHIA, PA.

As the total volume of new business produced in Georgia averages less than $3,000,000.00 per month, it follows that the PENN MUTUAL is now writing one-third of all new business written in the State. This result indicates a degree of excellence, both in the Company's standing and its policy contracts, not found elsewhere, and proves that the Georgia Management loses no opportunity to advance the interests of its agents.

The PENN MUTUAL is the only leading Company in the world that does not carry on its books a single contested death claim.

All policy contracts written by the PENN MUTUAL are, from date of issue, without restrictions as to residence, travel or occupation, and absolutely incontestable, for any cause, after one year.

Its dividend record for fifty-six years is unsurpassed. All profits belong to the policy-holders and may be used annually to reduce premiums or allowed to accumulate for any selected period, at the option of the insured.

All, except term policies, contain tabulated Automatic Extension Values, Paid Up Policy Values, Cash Surrender Values and Loan Values (5 per cent) unequaled elsewhere.

If you need insurance you will profit both yourself and us by granting an interview to one of our agents. You will not be annoyed by importunity.

Liberal contracts and excellent territory, both in Georgia and South Carolina open to men of good character and ability. No previous insurance training necessary. For full information address

GERMANS HAIL OUR WAR SHIPS

American Squadron Is Enthusiastically Received at Kiel.

United States Ships Anchor While the German Bands Play "America," and the Crowds Along the Water Front Cheer.

Kiel, June 23.—The United States European squadron, Admiral Cotton in command, reached anchorage opposite the Yacht Club house today. The German fleet, commanded by Admiral Prince Henry of Prussia, consisting of eight battle ships and six cruisers, saluted the American vessels, and the band of the German flagship played "America." Some hundreds of the town's people gathered on the piers and slips of the narrow bay and gave detached, irregular cheers as the squadron arrived.

Prince Henry and his navigating officers and the captain of the port went down the bay early in the morning to meet the Americans. They met the latter at Orianteau as the squadron was firing its first salute off the fort of Friedrichsport.

The flagship Kearsarge swung into her mooring next to the Hohenzollern, followed by the San Francisco, Chicago and Machias, all the German ships being dressed in the visitors' honor and flying the Stars and Stripes.

The commanders of the American ships then called on Prince Henry, who immediately returned their calls. The Stars and Stripes were also raised over the Yacht Club house and hotels in the vicinity. Rear Admiral Cotton and Captain Joseph N. Hemphill, commander of the Kearsarge, and all the other American commanders, also called on the eight German admirals and vice admirals stationed in this, the greatest stronghold of German sea power, and afterwards received their return cals. Most of the afternoon was spent in calling and receiving calls.

Prince Henry simplified the interchange of calls by suggesting that Rear Admiral Cotton, his staff officer; Lieutenant Hussey, Captain Hemphill and all the captains of the American squadron should meet him, his staff and all the commanders of the German ships on board his flag ship, Kaiser Friedrich III. Prince Henry then returned the call on Rear Admiral Cotton and talked half an hour with him. The prince examined the outside of the Kearsarge's double turret, but did not go inside, as there were seven German admirals on shore duty who were waiting to visit Rear Admiral Cotton. Prince Henry complimented the administration officers on the smart appearance of the squadron.

Emperor William will arrive tomorrow on the Hohenzollern.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of **Mother's Friend** during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does **Mother's Friend** carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at $1.00 per bottle. Book containing valuable information free.

MOTHER'S FRIEND

POPE LEO FEARS FOR THE CHURCH

Called Attention at Consistory To Difficult Position of Catholicism.

Rome, June 23.—The Osservatore Romano today publishes the alluocution which the pope delivered at the consistory yesterday. The following is a summary of the portion which was not cabled to the Associated Press yesterday:

The pontiff said he was obliged again to call attention to the difficult position of Catholicism and to point out that malicious sects were spreading in every country and that Christian laws seem to be undergoing deliberate retrogression through the efforts of men of deplorable morals. This state of feeling modified customs and influenced legislation in connection with public institutions. Philosophy, the fine arts and literature were also turned to sacrilegious purposes.

The sinfulness of evildoers could not frustrate the will of the Almighty, but their arrogance paved the way for great misfortunes.

The pope concluded with an earnest appeal to the faithful to pray to God that his (the pontiff's) work on earth be not diminished and with the announcement of his intention to issue a letter on the subject.

ROOSEVELT SHOWS CLEMENCY.

Releases an Arkansas Man Serving a Life Sentence.

Washington, June 23.—President Roosevelt today acted favorably on the application for executive clemency of Willie Johnson, alias Overton, who was sentenced in the western district of Arkansas to be hanged for murder committed in the Indian Territory. This sentence was commuted to life imprisonment by President Cleveland, on account of the grave doubt of the prisoner's guilt. The former United States attorney who tried the case recommended a pardon on the ground that he had reason to believe the government witnesses had committed perjury. The prisoner will be released on July 1.

The president commuted to ten years the sentence of thirty years imposed on Thurman Baldwin, who pleaded guilty in the western district of Arkansas to indictments charging him with robbery and larceny. The sentence will expire November 30, 1904.

LAND OF MURDER BEING DESERTED

All the Foreign Ministers Are Departing from Servia.

Even the Representative of Turkey Has Left—If Powers Maintain Their Attitude Position of Servia Will Soon Become Untenable.

Belgrade, June 23.—In accordance with instructions from their governments, the ministers of France, Holland and Turkey left Belgrade this afternoon. King Peter's train, which left Geneva yesterday evening, passed through Innesbruick, Austria, this afternoon. The king was enthusiastically welcomed there by the Servian and Croatian students. The king will arrive here at 10 o'clock tomorrow morning. The foreign ministers who remain here intend going to the railroad station informally in frock coats instead of uniforms.

The British minister to Servia left here this morning for London. It is understood that the first bill to be submitted to King Peter will be one prepared by the minister of justice granting amnesty for all political offenses.

Gloomy Outlook for Servia.

Paris, June 23.—Although the French minister at Belgrade was not given specific orders to withdraw the officials here say that the instructions sent gave him full liberty to adopt such a course if the majority of his diplomatic colleagues left the Servian capital. Owing to the growing complications in the situation it was deemed desirable to give him complete liberty of action to meet any circumstances arising, the only limitation being that he was to conform with the action of the majority of the ministers. Reports received here from other capitals showed there was a strong tendency to make an emphatic expression of abhorrence at Servia's tragedy. A prominent French official said the action of the powers would have added significance, coming at the moment when King Peter was assuming authority. Commenting on the Belgrade reports that Servia was in a defiant mood the official declared that Servia's position would soon become untenable if the powers act together. It was realized that the severance of diplomatic relations with Servia added to the difficulties of King Peter's position, but it was impossible to allow this to interfere with the proper punishment of the guilty parties.

Holland's Minister Must Leave.

The Hague, June 23.—The minister of the Netherlands at Belgrade has been instructed to leave that city before the arrival of King Peter at the Servian capital.

British Court in Mourning.

London, June 23.—King Edward has ordered the court to go into mourning for a fortnight for the late King Alexander of Servia.

LEGLESS NEGRO FIGHTS CRIPPLE

Inmates of Charleston Almshouse Clash in Strange Combat.

Charleston, S. C., June 23.—(Special.)—A fight almost to the death was witnessed at the Old Folks' home here today. The participants in the strange encounter were James Mackey and Ed Penny, two negro inmates of the place.

Both of Mackey's legs have been amputated near the trunk, while Penny's feet are deformed and he is paralyzed on one side.

A dispute arose between the men and Mackey advanced upon his adversary. Penny saw that his assailant, who was formerly a powerful negro, meant serious injury to him, and he prepared to defend himself. He used his crutch, beating Mackey over the head and shoulders, but the latter kept up his attack. Possessing himself of a short, heavy stick he kept crawling closer and closer to Penny. He finally got in striking distance and dealt Penny a blow which rendered him senseless.

When the attendants finally reached the scene both men were bleeding, and it was feared that Penny was fatally hurt. He finally revived, however.

INCIPIENT RIOT IS QUELLED.

Negroes in East Rome Engage in General Fight.

Rome, Ga., June 23.—(Special.)—The sheriff was called upon to day to quell a disturbance at New Rome, which was bordering on a riot, and but for the timely arrival of the officers it is more than probable that several would have been killed.

It seems two negroes engaged in an altercation and in a few minutes the trouble had spread to hundreds of negroes, who are employed in the factories of New Rome.

Knives, guns, pistols and various other kinds of implements of warfare were brought into use.

Bailiffs Harris and Treadaway, assisted by the posse, rounded up the ringleaders and landed them in jail. It was some time before peace could be restored and the white people living in the neighborhood were greatly alarmed for fear that they would be attacked by the blacks.

Considerable excitement was occasioned in the city, as it was reported that a serious riot had occurred and several whites had been killed

GIANT POWDER FOR CONVICTS.

Quantity of the Explosive in Colorado Penitentiary.

Canon City, Colo., June 23.—Enough giant powder and nitro-glycerine were found in the penitentiary today to blow up the entire prison. This discovery was made after the convicts who had attempted to escape yesterday were put through the sweating process. The explosives were concealed in the wall of one of the shops. It is believed that the nitro-glycerine was manufactured by Kuykendall, the convict who was killed yesterday.

Moat House Murder Convicted.

London, June 23.—Samuel Herbert Dougol was today found guilty of the murder of Miss Camille Holland, a wealthy woman with whom he lived at the Moat house, Saffron Walden, and sentenced to death.

CLIFTON MILLS IN GOOD SHAPE

Directors Issue Statement as to Losses by Recent Storm.

Spartanburg, S. C., June 23.—(Special.) The board of directors of the Clifton Manufacturing Company has issued an important circular to the stockholders relating to the recent disaster along the banks of Pacolet river.

The circular sets forth succintly the losses and present condition of the company, and contains much of importance just at this juncture.

The loss on mills Nos. 1 and 2 is placed at $300,000, and when these mills are repaired the company will have in operation 50,000 spindlees.

The circular in part contains the following:

Four ware houses at mill No. 2, with 1,794 bales of cotton, have been lost. This will prove almost a total loss. What we most deplore having to report is the loss of life caused by sixty cottages having been carried away by the raging torrent before some of the inmates were able to escape.

"After a careful inspection of the property as it now stands we are inclined to think it is worth fully $1,000,000 to the stockholders, which will serve as a good basis on which to renovate and reconstruct the entire plant in time. Besides, as we were most fortunate in saving about 9,000 bales of cotton, and as no manufactured goods were lost, we have in our possession quick assets which can be converted into cash at once, more than sufficient to cover all of our present indebtedness."

The board of directors of the D. E. Converse Co. have rescinded the forthcoming dividend, payable in July, upon the capital stock of the company. The total loss at Glendale was $63,000. The present capital stock of the company is $300,000, but after July 1 the capital stock will be $500,000. The new Glendale mill has been completed with its 20,000 spindles and corresponding equipment of draper looms. The cost per spindle in the new mill was $22.50, which it is said cannot be beat by any mill in the south.

NAVIGATES AIR IN NUMBER NINE

Santos-Dumont's New Aerial Ship Proves a Success.

He Takes a Voyage Over the Center of Paris, Executes Skillful Maneuvers and Brings His Air Ship Down at the Door of His House.

Paris, June 23.—Santos Dumont made his first appearance today in his air ship, No. 9, over the center of Paris. He started from Long Champ, going in the direction of the Place de L'Etoile. He executed a number of skillful maneuvers over the place de L'Etoile, made a tour of the Arc de Triomphe, and, turning down the Champs Elysee, brought his air ship down at the door of his house. Later he returned to Long Champ. There was little wind. The ship maintained an altitude of about a hundred feet and answered her helm perfectly.

"No. 9" is the smallest air ship Santos Dumont has yet constructed. She measures about 8,300 cubic feet, has a three-horse power engine and resembles an elongated egg.

Students Oppose Coeducation.

Charleston, S. C., June 23.—(Special.)—The students of the college of Charleston, one of the oldest and most conservative colleges in the country, today held a mass meeting on the campus and protested earnestly against coeducation. In the resolutions adopted the students say: "We believe coeducation would inevitably tend to alter that spirit and tone of robust manliness of the student body which we believe to be of even greater importance than scholarship."

The collapse of the cooks' and waiters' strike shows that civilized man cannot live without 'em, even in Chicago.— Boston Herald.

Does it not rather show that he can live without 'em?

However he may view the matter, it is not supposable that Mr. Cleveland regards it as "absurd." Yet that word exactly expresses public opinion on the same subject.

There is reason to suspect that Uncle Sam rather inclines to the great principle of state sovereignty and the constitutional right of secession in the case of the state of Panama, C. S. A.

Mr. Olney has declined Tammany's invitation to address it on the Fourth of July. The outlook at Princeton, N. J., is calculated to make Mr. Olney feel depressed and discouraged.

Mrs. Russell Sage says: "A man can hardly realize the galling position in which thousands of wives are placed in begging their husbands for money." We know just how Mrs. Sage must feel about it.

It is said the Hon. Joe Hill Hall is poetically languorous and strangely subdued at this season of the year. No doubt his brother members would be glad to vote him a reserved, morocco leather couch at the opening of the session.

The Summer Session.

The general assembly of Georgia meets this morning for its second session. The members will meet a cordial welcome from the people of Atlanta and find their labors lightened by the luscious climate of this most comfortable city. We kept June on ice half a month in order to temper things properly so that our esteemed Solons might pursue their grave duties of state without undue ardor and physical suffering.

It will be found, we think, by all concerned that the change of the session from winter to summer is a wise transfer. Trade activities are slowing down for the vacation season, the crops are underway, or fairly so, lots of people will be from home on pleasures bent and there will be a dearth of petitions for new legislative fads.

The appropriation and tax bills are not overshadowing this session and general legislation will be given more and better attention than for many sessions in the past. Important questions of state policy are pending and these deserve to be given ample and careful consideration, so that great expectations are based upon the final results of the summer session.

Meanwhile Atlanta will be in summer robes and picnic spirits and those who are thus to be our guests will scarcely feel lonesome or miss the dull and drowsy days of the old-time Julys and Augusts of their home environments.

Produce the Proofs.

The esteemed New York Press takes a running fall out of Edward M. Shepard for saying before the Alabama Bar Association that the solution of the negro problem "must rest with the southern men alone, free of the ignorant meddling of others." The Press valiantly announces that the north proposes to "meddle" and butts in with its contribution as follows:

> The southern white man may ostracize the negro, he may discriminate in local laws against him, he may discourage him in business or in labor and treat him as an inferior animal. That is a matter for the morals and the conscience of the south exclusively, and to interfere might be "meddling."

Whether this be what Artemus Ward called "sarkasm," or not, it is enough to warrant the casual cross-examination of the esteemed Press for a pair of minutes.

Wherein and how much more is the negro ostracized in the south than in the north, where in hundreds of places he is forced to live in the slums of towns, owners are forced by public opinion not to rent a house to a negro, and the hotels and restaurants are always "full" when he wishes entertainment?

What local laws in the south has The Press any knowledge of that discriminate against the negro? The separate car laws, for instance, are as necessary for the convenience of the negro as for the comfort of the whites, and each class is kept to itself impartially by the same laws.

When and how has the south discouraged the negro in business or labor? He can work in the south at trades which in the north are hermetically sealed against him. He labors here peacefully, while in Illinois, Indiana and Pennsylvania he is mobbed and murdered for asking work and the right to earn an honest living.

Perhaps The Press will specify its charges as above remarked—and then, again, it may not. We rather think it will not!

That Wilmington Burning.

Our readers followed in The Constitution of yesterday the fearsome details of the work of a Delaware mob that burned a negro criminal close to the confines of the beautiful and thriving city of Wilmington.

It is a most singular thing that such a horror should happen in such a community where the gosel of "justice for the negro" and the anathemas of the like events in the south have been so long and so vehemently preached. We have been told so often of the superior thought and sympathies of the northern public opinion on the race question that it is rude awakening to find that after all human nature has laws of feeling and action which laugh at sentiment and make broken green withes of culture just as violently in the north as in the south.

The Constitution does not exult over the work of this Delaware mob, because it has never countenanced mob law anywhere. Nor do we point a tu quoque argument at the north—Delaware, Illinois and Kansas—in justification of any lynch law operations that have happened in the south. Had we the authority and the means to prevent lynchings not another one would occur north or south.

But the fact remains that the growing indignation of the people of Wilmington grew for a whole week before it reached the flaming point and then it swept law aside with ruthless hands and burned a brute at the stake for one of those doubly hideous crimes that menace every community where the idle and vicious criminal negro is tolerated.

There is something startling in the laws of equilibration, especially so when the crime of which we speak comes home to the thresholds and hearts of those who in their imagined immunity were swift to minimize its awfulness in the south and to damn the public safe-guarding that took the form of swift vengeance by the rope and at the stake. When it came home to Wilmington the human instinct there was found to be as strong and as destructive as in any community of the south, or of Illinois and Kansas.

Wilmington has, perhaps, as large a population of negroes in proportion to its whole census as any city in the north. The negro has been welcomed there, coddled and urged to assume the prerogatives of equality. His votes have kept the city of Wilmington and the state republican for many years. In that locale and with such teachings, such license and power, it is not wonderful that this now incinerated brute thought himself as good as the white girl he met in the road, raped and then murdered. He probably expected to be caught, to create a sensation to receive bouquets and good victuals from paretic fanatics while in jail, have a circus-like trial and probably get no more than a few comfortable years in a hotel penitentiary, and possibly a pardon just before some important election in which every voter to be had would be needed.

He was mistaken. The white heart responded to the racial instinct and the growing frequency of lynchings in the north is a psychological effect against which sermons and statutes will be opposed in vain.

Wouldn't Stand for It.

Mr. Bryan assumed recently to read ex-Governor Lon V. Stephens, of Missouri, out of the democratic party because the latter expressed his desire to see David R. Francis, of St. Louis, the democratic nominee for president in 1904. Commenting on this Mr. Bryan said some very tart things personal to Mr. Stephens and his loyalty to the party.

Mr. Lon Stephens is little, but he is loud. He wears glasses, but can see a long way with them. He is a featherweight in build, but a catamount in a sudden scrap. He has got money to burn, and backbone to lean upon. His record as a Missouri democrat of the honest, wool-hat, last ditch order has been unimpeachable up to date. It is little wonder, then, that this "Wasp of Booneville" promptly flew back at Mr. Bryan with some stinging remarks upon the latter's authority to read anybody out of the democratic party and to control the individual preferences of those who have sacrificed in the party service to the party's prestige and success. Of that latter class Mr. Stephens is a conspicuous example.

The excoriation he handed out to Mr. Bryan need not be repeated here. It was largely personal, but it is indicative of the restive spirit of many democrats over the attempts of Mr. Bryan to figure as the Sir Oracle of the democratic party. While Mr. Bryan has yet a host of friends and admirers in the party, men who would resent any injustice attempted upon him and his followers in 1896 and 1900, the fact grows more apparent daily that the party at large does not feel bound by any valid obligation to allow him the censorship of its personnel and platform in the coming national campaign.

"Eliminating the Constitution."

The New York Mail and Express is emphatically wrong in asserting that the southern states in suffrage matters are "eliminating the constitution." That is an indictment of all the officials and all the white people of the south. Although under oath or implied obligation as citizens to uphold, defend and enforce the constitution of the United States, The Mail and Express alleges substantially that the officials of our states are false to their oaths of office and the white people in open rebellion, in effect, against the supreme law of the nation.

Nothing could be more false and offensive than such a sweeping denouncement. The officials and ruling people of the south believe in and stand ready at any call to uphold and defend it. We look to it as the guidon and the guerdon of our rights as individuals and as states. When we are duly informed by the only authority having the right to determine what rights we have and what ones we have surrendered by the constitution, we stand ready to conform to such decisions of the supreme court.

The Mail and Express and the agitators for whom it speaks are demanding that the south shall do things that the supreme court has said we do not have to do under any clause of or amendment to the constitution, and denouncing us as practical perjurers and rebels because we refuse to undo what the supreme court has said we have the right to do.

That is the whole debate between northern negro suffragists and the south as it now stands. When the supreme court gives us further directions we will try to conform our regulations to its decisions and not violate them. Rather than wishing to eliminate the constitution, we are seeking its protection for our methods of just and responsible government and believe we will eventually obtain it.

SOME RECENT DECISIONS.

POLICE—PHOTOGRAPH OF ALLEGED CRIMINAL.

Where a person is arrested by the police of a city on suspicion of having committed a crime, and his photograph and Bertillion measurements were taken by the police department, he cannot have a mandatory injunction to destroy or surrender the negative and all copies and the record of the measurement. The police department will not be enjoined from exhibiting or publishing the picture on the ground that a trespass was committed against the plaintiff, in that he was compelled to sit for his photograph. 82 New York Supplement (Judge Leventritt) 249.

NAVY—ENLISTMENT OF MINORS.

The United States statute which provides that "minors between the age of 14 and 18 years shall not be enlisted for the naval service without the consent of their parents or guardians," declares a public policy. The enlistment of a boy under the age of 18 without the consent of his father is void from the beginning as against the father, and the minor has no status in the naval service which can be asserted by the United States to deprive the father of the custody and control of his son after he has regained the same. The boy cannot be punished by the court martial for desertion in peaceably leaving the ship and returning to his father with the latter's approval. 121 Federal Rep. (Alabama, Judge Jones), 849.

LETTERS FROM THE PEOPLE.

For Georgia Peach Growers To Consider.

Editor Constitution: In view of the fact that Texas is making rapid strides to the front as a peach growing state, the experiments that one of the London houses proposes to make this year in exporting several car loads of our Georgia peaches to the London market, is of especial interest and still greater importance to the growers of not only Georgia but to all peach growing states.

In 1901 the United States government sent carriers of peaches to London which arrived in good condition and sold for $5.42 per carrier.

In 1902 J. H. Hale sent some Elberta peaches. Fifty carriers not wrapped or especially selected, which netted him $2.43 per carrier. A detailed report of this shipment is published in The Fruit Trade Journal of New York city. Also of the government shipment in 1901. This much has been accomplished. It is just as feasible to send 100 car loads as it is to send five carriers provided the refrigerator space can be secured—and the steamship companies, always alive to their own interests, will make arrangements for as the demand arises. The matter of distribution after they get there is conducted on the same plan as in any of our markets here. So it is patent to the growers that one of the greatest obstacles has been removed when these two shipments two years in succession were landed in good condition and sold to advantage.

The advantages that will accrue if the outlet is secured is absolutely inestimable, as with the increase of peach culture in our own state, the loss practically of the use of the western markets by the influx of Texas fruits makes it essential for the good of the peach industry to find some outlet for our rapidly increasing crops.

In time of peace prepare for war, for when we have a full crop on our hands and nowhere to place it, it will be too late to make arrangements then for exporting whereas if some steps are taken now, it will in all probability be an accomplished fact when the need for exporting arises. E. E. GREENWAY.

The Old-Time Hymns.

Editor Constitution: Permit me to commend the editorial in Sunday's Constitution on the "old-time hymns." The sentiments therein expressed well elicit hearty "amens" from the thousands of hearts.

The "new fangled" songs or ditties of the present day, many of them, remind one of what the Bible says of the wind, Thou hearest the sound thereof, but canst not tell whence it cometh or whither it goeth." One of the main reasons why the old-time hymns have such significant superiority over the latter day music is that nearly every one of them had its origin associated with some event or experience in the lives of the authors, having deep spiritual or emotional significance, being composed under a kind of inspiration, as it were, and calculated to awaken like emotions and feelings in the hearts of those who either sing them or hear them sung. Whereas the modern hymns are made to rhyme and to sell.

Give us more of the old-time singing in the churches, the songs our mothers and fathers used to sing in which the congregation can join, and we shall see more spirituality in the services, more effect of the preaching, and better results in every way.

TALKS ABOUT ATLANTA.

Crawfordville Democrat: We don't need Atlanta "spirit." We have plenty of our own.

Darien Gazette: Maybe it will be too warm in Atlanta to talk politics. Oh, not on your life, dear friends.

Miami (Fla.) News: In the zoo at Grant park in Atlanta is a rooster that lays eggs. Now, what do you think of that?

Brunswick Journal: Atlanta proposes to make it so hot for her ice trust that there ought to be a good ice season in that good city.

Newport News (Va.) World: Atlanta is to buy a few crematories. They are good things for a city which has money to burn.

Clarksville Advertiser: Two things you are very apt to see in the papers these days are that the pope is unwell and Atlanta baseball team lost.

Quitman Press: All Atlanta is now mourning because the little town of Bessemer, Ala., has a bank shortage of $250,000, while that of Atlanta amounted only to $94,000.

Brunswick Journal: The result of the councilmanic investigation in Atlanta is that the charities were wrong and the stockade will proceed to do business at the old stand.

Americus Times-Recorder: Atlanta again leads. A man has been found there who stole his wife's false teeth and the springs from his sick mother's bed, pawning both to buy a picnic excursion ticket.

Bartow (Fla.) Courier: Atlanta reported last Friday as the coldest June day on record in that city. Atlanta will find a "cold day in August" yet, if there is any danger of her being outdone by any other place.

LaGrange Graphic: We don't suppose that Atlanta will brag quite as much about that $94,000 bank steal since Birmingham has had a bank president to run off leaving his bank $280,000 short.

Monticello Courier: Atlanta has an egg-laying rooster. she has always had her share of crowing roosters who hatch out pretty big ones once in a while. We suppose this is Atlanta in an egg shell.

Effingham County News: We understand The Atlanta Constitution is to put in a $48,000 press, but the curious part of the matter to us, is what in the world do they want with a press when they have $48,000. Then, again, if they had mentioned the matter they might have bought our whole outfit for less money than that.

Three Injured by Elevator.

Huntsville, Ala., June 23.—(Special.)—Three negro workmen, Arthur Harden, Felix Monon and Richard Young were seriously injured yesterday in an elevator accident at the Merrimack mills. The negroes had just gone up in the elevator with a load of brick when the signal for the downward trip was given by mistake. The elevator was allowed to fall three stories to the bottom and Young's skull was crushed, Monon's knee cap was broken and Harden was badly bruised. Young may die.

Adams To Pay Eads Heirs.

Washington, June 23.—The war department today designated Colonel H. M. Adams to act as the representative of the government in the matter of the transfer of the Eads property at New Orleans to the United States. Colonel Adams will pay the money appropriated by congress for this purpose to the Eads heirs. This formality is necessary to comply with the law of Louisiana.

Negro Suicides in Jail.

Georgetown, S. C., June 23.—John Brownfield, the negro who killed Deputy Sheriff Scurry in 1900 and was to be hanged next Friday, killed himself in jail this morning by taking poison. Brownfield had fought his case through every court to the United States supreme court and was finally sentenced last Tuesday to die on June 26. His arrest in September, 1900, for the murder precipitated a riot of negroes and the militia were called out.

Carolina Gets Gainesville Labor.

Columbia, S. C., June 23.—(Special.)—Within the past six weeks over 500 cotton mill operatives have located in Anderson, where they have found steady employment at good wages. About thirty-six of this number came from Gainesville, Ga., after the destruction of the mills there several weeks ago. Operatives from the Pacolet and Clifton mills are pouring into Anderson by the score and all are finding employment.

WHY GEORGIA IS BEHIND IN PRESERVING RECORDS

"Georgia seems to be a laggard, and yet she is vastly richer in valuable historical material than any of her younger sisters. Indeed, but few, if any, states in the union have a prouder history than Georgia, and certainly no state in the union has made less effort to preserve her history and the achievements of her people."

This is the indictment drawn by Hon. Allen D. Candler, writing to the governor in the report he makes as compiler of the state records. In this report he gives an interesting resume of the efforts made in the past to secure the records of the early history of Georgia, and of the later efforts to compile the confederate war records. In his opinion a great deal must be done in order that justice may be done not only to Georgians, but to the state.

In the matter of early history, Georgia is considerably behind most other states. In the important matter of securing a complete roster of the Georgia troops in the confederacy, with the military record of each man who served in the great civil war struggle, there is a vast deal to be done which should be done quickly.

In reviewing the work given into his hands, Governor Candler tells first of the efforts to complete the early colonial records. For the purpose of the better accomplishment of the desired results, he has divided the history of the state into five periods: first, the period of the government of the trustees, which covered from June 9, 1732, to June 23, 1752; second, the period of the colonial governors; third, that of the war of the revolution; fourth, that of the war between the states; fifth, the period of reconstruction and military rule.

Of the first period there has been compiled nearly all the available material, to the extent of about 1,200 typewritten pages. This is ready for the printer, but before it is printed and bound other important records pertaining to this period, not now available, must be secured and inserted in this first volume in order to preserve the chronological arrangement of the work.

"At the very threshold of the undertaking very great difficulty was encountered in finding the official and historical records and documents, which I thought ought to have a place in the compilation contemplated," writes Governor Candler. "Since the founding of the colony Georgia's capitol has been four times removed, and in each removal, doubtless, many valuable records were lost. In addition to the losses incident to these removals of the capitol from one city to another, it has been twice occupied by hostile armies, Savannah in 1778 and Milledgeville in 1864, on both of which occasions the records of the state suffered great loss and injury. Still further losses were sustained during the war of the revolution, when in an attempt to prevent their falling into the hands of the enemy, her most valuable records were carried beyond the limits of the state, first to Charleston, then, when that city was in imminent danger of capture, to Newbern, N. C., and finally, when that state was invaded and their security threatened, to Baltimore, where they remained till after the close of the war.

"All this applies to the records made on this side of the Atlantic. Besides these, many of the most valuable and important records relating to Georgia were then, and are now, in London. In 1837 the general assembly of Georgia made provision to have transcripts of these records made and filed with other state archives, and in pursuance with the authority vested in him by the legislature, the governor appointed the Rev. Charles Wallace Howard to go to England and make them. This he did, and the result was twenty-two large manuscript volumes at a cost of about $7,000. Subsequently all of these costly volumes but four, which are now in the archives of the state, were destroyed by fire in 1890 or 1891."

Correspondence with the American embassy in London brought from Messrs. Stevens and Brown, of London, an offer to furnish copies of records of the common council to the trustees of the Georgia colony at a cost of 20 cents per page.

Governor Candler presents a list of the colonial records pertaining to Georgia which are now in London, this list having been secured by Mrs. Robert Emory Park, regent of the Daughters of the American Revolution for Georgia, several years ago. With regard to these records, he says that while a good many are not of material interest or importance, some are of the utmost importance and no intelligible and useful compilation can be made without them. He specifies in this connection the minutes of the trustees, the minutes of the common council of the trustees, the minutes of the colonial council and of the assembly, the account of the progress of the colony from 1732 to 1740, and Governor Wright's original papers. These papers cover the period from 1760 to the Declaration of Independence, embracing accounts of all the causes leading up to the war as viewed from the British standpoint, and of the conduct of the friends of liberty, as well as of the royal government. There are about thirty volumes of these records which are well-nigh indispensable.

Governor Candler considers the price of Messrs. Stevens & Brown exceedingly low. He estimates that to secure these particular records will cost the state about $2,000.

Passing to his efforts to secure rosters of the officers and enlisted men who went from Georgia into the military service of either the Confederate States or the United States during the civil war, for the purpose of having Georgia adequately and accurately represented in the compilation authorized by the recent act of congress, Governor Candler points out that the difficulty of securing original muster rolls is even greater than that of securing the colonial records.

After an earnest and diligent effort for nearly two months he has succeeded in getting only six original muster rolls. There are many copies to be had, but these are not admissible into the rosters to be published by the secretary of war because the act of congress authorizes the use of nothing but "a contemporaneous official record."

The difficulties which confront him in this branch of his work, Governor Candler sets forth as follows:

"While correctness and reliability should be the paramount object in the compilation of these rosters, it will be impossible to make them complete, as well as accurate, without the admission of evidence other than original documents, for the reason that there were Georgia organizations of which there are now no rosters in existence, either in Washington or elsewhere; and of other organizations of which we have in the war office the original muster roll, there are no other records. This original muster roll is simply a list of the names of the officers and men who enlisted in it when mustered into service, and the date of their enlistment. The names of recruits who joined the company subsequently to its mustering into the service do not appear, and are as completely lost as if they had never been in the service. Moreover, the original rolls throw no light on the career and fate of the men whose names they bear. What we want is a roster of each company that went into the service from Georgia, bearing the name of every man whoever belonged to it, and giving a history of his career as a soldier. If he was wounded in the service it should tell when and where; if he died of disease, when and where; if he was killed in battle, when and where; if promoted, when, how often and to what rank; if captured, when and where; and if he deserted, when and where. In this way we could transmit to posterity the name and military history of each Georgian who was engaged in that gigantic struggle. This we owe to the men who perished in the conflict, and to posterity. Any record short of this will be incomplete and do some of them great injustice."

The reason for the failure to obtain substantial results following the act of the legislature of 1897 was, in Governor Candler's opinion, that no compensation was provided for the committees appointed to make the rolls upon whom most of the work devolved. "Only about one-third the counties made any effort to carry out the law," says he, "and even they, in most cases, succeeded indifferently."

There should be at least a small compensation. "One or more competent, conscientious men should be appointed by the governor in each county; they should be sworn to admit to the rolls no one from favor or affection, reward or the hope thereof, nor to exclude from them any one on account of prejudice, hatred, fear, reward or the hope of reward. They should also be empowered to administer oaths, and every name admitted to the roll should be certified by the oath of not less than two survivors of the company or troop. The enrollers should be paid out of the state treasury a reasonable compensation. The state will save by it in pensions to unworthy applicants vastly more than it will cost. Thus economy, as well as gratitude and justice to our confederate soldiers, demands that it be done."

Governor Candler pays a high tribute to Brigadier General Ainsworth, of the record and pension division of the war department, who has charge of the compilation of war records, saying: "He is a splendid officer, eminently fair, and thoroughly familiar with his work; but it will be impossible even for him, with the scanty materials at hand, to make such a record of the Georgia confederate soldiers as they are entitled to."

There are but two ways in which this complete roster can be secured. Either the act of congress must be amended so as to authorize the perfection of the imperfect rolls from the sworn testimony of surviving officers and soldiers of each company, or the state must carry out the original design and perfect the rolls and publish them herself.

"It would be better and fairer to do nothing," says Governor Candler, "than to transmit to posterity imperfect and misleading rolls of men who fought our battles. Indeed, I am inclined to the opinion that if an effort is to be made to rescue from oblivion the names of our confederate soldiers and transmit to posterity an account of the services of each, rosters should be perfected at once, in the way suggested and published by the state, while a remnant of the actors in the bloody drama are still in life, and it is possible to get their testimony. Soon all of them will have 'crossed over the river,' and it will be too late."

With regard to Georgia's failure to make adequate provision for the preservation of state history, Governor Candler says:

"Georgia has been too slow in preserving her history and in perpetuating the memory of her gallant sons. Most of the states much younger are far ahead of her in this respect. Our neighbors, Alabama and Mississippi, with an enterprise and patriotism worthy of emulation, have already undertaken the work and have it well under way. In each of these states a 'Department of Archives and History' has been established by law and put under the charge of an officer designated the 'director' of the department. His duties are to rescue from oblivion the historic materials pertaining to the state, preserve them and publish them for the benefit of this and succeeding generations. The scope of his duties as outlined in the act of the Mississippi legislature is to 'have control and direction of the work and operations of the department and preserve its collection, care for the official archives that may come into his custody, collect as far as possible all materials bearing on the history of the state and the territory included therein from the earliest times, and diffuse knowledge in reference to the history and resources of the state.' . . . . 'State, county and other officials are authorized to turn over to the department for permanent preservation any official books, records, documents, original papers, etc., not in current use in their offices.' He is, moreover, charged with the duty of preparing and publishing after each general election a 'statistical register of the state of Mississippi to contain brief sketches of the several state officials, the members of congress from Mississippi, the supreme court judges, members of the senate and house of representatives, roster of all state and county officials, lists of all state institutions with officials, state and county population and election statistics, miscellaneous statistics; and said register shall be published in an edition of one thousand copies for free distribution.' 'The department is also charged with the duty of making special effort to collect data in reference to soldiers from Mississippi in the war between the states, both from the war department at Washington and from private individuals, and to cause the same to be prepared for publication as speedily as possible.'"

FURBER BURT IS APPOINTED.

Secures the Cadetship at West Point Next Year Through Colonel Livingston.

Furber Nutting Burt has been appointed to the cadetship at West Point from this district by Congressman Livingston. He will fill the vacancy which occurs next year and will report for examination next May. He will succeed Joe Atkins, of Atlanta, who has been president of the class since he entered the academy. Mr. Burt is a well-known young Atlantan and divided first honors in the Boys' High school graduating class of 1902. The news of his appointment will be a matter of interest to his Atlanta friends.

Macduff Reaches Pensacola.

Pensacola, Fla., June 23.—The British bark Macduff, fifty-two days out from New York, has arrived at quarantine here. The bark had been reported as missing. The master reports having encountered head winds during the entire dead calms. The passage of the vessel des dealms. The passage of the vessel is the longest on record.

LUMBER MEN CRY FOR LOWER RATES

Georgians Go Before Inter-State Commerce Commission.

Members of Saw Mill Association Complain About Rates on the Southern, Central, Seaboard, Louisville and Nashville and Other Roads.

Washington, June 23.—A complaint was filed today with the interstate commerce commission by H. H. Tift, W. S. West, J. Lee Ensign, J. S. Betts & Co., Alpha Lumber Company and the Southern Pine Company, members of the Georgia Saw Mill Association, against the Southern Railway Company, the Atlantic Coast Line, the Louisville and Nashville, the Nashville, Chattanooga and St. Louis, the Seaboard Air Line, Central of Georgia, Georgia Southern and Florida, Central, Macon and Birmingham and the Southern Freight Association, and S. F. Parrott, chairman of the Southern Freight Association, by reason of their increasing the freight rate 2 cents a hundred pounds on lumber from points of shipment in the state of Georgia to Chattanooga and to points on the Ohio river, namely, Cincinnati, Evansville, Henderson, Louisville, East St. Louis and St. Louis, and to points beyond.

The petitioners allege that in promulgating said tariff of increased rates and maintaining and enforcing the same, the defendant railroad companies have been and are acting in concert with each other and with other lumber carrying roads, in pursuance of unlawful agreements and purposes for which the Southern Freight Association was formed. The petitioners state that their rights and interests are virtually and injuriously affected by this increase, which they consider arbitrary, unreasonable and unjust, and destructive to their business, as well as defeating competition within a large territory. The further allegation is made that the increase will impose upon the yellow pine industry a burden out of line with and far more grievous than that sustained by the products of other industries of like weight and value.

The complainants pray that the defendants be required to answer the complaint and after due hearing be directed to desist from continuing to enforce the increased rate.

WATER WORKS MEN IN SESSION

Annual Address by President Campbell, of Charlotte, N. C.

Detroit, Mich., June 23—Nearly 300 members of the American Water Works Association are attending the twenty-second annual convention of the association, which is in session at the Hotel Cadillac here. At the first session this forenoon Mayor Maybury welcomed the association to the city and L. N. Case, of Duluth, Minn., vice president of the association, responded.

President C. H. Campbell, of Charlotte, N. C., then made his annual address, followed by the report of the secretary-treasurer, H. M. Villen, of Rochester, N. Y. This showed that the association has a total membership of 349, an increase of 72 over last year. The finances are in satisfactory condition. The reports of several committees were also made. This afternoon several papers on technical subjects were delivered.

Rich Yield of Yellow Metal.

Salisbury, N. C., June 23.—The Whitney Reduction Company, of this place, has taken out six tons of ore at the Barringer gold mines, in Stanley county, which yields $20,000 to the ton. This is one of the greatest finds in the history of gold mining in this country.

SPARKS FROM THE WIRES.

At Peru, Ind., Wabash mail and express train No. 6 left the track while running at the rate of 45 miles an hour. Engineer Knoll and Fireman Meredith stuck to the engine and were the only persons injured.

At Boston the wholesale boot and shoe firm of Lamkin & Foster has been attached by creditors. The estimated liabilities are between $600,000 and $700,000 while the assets are nominally the same. The cause of the trouble is not stated.

At Liberty, Ind., a gang of robbers dynamited the safe in the postoffice and escaped with $50. The robbers placed a guard over Postmaster Groves, who lives next door, and compelled him to remain in his house while they were cracking the safe.

At Pittsburg the rains of the past forty-eight hours have resulted in a coal boating stage and the coal operators are preparing to send to the south one of the largest shipments in years. At present there are 28,000,000 bushels of coal awaiting shipment.

The president has ordered a thorough investigation of the affairs of the Kiowa and Comanche Indian reservation in Oklahoma and has appointed Francis E. Leupp to make the investigation. The investigation is based on charges made by certain Kiowa Indians.

At Chicago, J. F. Turney, foreman of the Kellogg Switchboard Company, was attacked by three men said to be strikers while on his way to work and severely beaten. George Simonds, Samuel Johnson and William Kochler were later arrested and identified by the victim.

Julius Antoin Jorgens, charged with embezzlement, and his companion, Miss Johann Moeller, will be deported to Copenhagen, Denmark, on July 19, if the necessary papers shall have arrived by that time. Jorgens, it is alleged, stole 40,000 francs from the bank of Copenhagen, and eloped with Miss Moeller, a clerk in the same bank.

At Greenwich, Conn., Genevieve Peats, the 8-year-old daughter of Alfred Peats, the millionaire wall paper manufacturer, is dead from the effects of the burns she received in a fire which destroyed her parents' home. Her mother and the latter's sister, Miss Pugh, who were burned in their attempt to save the child, will recover.

At Chicago bankruptcy proceedings against the United States locomotive corporation, an Illinois concern, having a plant at Hammond, Indiana, were begun by creditors in the United States district court. Judge Kohlsaat appointed Edwin C. Potter, Chicago, receiver for the corporation, with bond of $100,000. At the same time Mr. Potter was also appointed receiver for the firm of Torbert & Peckham, the predecessors of the United States Locomotive corporation.

ATLANTA ONCE OWNED A THIRD OF GAS STOCK

ry of the Sale of 4,165 Shares of Stock in Atlanta Gas Light Co.---How the Proceeds Were Disposed Of.

That Atlanta was once the owner of one-third of all the stock of the Atlanta Gas-Light Company and that in 1887 it disposed of the remaining 4,165 shares it held in that company at a price that was less than par, are facts that have been frequently discussed during the past few days by those who have recollection of the transactions.

Few members of the younger generation knew until a few days ago that the city of Atlanta ever owned a part of the gas company, and few now know the history of the municipality's connection with a corporation that is one of the most powerful in the city and which has now formed an alliance with another company, the Georgia Railway and Electric Company, which gives it additional influence in the affairs of the city.

The recent transfer of stock between the Atlanta Gaslight Company and the Georgia Railway and Electric Company, which gives the latter company control of the gas lighting plant and which gives the former owners of the gas company an interest in the Georgia Railway and Electric Company, is the cause for the talk of the past few days regarding the fact that the city of Atlanta once played a part in the management of the gas company.

No one knows the exact value of the stock at present. The stock is not for sale and those who hold it will not even consider the proposition of parting with it. There has not been a sale of gas stock during the past seven years.

Records of Council.

The history of the city's connection with the gas company is found in the reords of council. The principal transations occurred during 1886 and 1887. The manner in which the city acquired the stock and the first sales were obtained from Major John H. Mecaslan. These things are to be found on the minutes of council, but the records of Atlanta are in a singularly miserable condition. Prior to 1890 no effort was made by the various city clerks to index the minute books of council and the aldermanic board. In consequence it is necessary to explore through musty piles of books and papers if information regarding the city prior to that time is desired. The present city clerk, W. J. Campbell, is keeping a splendid index of the proceedings and in future years everything that occurs during his term of office can be turned to without trouble.

How Stock Was Acquired.

In 1856, it appears, William Helme, who had been engaged in the business of building gas plants in Georgia, announced to the city that he would construct a gas plant in this city. The cost, he said, would be $60,000.

Atlanta agreed to subscribe one-third of the amount, and in addition to exempt the gas company from taxes for fifty years. When the time came for paying the $20,000 Atlanta did not have the money and consequently borrowed it from a Mr. Tubman, of Augusta. The city having subscribed $20,000, Mr. Helme issued $20,000 of stock to various citizens and himself kept one-third of the stock.

After the gas plant had been completed it was in need of money and consequently sold $1,000 worth of stock to a Mr. Holland, of Atlanta. Major Mecaslin does not remember how many shares were sold him. Sometime later, but the year is not recalled, Atlanta disposed of 250 shares of the stock she owned in the gas company. The price could not be ascertained, which shows the need for indexing the records of the city.

There was then no sale of gas stock until the year 1887. The city, with the other stockholders, had simply been coining money from the gas plant. It was the best paying investment the city has ever had and much of the early prosperity of the municipality is said to be attributable to the enormous profits made by the gas works.

Then there came along a man of the name of Lawton, who organized a company and started the Gate City Gas Company. He operated his company for several years and there was sharp competition between the two companies. The Gate City Gas Company finally was placed in the hands of a receiver and the stock of the Atlanta Gas Light Company made a jump in value.

Stock Was Valuable.

In August, 1886, the city of Atlanta held 4,165 shares of stock in the Atlanta Gas Light Company. Their par valuation was $5 per share, but they were paying dividends that varied between 6, and 10 per cent.

On October 13, 1885, the governor of Georgia had approved a bill providing for the establishing of a school of technology in Georgia. On August 2, 1886, the following resolution was introduced by the late Alderman John R. Gramling:

"By Alderman Gramling: Resolved, That the finance committee be and they are hereby authorized and instructed to sell [illegible] shares of the stock held by the city in the Atlanta Gas Company at a price not less than 100 cents on the dollar and that the proceeds of such sale shall constitute a fund set apart and sacredly devoted for the purpose of being donated to the state as an inducement for the location in Atlanta of the contemplated technological school as provided in the act relating to such school assented to 13th of October, 1885. And that said fund be supplemented by a further stipulation that the city will pay $2,000 per annum in aid of said school upon condition that the people of Atlanta shall be entitled to four free scholarships in the school from each ward, making twenty-four free scholarships annually in said school, the incumbents to be nominated and selected from the children of the city eligible to the public schools in such manner as the city shall hereafter prescribe and direct.

"Resolved 2. That in the event negotiations with the state relative to said location of the technological school in Atlanta shall fail that then and in that event the sum of $25,000 proceeds from the sale of gas stock as aforesaid be devoted and applied to the erection of additional buildings for public schools in Atlanta, upon plans to be matured by the board of education on approval of the mayor and council as the work progresses. Adopted."

The aldermanic board concurred on August 5 and the resolution received the approval of Judge George Hillyer, who was then mayor of Atlanta.

Atlanta Anxious To Sell.

The proposed sale of the gas stock is mentioned in the minutes of the fall of 1886 several times, and finally on December 20, 1886, is recorded a resolution, also introduced by Alderman Gramling, which cites the fact that the city was ready to pay the $50,000 to the state for the School of Technology, and providing that the bids for the gas stock lie unopened upon the table until the state had been heard from. His resolution was unanimously adopted.

It will be noticed that the amount to be paid the state had been increased in the meantime from $25,000 to $50,000.

On January 3, 1887, Mayor George Hillyer, on the last day of his administration, wrote council a communication, in which he inclosed a letter written to General John B. Gordon, then governor of Georgia, citing him to the fact that Atlanta was ready to proceed with the transaction regarding the School of Technology.

John Tyler Cooper, then succeeded to the mayor's chair.

The minutes dated January 22, 1887, contain the following statement:

"The bids for 2,000 shares of stock in the Atlanta Gas Light Company to be sold to make the donation to the state for location of the School of Technology in the city were opened and read as follows:

"'Messrs. Jones & Pratt offered $26.25 per share, or $52,500 for 2,000 shares.

"'Messrs. T. G. Healy, R. J. Lowry, J. H. Porter, William Helme and J. H. Mecaslin made the several bids as stated below:

"'$25.25 per share for 200 shares; $25.50 per share for 200 shares; $25.75 per share for 200 shares; $26 per share for 200 shares; $26.25 per share for 200 shares; $26.50 per share for 200 shares; $26.75 per share for 200 shares; $27 per share for 200 shares; $27.75 per share for 200 shares; $27.50 per share for 200 shares. Par and 6 per cent for 2,000 shares.'—Referred to the finance committee with power to act."

It was found to be unnecessary to sell 2,000 shares to raise the $50,000, and consequently only 1,887 shares, were sold, being disposed of for $26.50 per share, and bringing $50,005.50.

The Next Movement.

The next movement in favor of the sale of gas stock appears to have been started by the late Charles A. Collier, then an alderman of Atlanta.

The minutes dated February 21, 1887, contain the following:

"By Alderman Collier: Resolved, That the finance committee be instructed to sell 600 shares of the city's stock in the Atlanta Gas Light Company or so much thereof as may be necessary to raise the sum of $15,000 for the purpose of erecting suitable buildings on grounds of the Gentlemen's Driving Park Association in which to hold annual fairs under the auspices of the Piedmont Fair Association; said buildings to remain the property of the city, but to be kept in repair and adequately insured by the said Piedmont Fair Association. Adopted by the following vote:

"Kinyon, Tanner, Mitchell, Boynton, Angier, Allen, Greene, Nelson, Roy and Rice, ten yeas; Bell one nay."

The following Thursday the aldermanic board concurred in this section, only Alderman John H. Mecaslin voting in the negative.

That resolution resulted in the sale of 577 shares of stock at $26 per share, netting the municipality $15,002, and with it the old exposition buildings, which were torn away to make room for the present buildings, were erected.

Atlanta then still had 1,701 shares of gas stock. On June 6, 1887, began the movement which resulted in the sale of the remainder of the city's holdings. This movement began in the board of education, and was not without opposition, as the Knights of Labor filed a protest against the further sale of the city's holdings.

The minutes of June 6, 1887, contain the following:

"A communication from the board of education asking the sale of $25,000 of gas stock, the proceeds to be applied to the erection of high school buildings, together with a protest from Knights of Labor, were disposed of by resolution."

During the same meeting, the one of June 6, Councilman E. A. Angier presented the resolution. Regarding it the minutes of that date contain the following:

By Councilman Angier:

"Resolved, that 1,134 shares of gas stock or a sufficiency to raise $25,000, belonging to the city in the Atlanta Gas Light Company, be sold by the finance committee, after advertising for bids for two weeks, and the proceeds of the sale be turned over to the board of education to be applied by them in improving the Girls' High school, and in constructing a new high school building for the boys, in accordance with the petition and resolution of the school board this day presented to the mayor and general council.

"Adopted by the following vote:

"Kinyon, Mitchell, Boynton, Angier, Allen, Greene, Nelson, Bell, Roy and Rice—10 yeas; Tanner—1, nay."

The aldermanic board concurred the the following Thursday afternoon, Alderman John R. Grambling and J. H. Mecaslin voting no, and Alderman C. A. Collier, W. A. Hemphill and Mayor John Tyler Cooper voting in the affirmative.

Wiped It All Out.

The resolution which divester the city of all interest in the gas company was introduced by the late Colonel W. A. Hemphill, then an alderman. On July 18 the records show that the following resolution was adopted:

"By Alderman Hemphill:

"Resolved, that the finance committee and the mayor shall sell all of the gas stock owned by the city of Atlanta at private sale, and that $25,000 of the amount be turned over to the board of education for the erection of the High school as heretofore appropriated, the amount that is left be held by the committee subject to the order of the general council."

The following Thursday the aldermanic board gave its concurrence and the measure was approved by Mayor Cooper.

The minutes of October 3 show the following resolution to have been introduced by Councilman L. B. Nelson:

"By Councilman Nelson:

"Resolved, that any surplus arising out of the sale of the gas stock over and above the $25,000 heretofore appropriated for a Boys' High school building, is hereby set apart and shall be held for the purpose of building a Grammar school in the fourth ward. Referred to school committee."

The last record on the minutes regarding the sale of the gas stock is the following, which appears under date of November 7, and which was taken from the report of the committee on schools:

School committee reported favorable to set apart $5,635.01, sale gas stock, to build fourth ward school house. Adopted."

Three days later the aldermanic board concurred.

Disposed of Stock Money.

The annual report of the finance committee of the council of 1887, which was signed by John R. Gramling, chairman; W. A. Hemphill, F. P. Rice and L. B. Nelson, contains the announcement that all of the stock in the Atlanta Gas Light Company, formerly owned by the city, had been disposed of and the proceeds of the sale appropriated as follows:

Georgia School of Technology......	$50,000.00
Piedmont Exposition buildings.....	15,000.00
Boys' High school.................	25,000.00
Fourth ward school................	5,635.01
Total..	$95,635.01

The annual report of R. M. Farrar, city treasurer, shows that the city had received from the sale of gas stock the following amounts during the year:

January 1, 1 887 shares, at $26.50 per share, $50,005.50.

June 30, 577 shares at $26 per share, $15,002.

December 31, 1,701 shares at $18.01 per share, $30,635.01.

Two things are, therefore, noticed. The first is that when this sale of gas stock began Atlanta had 4,165 shares of stock in a concern that had netted handsome dividends and which was destined to become one of the most powerful and richest corporations in the state.

The other fact of interest is that the stock, which was worth $26.50 in January, 1887, was worth $26 in June and dropped to $18.01 in December of the same year.

Atlanta, therefore, sold her 4,165 shares of gas stock at considerably below par.

RURAL CARRIERS TO ORGANIZE

Association of Mail Carriers To Be Formed on July 4.

The rural free delivery mail carriers of the state of Georgia will celebrate the Fourth of July by perfecting an association similar to the one the city carriers now have.

J. A. Giles, of Elberton, Ga., is taking the lead in arousing interest in this movement, and Postmaster Blodgett, of Atlanta, has assisted him in the matter of securing a meeting place for July 4 and in other details. Carrier Giles has sent out a circular letter to all the rural free delivery carriers of the state calling on them to be present at the meeting.

The Federation of Trades hall has been secured for the meeting and it is understood that a number of prominent men will be present and address the men who deliver mails in the rural sections.

The following is a copy of the circular letter which Carrier Giles is sending out:

"Elberton, Ga., June 17, 1903.—Dear Brother Carriers: I received a letter from the fourth assistant postmaster general stating there were no postal laws in regard to rural carriers organizing associations, and through the assistance of Mr. Blodgett, postmaster, Atlanta, I have been able to obtain the Federation of Trades hall in Atlanta for our place of meeting.

"Let me insist on you being there at 10 o'clock, Saturday morning, July 4th. You know that this will be the most important meeting, as we will have to organize and make laws for future generations as well as for ourselves. So you see the importance of every carrier being there. We can have the largest and the best association in the United States. Why not do it? The old Empire State is worthy of it. I suggest that all those who are not up on parliamentary laws to get a copy and study it between now and the Fourth of July. You can get the book from D. W. McGregor, Athens, Ga Price, including postage, 65 cents.

"If it should be impossible for you to go to Atlanta, I would be glad if you would send me your name and address, and I will take pleasure in presenting your name for membership. Please let me know at once if you can go or not. There will be a number of prominent men of the state there to speak to us.

"Trusting that I may have the pleasure of meeting you on the Fourth of July, I beg to remain, yours respectfully,

"J. A. GILES,
"R. F. D. Carrier No. 1.

"P. S.—By authority of M. C. Fosnes, acting general superintendent of carriers, postmasters are allowed to excuse carriers for two days in each month where substitutes are obtainable."

GOOD SCORES BY GUN CLUB.

Shoot Was Held Yesterday Afternoon by East Lake Gun Club.

The target shoot of the East Lake Gun Club yesterday afternoon was participated in by a number of well-known shots and some good scores were recorded.

Avery led in the singles with a score of 90 out of 100 and Freeman was first in the doubles with a score of 20 out of 24. In the singles a phenomenal score of 45 out of 50, made by H. N. Hurt, was the feature of the shoot, he shooting a 20-bore Parker gun from 16 yards

The following is the complete score:

Singles—Frazier, shot at 75, score 60; Dunn, shot at 50, score 37; Jones, shot at 75, score 65; Currier, shot at 100, score 82; DuBray, shot at 100, score 81; Hurt, shot at 50, score 45; Stone, shot at 50, score 41; Hall, shot at 50, score 36; McCarty, shot at 75, score 38; Freeman, shot at 50, score 41; Ewing, shot at 25, score 20; Avery, shot at 100, score 90; Bray, shot at 100, score 78; Carnes, shot at 75, score 64; Holland, shot at 50, score 40; Morrison, shot at 50, score 43; Anderson, shot at 25, score 22; Woodward, shot at 25, score 17.

Doubles—Hurt, shot at 24, score 14; Stone, shot at 24, score 16; Holland, shot at 24, score 18; Frazier, shot at 24, score 18; Ewing, shot at 24, score 18; Currier, shot at 24, score 19; Bray, shot at 24, score 15; Jones, shot at 24, score 15; Carnes, shot at 24, score 12; Freeman, shot at 24, score 20; DuBray, shot at 24, score 19.

COMMITTEE TO MEET TODAY.

New Charter of Atlanta, Written by Subcommittee, Will Be Heard by the Committee of Fifteen.

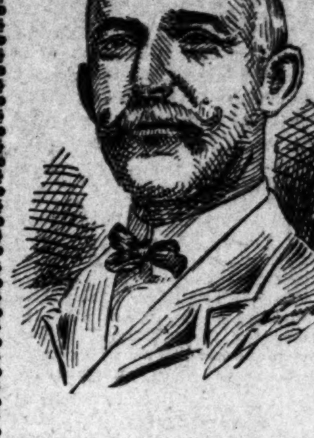
For the purpose of hearing read the proposed new charter of Atlanta the committee of fifteen will meet this morning at 10 o'clock in the office of its chairman, Mayor E. P. Howell.

It is very probable that after the new charter has been read it will be adopted without further debate. A special meeting of council may then be expected, during which a debate will occur regarding its adoption.

It appears very improbable that the proposed new charter will be adopted by council, principally because it provides that members of department boards be elected by the people instead of by council.

KAPPA ALPHA DELEGATES GATHERED FOR BUSINESS

MADISON BELL, OF ATLANTA, Whose Address of Welcome on Behalf of the State Was the Feature of the Opening Session.



E. CHAMBERS SMITH, Knight Commander of the Kappa Alpha Fraternity.

Hugh Dorsey Honored by Election to Presidency. Large Attendance on 23d Biennial Convention.

The twenty-third biennial convention of the Kappa Alpha fraternity was called to order at 10 o'clock yesterday morning in the convention hall of the Piedmont hotel by Hon. E. Chambers Smith, of Raleigh, N. C., knight commander of the order.

Forty-six active chapters were represented by delegates, and the attendance including delegates and visitors was something more than a hundred.

The convention will be in session three days in all, and the opening meeting was taken up largely with the preliminary work, including organization. Knight Commander Smith appointed the following committee on permanent organization: S. C. Foster, of St. Louis, Mo.; L. S. Holt, of Burlington, N. C., and Vernon Jones, of Nashville, Tenn.

The committee reported the following who were elected officers of the convention:

President—Hugh M. Dorsey, of Atlanta.

Vice President—M. T. Ormond, of Tuscaloosa, Ala.

Secretary—Frank Stollewerck, Jr.

The election of Mr. Dorsey, who is a well-known young attorney of Atlanta, to the important position of president of the convention, is considered a high honor, and his friends warmly congratulated him upon the convention's action.

The opening prayer of the convention was made by Rev. Dr. C. E. Dowman. The committee on credentials appointed by Knight Commander Smith was composed of R. T. Dorsey, Reynolds Tichenor and Ben Lee Crew.

The address of welcome on behalf of the Atlanta Alumni Association was made by Ben Lee Crew, and on behalf of the Georgia Kappa Alpha Association by Madison Bell. Responses and speeches were made by Hardin T. Burney, of Richmond, Va.; Julian McCurry, of Hartwell; R. D. Feagin, of Macon; S. C. Foster, of St. Louis; Horace White, of Washington, D. C., and several others

Important Question Up.

During the convention, probably today, the question of extending the Kappa Alpha fraternity to northern colleges will come up. It will be the subject of warm debate. It is said Hon. John Temple Graves and other prominent members will favor action looking to establishing the fraternity north of Mason and Dixon's line. There are other members, however, who are opposed to this plan and who are desirous of keeping the fraternity confined to the south, as it has always been since organization. This is not the first time the question has made its appearance in Kappa Alpha conventions, but the point has been reached where some definite and final action is expected.

At the afternoon session yesterday only routine matters were attended to. Reports were heard from the various chapters and the nine regular standing committees were appointed by Knight Commander Smith.

The sessions of the convention today will be held as usual, beginning at 10 o'clock a. m. and 3 o'clock p. m.

At Piedmont Driving Club.

A reception and dance were given at the Piedmont Driving Club last night by the Georgia members of the fraternity in compliment to the delegates and visiting members. The festivities began at 9 o'clock and the evening was greatly enjoyed by the large number of members of the fraternity and their charming guests.

Among those invited to join the receiving party were:

Governor and Mrs. Terrell, Hon. Evan P. Howell and wife, Hon. Clark Howell and wife, Mr. Albert Howell, Jr., and wife, Judge John S. Candler and wife, Dr. Hunter P. Cooper and wife, Colonel Clifford L. Anderson and wife, Dr. William P. Nicolson and wife, Burton Smith and wife, Frank Callaway and wife, Mr. James W. English, Jr., and wife.

Among the young ladies who were invited to be present were Misses Adelaide Howell, Sarah Peel, Louise Gay, Julia Porter, Bob Venable, Louise and Nita Black, Misses duBignon, Jennie Gray, Janie Speer, Florine Richardson, Nellie Howell, Stewart, Josie Stockton, Florence Jackson, Hattie May Mitchell, Sadie Morris, Frances Johnson, Mabel Powers, Bessie Shaw, Annie Louise Hawkins, M. A. Phelan, Anais Cay, Ramspeck, Eva Wilby, Alice Cary, Mary Walker, Misses Mobley, Frances Walter, Katherine Howell, Roline Clarke, Lena Swift, Eugenia Oglesby, Bessie Moore, Annie Fitten, Emma Belle Lowndes, Margaret Newman, Hazel and Zufer Adkins, Frances Newman, Price, Waldo, Slaton, Hattie Scales, Tochie Davis and others.

Among the gentlemen present who are members of the fraternity were Sewell Black, Hugh M. Dorsey, Madison Bell, R. T. Dorsey, Jr., Ben Lee Crew, Edward English, James Callaway, Lester Anderson, Dr. W. J. Laylock, Samuel Johnson, Luke Hulsey, Bob Ryan, Sanford Rust, Robert Atkins, E. P. Howell, Jr., Carl H. Lewis, Arthur Wrigley, Wallace Miller, Dave Kirkland, John Bell Keeble, Nashville, Tenn.; E. C. Smith, Raleigh, N. C.; Dave Wilkinson Bell, North Carolina; Benton, Berry, Stone, Thornton, Helm, Burnley, Crawford and Jones.

The banquet will take place tomorrow night.

SUMMER SCHOOL NOW OPEN.

Great School for Teachers Begins Work at Knoxville.

Knoxville, Tenn., June 23.—The summer school of the souh opened is second session here oday under very auspicious circumstances. More than 1,200 students were enrolled and more than twice that number are expected before the end of the first week.

President Charles W. Dabney, of the University of Tennessee, welcomed the students in Jefferson hall at 11 o'clock and introduced the members of the faculty to them. The faculty includes ninety members, educational experts gathered from all parts of the United States. This afternoon Dr. Charles A. McMurray, of New York, lectured on city supervision. Professor L. H. Bailey, of Cornell university, lectured on nature study tonight.

A special train over the Southern railway brought more than 100 Georgia teachers to Knoxville tonight, while large delegations came from other states today and tonight.

Jim--Crow Street Car Law.

Columbia, S. C., June 23.—(Special.)—The city council tonight passed a "jim crow" ordinance. Negroes must take back seats on cars. Conductors are given authority of policemen. Nurses are exempt while on duty. Council also created and elected a commission to investigate different water about Columbia, choose a pure water and have water works built. It is believed water will be piped from the famous "Platt Springs," 10 miles away, at a cost of half a million dollars.

ATLANTA BAR WILL GIVE 'CUE

Lawyers and Judges to Gather Saturday Afternoon at Brownwood.

The annual barbecue of the Atlanta Bar Association, in compliment to the state judges of the Atlanta district, will be given Saturday afternoon at 2 o'clock at Brownwood, the country place of Julius L. Brown. The 'cue is under the direction of Attorney Thomas L. Bishop and he is using his efforts to render it a pronounced success and thoroughly enjoyable in every respect. Elaborate preparations are being made for the affair and it is being anticipated with much pleasure by the lawyers and invited guests.

Invitations have been extended to the several judges, as follows: Judge J. H. Lumpkin, of the superior court; Judge L. S. Roan, of the criminal superior court; Judge H. M. Reid, of the first division of the city court, and Judge A. E. Calhoun, of the second division of the city court. The justices of the supreme court have also been invited and the indications point to a gathering of distinguished jurists and lawyers.

Wagon Torn Up by Train.

An ice wagon belonging to T. R. Sawtell was run into by an outgoing Central railroad hour train yesterday afternoon about 2 o'clock at the West Fair street crossing. The driver, Tom Wright, colored, of 23 Howell street, was knocked unconscious, the wagon was badly demolished, and one of the mules was injured.

ALL ENGINEMEN SENT TO DEATH

Both Engineers and Both Firemen Killed in Collision.

Raleigh, N. C., June 23.—Four Seaboard Air Line men are dead and one is badly injured as a result of a head-on collision at Niagara, N. C., 65 miles from Raleigh, and within three miles of Southern Pines. Both engines were torn to pieces and five freight cars badly damaged.

The dead are: Engineers S. T. Stewart and W. P. Wall, and Firemen Walter Bond and Brewer. Stewart is a Canadian, while the other three are North Carolinans, all making their homes here.

Stewart was taking an engine and tender to Hamlet and was going south. He passed a north-bound freight at Vass, and evidently forgot another freight behind that. At Niagara he shot his engine up a grade, around a curve. At the same time the freight, in charge of Engineer Wall, came flying down the grade around the curve. One fireman on the freight jumped just as the engines dashed wildly into each other in a 20-foot cut, grinding one another to pieces.

The two engineers were killed at once. Bond, fireman on the freight, was killed by a beam of wood driven upward through his left breast and out at the neck. Fireman Brewer's body is still wedged in the wreck.

3.50 Shoes and Oxfords

You hear much about "3.50" footwear. Nine cases out of ten the argument is supplemented with "best."

An easy thing to claim for the wearing quality of a shoe, but there's but one way to get it out of a shoe in the wearing, and that is by putting it there in the building.

There's only one way to know for certain that it's there, even after it has honestly been put there—by actual wearing.

That's exactly how we know our 3.50 footwear—tried and found right jam-up to the highest standard.

All leathers—Vici, Box Calf, Velour, Patent Vici and Patent Colt, all built on rock-oak soles.

SOCIETY

Howell-Heath.

A BEAUTIFUL wedding was that of Miss Annie Darling Howell and Mr. Alfred Taylor Heath, Jr., which took place yesterday afternoon at 6:30 o'clock at the residence of the bride's parents, Colonel and Mrs. Albert Howell, West End. Rev. G. W. Bull performed the ceremony in the presence of relatives and a few intimate friends.

Mr William Heath was best man and Miss Ethel Stuart was maid of honor. Miss Elizabeth Woodward and Miss Elise Heath were bridemaids and the ushers were Mr. Hook Spratling and Mr. Carlton Smith.

The hospitable home was elaborately decorated throughout with palms, potted plants and a luxury of white flowers, the favored decoration scheme of green and white evident on all sides.

The ceremony was performed in the drawing room, converted into a veritable bower of flowers, and the bridal party stood before an improvised altar of palms and flowers, during the nuptial blessing.

The bride was strikingly handsome in her bridal robes of white crepe de chine, artistically trimmed in lace. Her tulle veil was adjusted in orange blossoms, and she carried a shower bouquet of white carnations.

The maid of honor wore chiffon lace trimmed and carried white flowers and with their white gowns, the bridesmaids wore green sashes and carried bouquets of asparagus ferns.

A reception and elegant buffet supper followed the ceremony, the guests being served in the various apartments in the lower floor. The bride's table was beautifully decorated in white and green and music added to the happiness and enjoyment of the occasion.

The bride is the daughter of Colonel and Mrs. Albert Howell. Her mother was Miss Emmie Hook, of Augusta, and she represents on both sides two of the oldest and best known families in the state. She is beautiful, talented and lovable and is the center of a large circle of warm friends.

The groom is one of the best known and most popular young men in Atlanta and is making an excellent record in the business world.

Tompkins-Kirby-Smith.

THE wedding of Miss Maud Tompkins and Dr. Reynold Kirby-Smith will take place this morning at 10 o'clock at the home of the bride's mother, Mrs. Henry B. Tompkins. Rev. Albion C. Knight will perform the ceremony. The bride will be given away by her mother and there will be no attendants. She will wear an exquisite toilet of white chiffon veiling, and carry bride's roses.

The out-of-town guests to witness the ceremony include the relatives of the bride and groom, among them Mrs. Kirby-Smith, of Sewannee, Tenn., and Mr. Sheldon Kirby-Smith, of Texas; Mrs. Hale, of Nashville; Hon. Joseph Washington, Wessington, Tenn.; Mrs. Washington, Miss Anne Washington, Mrs. John Helm, Miss Helm, Louisville, Ky.; Mrs. Ewing, Mrs. Tillman, Mrs. Williams, Nashville; Mr. and Mrs. George Washington, Nashville; Mrs. Stephen Palmer, Washington, Ga.; Mrs. Lee Jordan, Macon, Ga.

Newman-Rucker.

THE marriage of Miss Lucy Newman, and Mr. Louis S. D. Rucker, U. S. A., took place last evening at half after 8 o'clock at the residence of the bride's parents, on Forrest avenue, Rev. C. P. Bridewell performing the ceremony in the presence of a large assemblage of relatives and friends.

Mr. Perine N. Smith, U. S. A., was best man, and Miss Frances Newman, maid of honor. Miss Margaret Newman was the only bridesmaid, and Mr. Boswell the only groomsman; the ushers were: Mr. William Newman, Jr., Mr. Guerrard Glenn, of New York; Mr. Shean, Dr. Joseph N. Siler, U. S. A., Mr. F. P. Gamble, and Mr. Harry Dodd.

The latter, in couples, preceded the bridal party as they descended the stairway, and held the blue ribbons, forming the aisle from the hallway to the drawing room. Following the ushers was Mr. Boswell, groomsman, and Miss Margaret Newman.

The maid of honor directly preceded the bride, who entered the drawing room on the arm of her father, and was met by the groom, his best man and Mr. Bridewell.

Following the ceremony was an informal reception and buffet supper, the orchestra in the rear hallway rendering an appropriate musical programme during the wedding and reception.

Artistic Decorations.

The decorations throughout the house were elaborate and beautiful, reflecting the artistic taste of the bride's sister, Mrs. Walter Howard.

They included in their combination the national insignia, in its radiant coloring, and a profusion of American smilax, ferns, sweet peas, gladiola, and nasturtiums.

The entrance hall was decorated entirely in flags and ferns, flags gracefully draped on the woodwork of the stairway with festoons of smilax, while one of unusual dimensions was hung in the rear hallway.

The ribbons forming the aisle through which the bridal party passed were of infantry blue, that touch of color shown here and there among the flowers in the various apartments.

POWERFUL.

A Pure Food Drink Has Great Sustaining Power.

The sustaining power of Postum Coffee when properly cooked is greater than most people imagine and it is well illustrated in the story told by a young Texas woman who says: "I almost lived on Postum Cereal Coffee for over a month and there was over a week I did not eat anything at all but just drank the food drink, Postum, and yet I grew stronger and gained weight.

"Our family physician examined Postum and decided to use it altogether in place of coffee. We all think it has no equal as a nourishment for the sick, for beside being pleasant to the taste it is so strengthening. My father and mother have always been coffee drinkers and suffered all kinds of troubles from the coffee until about a year ago a neighbor was praising Postum and mother decided to try it.

"They improved at once and have drank Postum ever since and mother, who used to be bothered with nervousness and sleeplessness particularly, is in splendid health now. She says the change came entirely from drinking Postum and leaving off coffee." Name given by Postum Co., Battle Creek Mich.

In the drawing room, during the ceremony the bridal party stood under a canopy formed of ropes of American smilax, drawn from the cabinet mantel of the mirror to the chandelier in the center of the room, and hung with clusters of white and pink sweet peas, and gladiola blossoms.

The mirror was partially veiled in asparagus fern, studded with sweet pea blossoms and at its base ferns were banked through which the sweet peas showed in clusters.

The delicately tinted walls were hung with garlands of American smilax, the lace draperies were veiled with asparagus ferns, while a frieze of the latter completed a most artistic mural effect.

In the dining room the cabinets were banked in sweet peas in the rose and purple tints, and the silver candlesticks placed here and there had rose tinted shades.

In the sitting room the decorations were of nasturtiums, and red and yellow lilies, while the lamps had their shades in those colors.

Beautiful Gowns and Gifts.

The bride's gown was one most appropriate to her youthful beauty, and was of white embroidered chiffon over silk. The graceful skirt was finished with accordion plaited flounces edged with narrow ruchings of chiffon.

The corsage had giving it finish a bertha of rose point lace of rare texture and design. The wedding veil of tulle was adjusted with an aigrette of orange blossoms, and her ornaments included a brooch of pearls, which had been worn by the bride's mother and grandmother on the occasion of their wedding day. Her flowers were of white roses and lilies of the valley, tied with streamers of tulle and arranged shower effect.

Miss Margaret Newman wore white crepe de chine, Miss Frances Newman white lace, and both carried shower bouquets of white carnations and infantry blue ribbon.

Mrs. Newman, the mother of the bride, wore an elegant toilet of pale gray silk trimmed in lace and a touch of blue.

Miss Lucy Hall, of Knoxville, the cousin of the bride, wore an effective toilet of pale yellow panne silk elaborately trimmed in medallions of yellow lace. Miss Laura Harrison wore a becoming toilet in white chiffon and lace.

A number of beautiful gifts were received, among them a chest of flat silver from the officers and ladies of Fort McPherson.

The bride is the third daughter of Judge and Mrs. William T. Newman, and has been one of the most admired young women in Atlanta society. She is bright, charming and lovable, and entertains with that hospitable grace for which the women of her family are noted. Mr. Rucker is first lieutenant Sixteenth infantry, United States army, and is at present stationed at Fort McPherson. He represents a prominent and wealthy Michigan family, his father at present residing in Detroit, where Mr. Rucker and his bride will spend several weeks during their wedding journey. They left last night for the north.

Reception at Driving Club.

A LARGE and brilliant social event of the week was the reeception and dance given last evening at the Piedmont Driving Club by the Kappa Alpha Fraternity.

The New York building, where the guests were entertained, presented an attractive appearance, with its decorations of palms and cut flowers.

The ball room on the second floor was thrown open and here dancing was enjoyed, Buchanan's orchestra furnishing a delightful musical programme.

An elaborate course supper was served during the evening and a number of the tables were placed on the wide, picturesque verandas.

The guests were received by Governor and Mrs. Terrell, Mayor and Mrs. Howell, Mr. and Mrs. Clark Howell, Dr. and Mrs. Hunter P. Cooper, Mr. and Mrs. James W. English, Jr., Mr. and Mrs. Albert Howell, Jr., Judge and Mrs. John S. Candler, Mr. and Mrs. Clifford Anderson, Dr. and Mrs. William Perrin Nicolson, Mr. and Mrs. Burton Smith, Mr. and Mrs. Frank Calloway, and Mr. and Mrs. John Temple Graves and Mr. and Mrs. R. A. Redding.

Among the members of the fraternity who assisted in the entertainment of the guests were: Hugh M. Dorsey, Sewell Black, Madison Bell, R. T. Dorsey, Jr., Benn Lee Crew, Edward English, James Callaway, Lester Anderson, Dr. W. J. Laylock, Samuel Johnson, Luke Hulsey, Robert Ryan, Sanford Rust, Robert Atkins, E. P. Howell, Jr., Carl H. Lewis, Arthur Wrigley, Wallace Miller, Dave Kirkland, John Bell Keeble, of Nashville, Tenn.; Mr. E. C. Smith, of Raleigh, N. C.; Mr. Dave Wilkinson Bell, of North Carolina.

The following young ladies were among those present: Miss Adelaide Howell, Miss Sarah Peel, Miss Louise Gay, Miss Julia Porter, Miss Robert Venable, Misses Louise and Nita Black, Misses duBignon, Miss Jennie Gray, Miss Janie Speer, Miss Florine Richardson, Miss Nellie Howell, Misses Stewart, Miss Josie Stockdell, Miss Florence Jackson, Miss Hattie May Mitchell, Miss Sadie Morris, Miss Frances Johnson, Miss Mabel Powers, Miss Bessie Shaw, Miss Annie Louise Hawkins, Miss M. Greenberg-Koltinsky.

A BEAUTIFUL occasion and one of interest to a large circle of friends was the marriage last evening of Miss Phoebe Greenberg and Mr. Benjamin C. Koltinsky.

The ceremony took place at half-past 7 o'clock at the home of the bride's sister, Mrs. W. J. Menko, on Woodward avenue.

The entire lower floor of the house was decorated in white and green, sweet peas and swansonia being the flowers used together with palms and ferns.

The guests were entertained at dinner at the conclusion of the ceremony and the table was exquisite with its adornment of sweet peas and swansonia. In the center was a bowl of the sweet peas surrounded by chrystal candelabra and placed at intervals between the candelabra were small vases filled with flowers. The only attendants were the best man, Mr W. J. Menko and the two little sisters of the bride, Misses Frances and Silvia Greenberg, who acted as flower girls. They wore dainty dresses of white chiffon and carried baskets filled with sweet peas.

The bride, who is an unusually lovely young woman, entered on the arm of her brother, Mr. Louis Greenberg. Her wedding gown was of white crepe de chine trimmed in chiffon and rose point lace and her bouquet was of white sweet peas.

After the ceremony Mr. Koltinsky and his bride left for an extended trip east.

Miss Rutherford's Party.

MISS MILDRED RUTHERFORD'S party to Europe, composed of a number of attractive Georgia girls, will sail from New York Saturday morning at 8 o'clock on the Campania and will spend several months visiting points of interest abroad.

The party includes Miss Myrtle Tye, Misses Sallie and Frances Connolly, of Atlanta; Miss Mary Illges, Misses Gordon and Owsley, of Columbus; Miss Camilia Lamar and Miss Elizabeth Howe, of Macon; the Misses Coffee, of Valdosta, and Miss Arabella Wright, of Brunswick.

Hill-Califf.

THE home of Mr. and Mrs. J. G. Califf was the scene of a quiet and pretty wedding on last Sunday afternoon, when their daughter, Miss Claudia Califf was married to Mr. George B. Hill, of Union Point.

Rev. Dr. Ingraham performed the impressive ceremony, which was witnessed by only the relatives and intimate friends of the popular young couple.

The bride is a young woman of many personal attractions, while the groom is a prominent young business man of Union Point.

Mr. and Mrs. Hill are at home to their friends at 267 Woodward avenue.

Among those present at the wedding were the mother, sister and brother of the groom, Mr. and Mrs. Faulconer, Mr. and Mrs. Small, Mr. and Mrs. Douglas, Mrs. and Miss Carnes, Misses Bullard, Barrett, Kaphan and Davis, and Messrs. Barrett, Thompson, Hirst and Witherspoon.

Dinner Party.

MR. ANDREW J. MILLER was the gracious host at an elegant dinner party given Monday evening to twelve of his friends in honor of Miss Thomas, of Sparta. The color scheme was in white and green and the crystal candelabras had shades of white and green and the bonbons in the same colors. The guests enjoyed flinch and other games. Mr. Robert Hemphill received the first prize, which he presented to Miss Thomas.

Birthday Party.

LITTLE Miss Mary Waters entertained a few of her friends yesterday afternoon from 5 to 7 o'clock at a pretty birthday party in celebration of her fifth birthday. The decorations, ices and cakes all being white and pink.

The invited guests were Misses Edith West, Chalmas Shumate, Marie Poole, Zelma Floyd, Wansley West, Masters Hugh Jackson, Haywood Glover, Willie Coogler, Jack and Roy McDonald, Philip Evans and Edward McDonald.

To Miss Ryman.

MRS. WALTER BARTON entertained about forty guests Monday evening at her home in College Park in honor of her sister, Miss Georgia Ryman, of Nashville, Tenn., and Miss Margaret Coggins, of Canton, Ga. The large veranda was illuminated with Japanese lanterns, where a progressive peanut game was participated in. The prize was won by Miss Ethel Wickersham. After the game delicious refreshments were served. Miss Inez Hardin and Irene DeLany presided at the punch bowl. The music by Miss Ryman and recitaions by Miss Wickersham and Miss Alfriend added greatly to the enjoyment of the guests.

A Pleasant Occasion.

MR. HATTON B. ROGERS, of 556 South Pryor street, entertained the members of the Sigma Rho last Thursday evening at his home. The house was prettily decorated with the class colors. Miss Rogers was assisted by Misses Hazel Vorus, Alice Ormond and Bessie Patrick, Captain J. B. Bryan and Mr. R. T. Markley. Those present were Messrs. SUMMER SESSION AT BRENAU

Brilliant Concert by Otto Pfefferkorn Last Night.

Gainesville, Ga., June 23, 1903.—Brenau will open its first summer session in the morning, June 24. A number of students came in today and others will arrive during the week. Those who have come and who will come represent the very best patronage of the state, and while the student body will not be very large this year it is fully up to the expectations of President Van Hoose. Tonight Mr. Otto Pfefferkorn is giving a beautiful recital in the auditorium complimentary to the students and visitors. Brenau is open this year not only to students, but to ladies and gentlemen desiring to spend their summer in this most delightful climate. The college was never in such beautiful condition; painters, calsominers, carpenters have been at work for the past three weeks and everything is in the best possible order. The firm of J. M. High & Co., Atlanta, has just laid all floors with beautiful new carpets and there can be no more delightful place to spend the summer than Brenau. Mrs. H. C. Hudgins, who made such a reputation among the girls of the college last year as giving such excellent fare, is in charge of the boarding department; she will put all of her energy and experience into the summer work and all who come may feel that they will find here all the comforts of home.

Following is the programme that Mr. Pfefferkorn is giving in the auditorium; the hearty applause which he is receiving is ample proof that he is sustaining his reputation as a great pianist. These concerts will be given frequently during the summer by the faculty of the summer school and will afford delightful entertainment for the students and guests. Following is the programme of tonight's concert:

1. Sonata, op. 27, No. 2, Adagio Sosienuto, Allegretto, Presto Agitato—Beethoven.
2. Magic Fire Scene from "Die Walkure"—Wagner-Brassin.
3. "A Dream of Love," Nocturne—Liszt.
4. "Witches' Dance"—MacDowell.
5. Valse Caprice, E flat, major—Rubinstein.
6. (a) Nocturne, C minor, op. 48 (broad and imposing—a miniature music drama); (b) Polonaise, A flat major, op. 53—Chopin.
7. (a) "Sesame," Album Lear; (b) "Song of the Nymphs;" (c) "Iris"—Otto Pfefferkorn.
8. Rhapsodie Hongroise, No. 6—Liszt.

Among the arrivals today are Dr. L. R. Gwaltney and daughter, of Rome, Ga. Dr. Gwaltney is one of the most distinguished ministers of the state, and Gainesville is glad to entertain him and his daughter.

They Work While You Sleep.

Every reader will recognize the title as the famous catch-line of Cascarets, Candy Cathartic, familiar to every household. "Work while you sleep," was the motto of Major H. L. Kramer, the man who made Cascarets famous, before he recorded his wonderful success with this wonderful medicine. They say that Major Kramer succeeded by incessant work—pluck, not luck—and that he not only worked while others slept, but worked while he slept himself. Now he lets newspaper advertising work while he sleeps.

RAILWAY NOTES.

The advance in the freight rate on yellow pine lumber from points in the pine belt to points on and beyond the Ohio river went into effect again on Monday, June 22. This advance amounts to about 2 cents per 100 pounds and applies to shipments only from the pine belt to points stated. This is the advanced rate over whhich the lumbermen went into court both in Georgia and Mississippi, though in the other states of the south from Texas to Florida, it was accepted without such protest.

The Georgia lumbermen threatened to take the matter up again as soon as the advance was made, but so far nothing has been heard from them. Formerly they applied for injunction in the United States court at Macon before Judge Emory Speer, and were informed that the proper proceeding was first to make complaint before the interstate commerce commission. It is likely, therefore, that some protest will be filed by the Georgia lumbermen with the commission in the event they decide to carry the case further.

The railroads claim that there are higher prices all around now and that the expenses of operation are much heavier than they were two or three years ago. On the one item of lumber alone now, it is asserted, that the difference in price now means an extra annual expense to the Southern system of $127,000. This fact the railroads put forward as largely responsible for the necessity of making the increase.

A full car load of Chinamen on the way to the Pacific coast created considerable amusement and interest around the union depot yesterday morning. The almond-eyed Celestials, about twenty-five in number, were in charge of United States deputy marshals and were being carried back to San Francisco for deportation to their original homes. The Chinamen had been smuggled in at various points in the east, and are being returned to their homes under the Chinese exclusion act.

Rapid work is being done toward repairing the damage to the Asheville and Spartanburg division of the Southern railway, done by the recent landslides caused by heavy rains in that section. The track was not further damaged by another landslide as was recently stated in press dispatches, and will be completed within the time originally stated. It is expected to have trains running over this line by Friday, June 26.

James Freeman, traveling passenger agent of the Southern, with headquarters in Macon, was in the city yesterday, having just returned from Knoxville, Tenn., where he went to look after the party of 100 teachers which the Southern recently carried to the Knoxville Summer school.

James C. Shaw, well known to the railroad world, has been appointed general passenger agent of the Tallulah Falls railroad with headquarters at Macon. Jim Shaw, as he is so well known to his many friends, was for a long time prominently connected with the passenger department of the Central of Georgia. Handling theatrical troupes was one of Mr. Shaw's strong points, and he probably knows more theatrical people than most of the others in the business. Mr. Shaw frequently visits Atlanta and his friends are always glad to see him.

The Atlanta and West Point is making rapid progress with the work of rock ballasting its track. Much of the line has been gone over, and the track greatly improved, but it is stated it will be several months yet before the work is finished.

The locomotive attached to train No. 35 on the Southern, due in Atlanta at 5:10 yesterday morning, blew out a cylinder head about twenty miles northeast of Atlanta and was delayed in arriving about two hours.

State University Shows Continued Growth Along All Lines.

During the Year Many Valuable Presents Were Made to the University—Matriculates Are Greatly Increased in Number.

The annual report of the board of trustees of the University of Georgia was filed with the governor yesterday, by Hon. Henry D. McDaniel, chairman. This contains an interesting review of the work of the university, showing the attendance in the different branches, the work done and the progress made by the institution in all lines during the past year.

Governor McDaniel, speaking for the trustees, notes that the enrollment has been larger than ever before, the deportment generally good and that discipline has been fully maintained. "The trustees have been greatly encouraged by the display of zeal and energy in the discharge of their respective duties on the part of the chancellor and faculty, and of attention to study on the part of the students," say the trustees.

The number of students matriculated during the year was 359, which is an increase of forty-seven over the year previous and of twenty-seven over the centennial year, the largest previous year. The total student membership reaches 2,527, divided as follows: Number of college grade connected with the university at Athens and at branch colleges, 1,884; law and medical departments, 156; preparatory departments of branch colleges, 587.

Donations Acknowledged.

Governor McDaniel presents an interesting resume of the donations and gifts received by the university, for which the trustees express formal thanks. These include:

University of Georgia scholarship at Harvard, the income of which is $150 per year, donated by Mr. George Foster Peabody. The first appointee under this was Oscar L. Keith, who was first honor man in 1902.

From a friend in New York, $500, for the introduction of nature study.

From the Daughters of the Revolution of Georgia, a prize valued at $25 for the best paper on some subject relating to Georgia history.

Donations of books to the library by Rev. J. Bazin, Captain E. P. Lawton, United States army; the duke of Loubat, Profesor A. H. Patterson, George Foster Peabody and Hon. A. O. Bacon. Notably among these was the gift of Rev. J. Bazin, a full set of the first edition of the French Encyclopedia of Diderot, said to be worth $1,000

From Professor L. P. Orr, of Athens, a collection of Indian relics. From George Foster Peabody, $250 scholarship for winter course in agriculture. From Mrs. R. D. Moore, porcelain portrait of the late Dr. R. D. Moore, left to the university under his will.

The New Buildings.

Governor McDaniel gives the details of the work being done toward the construction of the new library under the donation of $50,000 made by George Foster Peabody for this purpose. The contract for the building has been let to George A. Clayton, of Atlanta, under terms approved by Mr. Peabody, who has given his personal attention to the plans and provisions for construction. The new Academic building, to be constructed from the old library and Ivy buildings, is in progress of construction under the direction of the trustees.

The trustees have authorized the tender of the facilities of the university to the Peabody fund trustees in case it is determined, as intimated, that this fund of $60,000 per year shall be used for the establishment in the south of a college for teachers. The trustees believe that Athens is undoubtedly the best place in the south for the location of the proposed great institution. The trustees call attention to the matter "in order that the general asembly may have the opportunity to consider whether or not it is advisable to take any steps in the matter."

REGULARS GO TO GRIFFIN

Company E, of Sixteenth Infantry, Leaves for State Encampment.

Company E of the Sixteenth regiment, U. S. A., left Fort McPherson yesterday morning for a five days' visit in Griffin, where they will show the Fourth Georgia regiment how the regulars drill and conduct themselves in camp.

The company was up bright and early and marched from its quarters to the Central of Georgia railroad depot at the post, and there boarded the train at 7:10 o'clock for Griffin, where they will go into camp with the militia boys.

The company was under the command of Captain Bennett with Lieutenants Lynch and Soleliac. They made the trip to Griffin in response to orders from the war department and will be made welcome by all the members of the Fourth regiment.

By Robert Timmons.

Montgomery, Ala., June 23.—(Special.)—A hard knot was tied in the game of baseball played at Athletic park here today between the Crackers and Legislators, and after nine innings of play, the most distinct marks of which were the decisions of Umpire Brennan and the ceaseless wrangles brought on thereby, the score stood 5 and 5. Darkness finally brought to a close a game which would be called by Mrs. Katzenjammer the "extreme end ob de limit."

Three times during the two and a half hours of torture the Crackers had the game won, and just as many times it was stolen away by the rank work of Umpire Brennan, who is reported to be the most recent escape from the willy-with asylum of Kalamazoo, Mich.

It would not be out of place to remark in passing that Lew Whistler appeared to be the source from which Brennan gained his inspiration, as he seemed to obey the dictations of the Montgomery manager more often than he did the promptings of his own inner heart. In fact, it was difficult to tell at times who was umpire—Brennan or Whistler.

An example of Brennan's "offness" was given in the second inning, when Captain Stafford protested at one of his decisions and Whistler called from first base for Stafford to be put off the field. Brennan immediately did what Whistler told him and retired Stafford to the bench for no reason known either to the Montgomery fans or the visiting players. He retired both Weyhing and Matthews to the bench from the side lines.

In the ninth inning a row of a serious nature was narrowly averted. This time Brennan did not do just as Whistler thought he ought to have done and called Flanagan (the human pole cat) out at home plate when, if he had scored, the game would have been won by Montgomery.

Whistler immediately appeared on the field and in a threatening attitude disputed Brennan's decision. Wilson pushed Whistler off and told him to retire to the bench.

With this the Montgomery players swarmed on the field while the Crackers came in from their positions, and all sixteen players gathered around the hapless umpire. The tardy Montgomery police then appeared on the scene together with a number of citizens. The police seemed to give Brennan courage and he stood by his decision, which was clearly a just one, and the affair blew over without bloodshed, but not before several women had fainted and fled from the grand stand.

Such umpires as Brennan will bring reproach on the national game in the south. He possesses neither the necessary grit nor the firmness in his decisions to be master of a ball field.

The Crackers started the game off in a winning way by scoring two runs in the first inning. These tallies were made on a base on balls presented to Bennett by Polchow, a sacrifice hit of Crozier, a fielder's choice in leetting Winters get to first, a free ticket to Stafford, and a smashing two-bagger of Koehler up against the right field fence, which scored Stafford and Winters.

Montgomery took a lead in the fourth by bunching hits on Wilson and scoring three runs by Polchow, Brennan and Childs.

Atlanta took her second lead in the sixth by scoring the two runs on a hit of Bridewell through second, a free pass presented to Lynch, a neat sacrifice of Lauzon, and a hit of Zeke Wilson over first base, which scored Bridewell and Lynch.

Montgomery tied the score in the seventh by a two-base hit of Flanagan, a sacrifice by Kanzler, and a passed ball by Lauzon, which scored Flanagan.

The Crackers took their third lead in the eighth by two rapid fire hits by Bridewell and Lynch, and a hot drive of Wilson to second and out at first.

After Whistler had been easily struck out by Zeke Wilson in the ninth, he was given his base on balls by Brennan, and Flanagan drove a three-bagger to left field scoring Whistler and tieing the score. Flanagan was thrown out at the home plate by Lynch and the row started.

Lynch and Bridewell, two new men, showed up strong both at the bat and in fielding their positions today. Killen will go in against Stulz tomorrow. Matthews will be behind the bat for the Crackers.

ADVANTAGE WINS LAKESIDE STAKES

She Sets the Pace, but Had To Be Driven at Finish.

PURSE VALUED AT $3,260

In the Mile Handicap Gregor K Runs an Impressive Race, Beating a Strong Field with Ease. No Long Shots First Under Wire.

Chicago, June 23.—Advantage, a 2-year-old filly owned by T. C. McDowell, won the Lakeside stakes on a heavy track at Washington park today. She set the pace all the way. Near the end of the 5 furlongs she tired and was put to a stiff drive to beat Glisten a neck. Advantage was the favorite at 3 to 2 and was heavily played. The race had a gross value of $3,260. The value to the winner was $2,960. Gregor K ran an impressive race in the mile handicap, beating a strong field. He led all the way and won handily by a length. The summary:

FIRST RACE—One mile and 70 yards: Lord Touchwood, 85 (Robbins), 18 to 5, won; Pyrrho, 99 (J. Booker), 8 to 1, second; Marcos, 104 (Adkins), 10 to 1, third. Time, 1:53. Latson, Sea Lion, Northwind, Brownie Anderson, Little Duchess II, Amur, Domadge and Lady Chorister also ran.

SECOND RACE—Five furlongs: Proceeds, 118 (Helgerson), 5 to 2, won; Peter Paul, 111 (Dominick), 3 to 2, second; Townmoor, 113 (Crowhurst), 50 to 1, third. Time, 1:04 3-5. Foxlake, St. Paris, Beneficent, Toltec, Walter Duffy, Rainland, Bugler and Firbane also ran.

THIRD RACE—The Lakeside stakes, 5 furlongs: Advantage, 118 (Crowhurst), 3 to 2, won; Glisten, 115 (Dominick), 8 to 1, second; Memories, 110 (T. Knight), 10 to 1, third. Time, 1:05 4-5. Annie Davis, Shawanna, Lady Free Knight, Badger Girl, May Combs, Interrogation and Miss Veracity also ran.

FOURTH RACE—Handicap, 1 mile: Gregor K, 104 (Henry), 5 to 2, won; Bondage, 97 (Robbins), 8 to 1, second; Linguist, 100 (S. Bonner), 5 to 2, third. Time, 1:46. Glassful, Waswift and Esherine Thane also ran.

FIFTH RACE—Six furlongs: Stuyve, 109 (Crowhurst), 3 to 1, won; Evening Star, 107 (Sheehan), 7 to 1, second; Americano, 101 (S. Bonner), 7 to 1, third. Time, 1:17 4-5. Trinity Bell, Foxy Kane, Balm of Gilead, Mayor Johnston, Standpat and Brulare also ran.

SIXTH RACE—One mile and 70 yards: Modicum, 98 (Adkins), 9 to 2, won; Warte Nicht, 101 (W. Knapp), 13 to 5, second; Orsina, 90 (Treanor), 5 to 1, third. Time, 1:50. Galanthus, Jerry Hunt, Alice Dougherty, Kunja, Lord Melbourne and Love's Labor also ran.

GOSSIP OF THE GAME FROM BLACK SOX TOWN

By Robert Timmons.

Montgomery, Ala., June 23.—(Special.)—After remarking on the fact that Montgomery has lost three straight games to Atlanta, Manager Whistler, after the game yesterday, said to a Montgomery newspaper man:

"Isn't is perfectly awful?"

"Yes," replied the scribe, "it's so bad it's hardly worth while exaggerating it."

Whistler looks this morning as if he has been drinking a solution of potash and green persimmon juice.

The cry of "hard luck" and "hoodoo" is now being heard in Montgomery. Manager Ab is a wise one, and when he does open up and speak out, says things frankly.

"When it comes down to beans," said the general manager, yesterday, "there is not much in this 'hard luck' hot air. Of course it is easy for us to say it's hard luck when we are losing, for it gives us a hole to crawl out. It is true that very occasionally luck decides a game, but as a rule it is a team that PLAYS THE GAME which wins. We simply outplayed those fellows in the pinch yesterday, and it was only errors and dumb work on our part that let 'em score at all.

"I don't intend to stop till I get a team that plays the game, and then when we lose the other guys will simply have to put up winning ball."

This sounds pleasing from the general manager.

The Crackers now have a strong infield. Stafford and Bennett have been relied on since the opening of the season. Bridewell has shown up to be of the gilt-edge variety as a fielder and is going to pick up with the stick. Bob Lynch, who played his first game at second yesterday, gives indications of being a crackerjack fielder and a 300 hitter. A hit the first time up portends well.

"Gee, but I'm glad we won the first game I pitched against Whistler," remarked Jack Ely in the loby of the Glenmore last night. "It does a fellow good all over to help win a game from a bunch he has played with, and who are supposed to know what he has in stock."

One of the prettiest throws ever seen on the Montgomery diamond was made by Ben Koehler in yesterday's game when he participated in a double play, catching Kanzler out in deep center and throwing Flanagan out at first. The partial Montgomery fans appreciated and cheered the throw of Benjamin.

"Speaking of pitchers winning such great ups for themselves," said Manager Powell while talking with Gus Weyhing, Jack Ely and Dutchy Gruebner in front of the hotel yesterday, "it largely depends on the support they get.

"Now take, for instance, the famous boys, Chesbro and Tannehill, who were with Pittsburg last year. They don't seem to be doing such wonderful work this season, yet I understand they are pitching as good ball for New York's Americans as they did for Pittsburg. The truth of the business is they are not getting the support they received last year.

"On the other hand, you see Pittsburg playing as good ball without them as with them, while Pittsburg has a bunch of comparatively insignificant twirlers. The Pittsburg team plays the game and supports its pitchers."

There is a strong likelihood of Catcher Clark, of Little Rock, joining the Crackers. Manager Ab has his hooks out after this strong backstopper and it is probable that the recent deals which have shaken up the Pelican team will result in his being landed by Manager Powell.

If Clark's services are secured this will be but another addition to the team, which will give it still greater strength. The Atlanta fans who have seen Clark work know of what stuff he is made.

Dutchy Gruebner will likely go with Decatur, Ills., of the Three I League. Manager Powell is arranging for a deal whereby he can secure the services of the fast little infielder next year. Another year's experience and hard batting practice will make the Dutchman one of the best in the business.

Lynch says he would not like to reside in Montgomery. He and Pug Bennett and Matthews were in the Exchange hotel when the big shooting affair which has put this village in a turmoil occurred last night. Bob says Pug jumped behind the counter, while Matty attempted to hide securely behind a 4 by 8 post. Pug says because Bob is a new man he won't tell what he did to get out of the way of flying bullets.

SWIFT STAKES WON BY RIVER PIRATE

Charles Elwood, the Favorite, Finished in the Ruck.

TRACK RECORD LOWERED

River Pirate's Time One Second Faster Than Time Made by Irish Lad Last Year—Surf Stakes Taken by Whitney's Inflexible.

New York, June 23.—Perry Belmont's River Pirate, with Hicks up, won the Swift stakes at Sheepshead Bay today. He also broke the track record, covering the full futurity course, 7 furlongs, in 1:25, which is one second faster than the best previous time, made by Irish Lad last year. River Pirate had everything in his favor, as he is a noted mud runner and the track today suited him. Charles Elwood, on his good race in the Tidal stakes Saturday, was made an even money favorite with River Pirate next in demand. Charles Elwood made the running to the bend on the main track, where Hicks, on the Belmont horse, who had been running second, sent him to the front and won handily by 2½ lengths from Yardarm. Mackey Dwyer was third.

Inflexible, from the Whitney stable and carrying the heavy impost of 129 pounds, won the Turf stakes for 2-year-olds. Coupled with his stable companion, Mimosa, he was favorite in the betting, and after indulging Monsoon with the lead to the main track, moved out and won driving by half a length.

The Coney Island Jockey Club has decided to give a suburban renewal with $10,000 added for horses that were eligible for the suburban. The race is to be run on July 2 and entries close June 27.

Weather rainy and track sloppy.

REV. A. R. LOVEJOY DEAD.

Well-Known Methodist Minister Died Yesterday—Funeral Tomorrow.

Rev. A. R. Lovejoy, 84 years of age, one of the oldest Methodist ministers in Georgia, died yesterday afternoon at 3:45 o'clock at his residence in Decatur. He was attacked with a severe cold in December and again in February and since that time had been in feeble health, being confined to his home practically the whole of that time. He had been confined to his bed for about eight weeks.

The deceased had been a local preacher in the Methodist church for about sixty years and was well known. During his labors he had won hosts of warm personal friends, who sympathize with the bereaved relatives. Rev. Mr. Lovejoy is the father of Dr. W. P. Lovejoy, presiding elder of the Athens district, and in addition has eight other children, as follows: Miss Cornelia Lovejoy, of Decatur; Mrs. Dora L. Barker, of Atlanta; Mrs. Ophelia Johnson, of Myers, Fla.; John Lovejoy, of Houston, Tex.; A. S. Lovejoy, of Decatur; Mrs. Meta Fisher, of Kentucky; A. B. Lovejoy, of Florida, and Mrs. Pauline Herrman, of Galveston, Tex.

Funeral services will be conducted at the residence tomorrow morning at 9 o'clock by Rev. C. H. Branch, pastor of the Decatur Methodist church. Interment will be at Clarkston.

Louisville 14 ,Wrightsville 4.

Louisville, Ga., June 23.—(Special.)—Louisville batted Wrightsville almost out of existence this afternoon, winning by a score of 14 to 4. Batteries—Louisville, Harrell and Woffard; Wrightsville, Blount, Potter and Hicks. Umpire, A. M. Outlaw.

DORA CAMPBELL GOES ON BOND

Ex-Postmistress Reached Atlanta Yesterday from Baltimore.

Miss Dora Campbell, the pretty ex-postmistress of Maysville, Ga., who is charged with being short in her accounts, was brought to Atlanta yesterday from Baltimore and released on a bond of $500.

Miss Campbell was arrested in Baltimore and given a hearing before United States Commissioner Rogers, who remanded her to the federal grand jury and ordered her sent to Atlanta. The only witness against her was Postoffice Inspector Barry, of Atlanta, who testified that $560 of the money in her keeping had not been accounted for.

She was placed in charge of a deputy marshal of Baltimore and left for Atlanta Monday evening, arriving here yesterday afternoon. She was taken at once to the office of District Attorney E. A. Angier and informed that she might make a bond in the sum of $500, the amount set by Judge Newman. Miss Campbell's brother signed her bond as surety and she was released.

The young woman is quite pretty and the sensational charge against her has caused considerable comment all over the state, but especially in the vicinity of Maysville, where she was best known.

WEEKLY REPORT REGARDED BEARISH

On Its Reading Prices Almost Immediately Weakened.

THEN NEW ORLEANS BOUGHT

One of the Most Spectacular and Exciting Upturns of the Season Ensued—Shorts in Southern Market Clamoring for August Around 14c.

New York, June 23.—The cotton market opened easy at a decline of 4 points to an advance of 5 points, with the new crop months showing easiness on the better weather news and lower cables, while the old crop was still supported by more purely speculative considerations. During the forenoon the market for the new crop worked generally lower under expectations that the weekly government report would show an improvement in conditions, while the old crop months were rather irregular, but generally firm. When the weekly report was read it was adjudged bearish and prices almost immediately weakened. Then, however, came a big rush of buying orders from New Orleans and one of the most spectacular and exciting upturns of a season which has been full of sensational developments ensued. Wild as was the excitement here, it was even surpassed in New Orleans, where shorts were reported wildly clamoring for July cotton around 14c and for August around 13 3-4c. In connection with this it took a very small show of strength on the part of the big bull leader locally, once the upward movement was started, to utterly demoralize the shorts and in less time than it takes to tell it the whole tendency of the market was altered and prices were soaring skyward. July reached 12.90, August 12.56 and September 11.43, the latter month indicating plainly that the bulls are carrying their operations over into the early autumn positions. Just before the close room longs sold for profits and their offerings eased the situation slightly, but sentiment was still very nervous and unsettled. The market was finally firm with July at 12.84, August 12.49 and September 11.38, while the general list was net 8 to 59 points higher, the later new crop months having responded only partially to the advances of the bear positions. Total sales futures were estimated at 600,000 bales.

Review of the New Orleans Market.

New Orleans, June 23.—The spot cotton market was very firm with offerigs light. Sales 1,200 bales, including 800 to arrive. Quotations of good ordinary and grades above were advanced 1-4c.

Futures opened very quiet at about last evening's closing figures except September, which was 4 points up. The market remained fairly steady until the government bureau report was read at 11 o'clock. The report was generally considered bearish, but the advance in the Liverpool market and the assurance that on Friday next, which will be notice day for July contracts, every notice would be stopped by the long side, prevented a decline. The bulls apparently have the broadest confidence in themselves, and state positively that every bale of cotton tendered will be taken. Soon after the noon hour the longs came to the support of the market and sent prices skyward. July advanced 49 points above Monday's closing to 14; August 56 points to 13.90; September 26 to 12.00; October 18 to 10.25; December 14 to 9.85 and January 13 points to 9.85. Before the close there was a recession of 13 points on July, August 10, September 10, October 3, December 5 and January 4. The board at the close showed net gains for the day of 30 points on June, 36 on July, 44 on August, 16 on September, 16 on October and the other months 9 each.

Futures ranged as follows in New Orleans yesterday:

	Open.	High.	Low.	Close

The Dry Goods Market.

New York, June 23.—Quotations in dry goods are still advancing and prices are being made with the idea of stopping trade on lines which are so far sold ahead that manufacturers are unable to take further orders. The necessity of material curtailment is growing more general, and it is believed that when buyers come into the market generally next month they will find a stronger market even than that of today, and will bid prices up against themselves.

Atlanta Brokerage Co.'s Cotton Letter

New York, June 23.—There was an easy opening to the cotton future market Tuesday, though the opening range was irregular, quotations being 5 points higher to 4 points lower. For a time the price fluctuations were unimportant, being confined to small limits pending the weekly government crop report. The volume of business was of moderate proportions, while the cables from the English market were generally in line with expectations. The weather and crop news through private sources continued quite conflicting, and such developments led to hesitation on the part of bulls and bears alike. On the better levels there was some selling out by smaller longs, and bears put out a few fresh lines in the new crop months, but in the end cotton was quite well absorbed, though the speculation was tame as compared with that on previous days of late. The weekly crop report was rather mixed, and some interests construed it as bullish, while others figured that it was a little bearish. However, the market displayed some firmness and advanced on support and buying from New Orleans. There was talk that the bull element was starting to manipulate the market afresh and this naturally served to create some uneasiness among the shorts. The spot markets were steady with a moderate demand and small offerings. The local quotations were advanced slightly. The port receipts were figured at 2,800 bales, against 3,700 last week and 6,477 last year, while for the week they were figured at 18,000 bales, against 22,690 last year. The figures regarding the prospective movement were rather conflicting.

New York, June 23.—Flour market was firm, but less active. Wheat, spot steady. No. 2 red 84. Under considerable profit taking today and improved weather conditions wheat eased off a little; closed easy at a partial ¼c net loss; July 84¼; September 80 5-8. Corn, spot easy; No. 2 58 1-8; options had an easier opening on poor cables and the weather, but recovered on good commission house demand, closing 1-8@¼c net higher; July 57; September 56 3-4; December 55 3-4. Oats, spot firm; No. 2 43¼; options quiet and fairly steady.

New York, June 23.—Lard easier; western steamed 8.90; June closed 8.90, nominal; refined weaker; continent 9. Pork quiet.

Hubbard Bros. & Co.'s Cotton Letter.

New York, June 23.—While the bureau report today was quite as favorable as expected, and led to realizing at the lowest point of the day, but large buying orders were quickly in evidence from New Orleans, taking all offerings and creating wild fluctuations. Around 12½c for August about 20,000 bales came out from the longs, which stopped the advance on that month. September was in as great demand as August, and, in fact, was really more difficult to buy. The distant deliveries did not fully participate in the advance, which was mainly due to the forcing tactics adopted against the short interests. Continental buying orders were in evidence after the bureau report. While Liverpool sold on arbitrage, expecting to buy there tomorrow, the spot holders appear easy, which has led many to believe that an understanding exists regarding the disposal of the cotton.

Baxter & Co.'s Cotton Letter.

New York, June 23.—The market opened 2 to 6 points higher for the old crop and 2 to 5 points lower for the new crop. The early market was dull and without special feature. A hesitating policy was adopted by the rank and file, who preferred to await some new developments, especially in regard to the weekly bureau report, due in the aftenoon. The weather report this morning showed more or less rain at the leading stations, and it was the belief that moisture at this time was against the plant, and especialy so in the gulf and Atlantic states. Texas reports are somewhat conflicting, some sections having too much rain and others too little. On the whole the crop fails to make headway. We are now nearing July and every day makes the plant more susceptible to adverse conditions later in the season and diminishes the opportunities for catching up. Nevertheless the present belief is that the July bureau report should show at least 10 per cent improved conditions over June, but it is questionable if this will be good enough to impress bears favorably. Cables were unchanged for the new crop, and 6 to 8 points higher for the old crop. The bureau report was rather bearish, the general condition of the crop being better. The main point was the spread of weevil, which, however, have not proved injurious as yet.

Weekly Summary Crop Condition.

Washington, June 23.—The weather bureau's weekly summary of the crop conditions follows:

While still too cool in the districts east of the Rocky mountains, the temperature conditions of the week ending June 22 were somewhat more favorable in the central valleys and southern states. In the gulf states the conditions were very favorable for cultivation. Rain is now needed in portions of the central and east gulf districts.

CORN—A general improvement in the condition of corn in the central valleys is indicated. In the southern states early corn is largely laid by, and is nearing maturity in Texas.

WINTER WHEAT—Winter wheat harvest has made favorable progress, and harvesting is now general in the central portions of the winter wheat belt, with disappointing yields, especially in the southern portions of Missouri, Illinois and Indiana. In the middle Atlantic states a general improvement is indicated.

SPRING WHEAT—Spring wheat is suffering for rain in North Dakota and is affected by rust quite generally in Nebraska.

OATS—The outlook for oats is less promising in most of the states.

COTTON—Cotton continues small, but its general condition is somewhat improved. Cultivation has made good progress, and fields are clean, except in portions of eastern districts. Texas plants are healthy and have made rapid growth, but the crop continues two or three weeks late. Boll weevil are spreading in Texas, but so far have done little injury. Lice are causing damage in the Carolinas, Arkansas and Missouri.

TOBACCO—In New England tobacco needs warmth and sunshine, but elsewhere the crop has made favorable progress in North Carolina and portions of Virginia. Tobacco is growing well in Tennessee and the Ohio valley.

APPLES—In Missouri, Arkansas, Illinois, Indiana and Pennsylvania apples are unpromising, but the outlook continues favorable in Kentucky and the Virginias.

Cothran & Co.'s Cotton Letter.

New York, June 23.—The cotton situation grows more interesting. Developments today were such as to relieve the trade from any doubts as to the attitude of the New Orleans interest regarding the July option in both cities. Support was forthcoming, and not only took place in July, but was instrumental in maintaining, and at the same time advancing, the level of both August and September, while the weekly weather report from Washington was regarded favorably, and under normal conditions would have resulted in a moderate decline in the new crop position. Brokers with buying orders were sent in to the pit to hold the summer months and attempt to hold the entire list. As sentiment is not inclined to the short side to any great extent, it was not difficult to hold the market. But, of course, the longer this condition exists more dangers are being stored up for future. An artificial market is not one to trade in extensively, and from course of prices today we think we are justified in calling it an artificial one. Now, the New Orleans people are attempting what is generally considered as impossible. That is, to get control of the supply of American cotton to the extent that will allow them to dictate prices. Mr. Leiter tried it in wheat and was successful for a time. Mr. Brown may be and may not be aiming at a virtual control of the supply of American cotton and a world's corner, but indications now point that way, and it is therefore to the advantage of traders to understand possibilities on both sides and to avoid trading in these three months. As we have said before, we would only purchase new crops on substantial breaks below 9 3-4c.

New Orleans, June 23.—Liverpool opened this morning answering expectations. The advance scored amounted to 5 to 6 points on deliveries, with spots quoted 12 points up. Prices in the local market ruled at about yesterday's closing figures during the first trading hours. It is to be seen by the daily course of Liverpool that the market there is more influenced and guided by actual conditions rather than spasmodic trading. The weekly government crop report was expected to show some improvement in the weather conditions, and this assisted somewhat in checking a full improvement to correspond with the advance abroad. The interior spot markets continue firm with no shading of prices recorded. Late cables received read: "Manchester demand for cloths improving; yarns quiet." While the sales of spots in Liverpool continue on a small scale purchases have been made at advanced prices. Foreign spinners hesitated about buying when prices were lower, being influenced at that time by large crop ideas, but now show a willingness to modify their views and buy whenever prices ease off. The publication of the government crop report at first reading was accepted by the trade as bearish, and was acted upon accordingly. October selling low at 9.99. The report showed some improvement excepting in South Carolina. It further demonstrated that bollweevils were spreading in Texas. It also made a feature of new blooms. However, at this date last year they were calling attention to new bolls. Later, local bulls bid up the summer months and a wave of outside buying induced by fear of the bollweevil and possible damage to an already very late crop started an upward movement later hastened by shorts covering. Closing figures are the highest of the day.

Bruce, Jones & Co.'s Cotton Letter.

New York, June 23.—The market for cotton futures opened easier for the late months and slightly higher on the near positions. Liverpool sent a higher range of prices at the opening, but eased off at the close on heavy selling by longs, who feared a bearish weekly crop report. Locally the market held steady for the first hour, but became nervous as the time for the appearance of the weekly bureau report drew near. Values were depressed on fears of a favorable crop report, and prices reached the lowest of the day. Upon the appearance of the report the shorts became nervous and bid prices up with a rush in their efforts to cover. The bulls felt encouraged and there was little cotton for sale. The weather and crop news through private sources continued quite conflicting, and such developments on the part of bulls and bears alike. On the better levels there was some selling out by smaller longs, and bears put out a few fresh lines in the new crop months. The bureau report was bullish in the main, although it stated that the crop was progressing favorably in some sections. The nearby positions advanced by leaps and bounds, and the new crop options advanced quickly, but more moderately. The fears of manipulation by the bull crowd caused considerable uneasiness among the shorts and this element were the principal buyers. The market closed firm with prices near the best.

CORN AT THE CLOSE WAS UNCHANGED

Opened on Better Weather and Improvement in Grading.

GIVEN GOOD SUPPORT LATER

On Which Prices Rallied — Wheat Closed 1-4c Lower—Oats Left Off 1-8c Down, While Provisions Were from 10 to 17 1-2c Lower.

Chicago, June 23.—The wheat market was rather nervous today, but the close was about steady, with September 1-4c lower. September corn was unchanged and oats 1-8c lower, while provisions were from 10@17 1-2c lower.

Trading in wheat was of rather small volume and prices were somewhat irregular. The opening was easier on indifferent cables, good harvesting weather in the southwest and on predictions of rains for the spring wheat states. July was 1-8@1-4c lower at 77 7-8@78c and September off 1-8@1-4c at 75 3-4@75 7-8c. The feeling in the pit was rather bullish, however, and as the southwest continued to send in bad reports from the threshers, together with fair buying orders, the market soon rallied. Shorts were good buyers of July and that month advanced to 78 1-2c, while September sold up to 76 1-8@76 1-4c. Commission houses were active sellers at the advance and a reaction followed, which was helped some by realizing sales. The Illinois weekly crop report was quite bullish and started locals buying, which resulted in considerable firmness late in the day. After selling off to 77 5-8c July rallied and closed 1-8c higher at 78 1-4c. September was 1-4c lower at 75 3-4c after selling down to 75 3-8c. Clearances equaled 325,000 bushels. Primary receipts were 38,200 bushels, against 421,700 a year ago. Bradstreet's world's visible showed a decrease for the week of 3,668,000 bushels. Receipts 48 cars, one contract. Minneapolis and Duluth reported 321 cars, making a total for the three points of 369, against 232 last week and 284 a year ago.

Corn was under considerable selling pressure at the outset, due to better weather, together with an improvement in the grading and rather indifferent cables. The market, however, was given good support and prices rallied with early sellers on the buying side. Offerings were rather light throughout the day, which helped in the bullish undertone later in the session. After ranging between 49 3-4 and 50 3-8@50 1-2c, September closed unchanged at 50 1-8c. July was 1-8c lower at 50 1-8c. Receipts 937 cars, 137 contract.

Oats were quiet and without feature aside from a fair demand from July shorts. Trading was mostly local, and an easier tone was apparent in the distant futures. The weather was considered favorable for the crop and there was scattered selling by local holders. The market sympathized more or less with wheat and corn. After ranging between 33@33 3-4, September closed 1-8c lower at 33 5-8. Receipts 423 cars.

Trading in provisions was moderately active, but the market developed a weak undertone, due to selling by outsiders. Local shorts were the best buyers. The close was weak with September pork 17 1-2c lower at $16.70; September lard was down 15c at $8.70 and ribs off 10c at $9.15.

Estimated receipts tomorrow—Wheat 15 cars; corn 385 cars; oats 125 cars; hogs 35,000 head.

Atlanta Brokerage Co.'s Grain Letter

Chicago, June 23.—Despite the fact that there was considerable liquidation in the wheat pit today, the bulls were confident of their position and gave good support on all soft spots. The receipts were small, the clearances were of good size and there were bullish visible supply arguments in view of the decreasing stocks in the northwest. The cash business was fair. The crop and weather situation attracted the bulk of attention. The Missouri wheat crop was estimated at 31,000,000 bushels, and this attracted some pressure from the bears; but, on the other hand, the weekly report of Illinois was extremely bullish. The commission house element had a good run of orders on both sides of the market. The late market was quite active.

The corn market displayed greater strength under better support. The shorts were among the best buyers, and many of these shorts were of only a few days' standing. The feeling in the main was slightly bullish in consequence of the belief that the crop was going backward and that the temperatures are too low to insure the delay being made up later. The receipts were liberal. The country offerings were small, the cash situation was regarded as quite healthy. The primary movement was fair and the clearances were small.

Oats were steady, though there was good support in consequence of reports of excessive moisture in the districts where harvesting is in progress. The receipts were moderate and country offerings were light. There was a fair cash business, though foreign takings were light. The crop news on the whole was rather conflicting.

Provisions were a little weak with a narrow market. Small demand from packers. The cash business was slow. The receipts at leading points were 20,000 more than at this time last year.

Available Supply Changes.

New York, June 23.—Special cable and telegraphic advices to Bradstreet's this week show the following changes in available supply as compared with last accounts:

Wheat—United States and Canada, east of the Rockies, decrease 2,368,000 bushels; afloat for and in Europe decrease 1,300,000. Total supply decrease 3,668,000.

Corn—United States and Canada east of the Rocky mountains, increase 1,620,000 bushels.

Oats—United States and Canada, east of the Rockies, decrease 85,000 bushels.

The Liverpool Grain Market.

Liverpool, June 23.—Wheat, spot No. 2 red western winter quiet at 6s 4d; No. 1 northern spring dull at 6s 6½d; No. 1 California quiet at 6s 8d; futures quiet; July 6s 4 1-8d; September 6s 2d.

Corn, spot steady; American mixed new 5s 2d; old 5s 3d; futures quiet; June nominal; July 4s 8 3-8d; September 4s 6½d.

Cothran & Co.'s Grain Letter.

Chicago, June 23.—Wheat—Minneapolis stocks will decrease 100,000 bushels half week. Old 2 hard sold in St. Louis at 81c by sample. Milwaukee millers not as eager for wheat as heretofore. South Kansas offering new wheat to Minneapolis. Export sales 5 loads. Although St. Louis was up 11-8c over night, the opening was lower on tame cables, improved weather and expectaion of rain north. There was selling by Armour and the northwest, with the local crowd inclined to be bearish. Outside markets were all strong, especially on July. The market was very nervous, considerable realizing being noticed, and while weather conditions will govern, we think it advisable to accept profits on sharp bulges.

Corn—Receipts were large, and with improved weather there was selling early, but the buying apparently was of a good character through country commission houses, but the selling was very confident with Armour and Cudahy brokers quite prominent in the direction. While the bureau crop report says a general improvement in central valleys is indicated, elsewhere it is very late, but in good state of cultivation. Illinois crop report was bullish. While higher prices may be established, we think profit taking should be in order.

Oats—There appears to be an accumulation of July, but there was selling of September and December with Armour selling July. This cereal will be governed by wheat largely, but we favor sales on advances.

Provisions turned very weak with a general decline due to extensive realizing and the withdrawal of support by packers. It is a very hard market at present to venture any opinion upon.

Baxter & Co.'s Grain Letter.

Chicago, June 23.—The interest in the grain market is steadily increasing. The July delivery in all grain—wheat, corn and oats—is outside of weather and crop and is controlled by the needs of the short interest and the small size of the stocks. This morning the trade in wheat was moderately active, and prices ruled slightly easier on rather quiet foreign markets and an improvement in weather conditions from the northwest, but the better weather in the southwest was a very satisfactory feature.

Trade in corn was quite active again, and the market was somewhat lower during the early dealings, with selling on the more settled conditions, and there was some disposition to take profits, but the offerings were not large, and later with reports of very small country offerings and country acceptances prices hardened again.

Trade in oats was moderately active and prices a little lower during the morning with other grain and on the more settled weather, but later hardened with renewal of buying.

JUDGE DENIES MOTION TO QUASH

Bishop and Matthews' Case Continued--Demurrer Argued.

The case against Thomas L. Bishop and W. A. Mathews, charged with embezzlement, was called yesterday morning before Judge L. S. Roan, in the criminal superior court, but was postponed until Friday after argument of about an hour on a demurrer submitted in an effort to have the indictment against Bishop quashed. Judge Roan overruled the motion.

Bishop was represented by Attorney George Westmoreland and Judge James A. Anderson, and they argued the demurrer. Solicitor Charlie Hill represented the state and opposed the demurrer. Attorney Walter R. Brown, represented Matthews and asked for a continuance until Friday, on the ground that Matthews is physically unable to go into the trial at the present time.

The defense in the Bishop case demurred to the indictment against the defendant on the ground that he was not an official of the Piedmont Loan and Banking Company, the funds of which are alleged to have been embezzled, and that, therefore, he could not be indicted for embezzlement of its money. Judge Roan held, however, that Bishop could be indicted jointly with an official of the bank, provided it could be shown they had conspired together to take the funds, and accordingly overruled the demurrer. However, he quashed a count in the indictment charging larceny after trust.

Dr. T. D. Longino was put on the stand in the Matthews case and testified that the defendant is ill in jail. He stated that Matthews' pulse was 120 and his temperature more than 100. On this showing Judge Roan continued the case.

Henry Faulkner and T. S. Smith, brothers in law, yesterday pleaded guilty before Judge Roan to the charge of larceny from the house, and were each sentenced to a term of twelve months in the Fulton county chaingang. The two men were charged with robbing the woolen mill of a large quantity of cloth. Several other cases were disposed of during the session.

Receiver Is Appointed.

On application of Joseph W. Stuchlik, one of the partners in the business, Judge J. H. Lumpkin, of the superior court, yesterday appointed Anton Kontz as temporary receiver of the Atlanta steam candy factor, 19 and 21 Peters street.

The bill was brought against Bert Henochsberg, the other partner. Judge Lumpkin restrained both parties from in anywise interfering with the business, and set the case for a hearing on June 25.

Stuchlik states that the business is solvent, but that there is discord between the two partners, and that they cannot conduct the business successfully. It is alleged that Henochsberg has been in Cincinnati for several months and has neglected the business. The bill was filed by Attorneys Slaton & Phillips.

STATUE UNVEILED AT V. M. I.

Commemorates Deeds of Cadet Battalion in War Between States.

Lexington, Va., June 23.—The principal event of the commencement exercises of the Virginia Military institute occurred today when the heroic bronze statue by Sir Moses Ezekiel, a native born Virginian, "Virginia Mourning Her Dead," located on the parade grounds of the institute, was unveiled in the presence of several thousand people.

The monument is commenorative of the part taken by the battalion of cadets of the Virginia Military institute in the battle of New Market, Virginia, May 15, 1864, when the defeat of the federal forces was mainly due to the charge and capture of their battery in an orchard by the battalion.

Prior to the unveiling addresses were made in Stonewall Jackson memorial hall by Dr. John N. Upshur, of Richmond, and Holmes Conrad, of Winchester. The commemoration ode was read by A. C. Gordon, of Staunton.

The monument unveiled today represents a female clad in armor, seated on an embattlement with a broken cannon under her foot and lance reversed in her hand.

Scaffolding of a bridge in the course of construction at Palestrina, Italy, gave way with the result that seven men were killed and twenty were injured.

THE DAY IN WALL STREET.

New York, June 23.—The only price movement of any consequence in today's stock market occurred in the final hour after an earlier advance had been pretty well wiped out. Around 2 o'clock Pennsylvania sold at 123 7-8, which brought it within a fraction of the low record on the movement. But the violent rebound in Colorado Fuel followed and seemed to inspire rather more confidence in the effort to put up prices. The Pacifics, Wabashes, St. Paul, Atchison and Reading were lifted a point or more over last night's level in this late movement. The extreme rise in Colorado Fuel reached 7 3-4 and Tennessee Coal, which showed the closest sympathy, advanced more than 2. Obviously there was distress on the part of shorts in Colorado Fuel, and rather vague rumors circulated of consultations among iron and steel company officials, with what purpose was not clearly disclosed. The gains were not well maintained, and the closing was rather heavy and very dull again. Had the earlier rate of activity been unrelieved during the final hour, the transaction for the day would not have exceeded 200,000 shares, and only a handful of prominent stocks up to that time had fluctuated as much as a point, part of the time above and part of the time for some stocks slightly below last night. The market has not been so apathetic since the summer preceding the last presidential election. The early sluggish movement of prices was as a rule slightly above last night. The reason assigned for the buying by the professional traders, who did practically all of it, was that yesterday's rather unfavorable development had caused such slight declines as to indicate that no more liquidation was hanging over the market. The 5 point rebound in Metropolitan securities on account of the failure of the suit against the street railway lease relieved the market of a depressing factor. Some early reaction in the cotton and cereal markets, due to the more favorable weather may for the day, was an encouraging factor.

The bond market was very dull and irregular. Total sales, par value, $1,740,000.

United States new 4s registered advanced 1-4 per cent on the last call.

Money on call steady at 2@2 1-2, closing at 2 1-4@2 1-2; times money nominal; 60 days 4 per cent; 90 days 4 1-4; six months 5 per cent; prime mercantile 5@5 1-2.

Sterling exchange strong at $4.87.80 for demand and at $4.85.20 for 60 days; posted rates $4.85 1-2@4.86 and $4.88 1-2; commercial bills $4.84 7-8.

Bar silver 52 7-8c.
Mexican dollars 41c.
Government bonds firm.
Railroad bonds irregular.

Atlanta Brokerage Co.'s Stock Letter

New York, June 23.—There was a rather quiet trade in the stock exchange today. Sentiment appears to be getting pretty badly mixed, and daily it is becoming more evident that there are two distinct sides to the market. The exportation of over $2,000,000 gold today had considerable effect in that it encouraged profit taking on the part of the longs on all hard spots. This selling was supplemented by moderate short selling in consequence of the movements in the cereal and cotton markets, the inference being drawn that the crop prospects generally were less promising than a week ago. The foreign advices were without special feature. The American rail market was dull and rather below parity, but arbitrage houses had a few orders. At times the market tried to harden a little, but such action was short lived generally; and then again some stocks sought a lower level. The late market was sluggish to a painful degree. The late news was without special feature. A few interests were inclined to wait for something to turn up to give the speculation fresh impetus in one direction or the other. Outside stocks were dull and steady. Bonds were quiet and irregular.

Cothran & Co.'s Stock Letter.

New York, June 23.—The market was a very tame affair, and one of the dullest of the year up until late in the afternoon, when a raid on Pennsylvania by the bears and a drive at Colorado Fuel and Iron livened up things some. The bears found it very hard work to depress prices in the early trading, as little stock was offered, and a desultory covering movement occurred, based largely upon more favorable weather in the cotton and corn fields. The close was very firm with continued absence of public interest, but more disposition amongst professionals to trade.

Foreign Finances.

London, June 23.—Consols for money 91 1-8; do. for the account 91 3-16. Atchison 67 3-8; do. preferred 96 1-4; Illinois Central 136 1-2; Louisville and Nashville 112.

Bar silver steady at 24 5-16.

Money 2@2 1-4.

Short bills 2 3-4@2 13-16; three months' bills 2 3-4@2 7-8.

Paris, June 23.—Three per cent rentes 97 francs 20 centimes for the account. Exchange on London 25 francs 14 centimes for checks.

Berlin, June 23.—Exchange on London 20 marks 40 pfennigs for checks. Discount rate for short bills 2 1-2 per cent; three months' bills 2 1-2 per cent.

Baxter & Co.'s Stock Letter.

New York, June 23.—The greatest part of the day was exceedingly dull and prices fluctuated over a narrow range. Such movements as took place were of a special nature. The sharp advance in Metropolitan and Metropolitan Securities was due to influence of the dismissal of the suit against the Metropolitan lease. Late in the day prices weakened fractionally on rumors that a large amount of gold would be shipped on Thursday, and the bear faction also attempted to influence prices by a raid on Pennsylvania, St. Paul and Atchison. Small success was met either in bringing out stocks or lowering quotations. In the last half hour the bulls took the aggressive and bid up prices throughout the list, compelling covering all around. The movement was started by the demonstration against the interests that sold Colorado Fuel and Iron heavily last week. This stock rose aobut 8 per cent and closed not far from this. There was a sympathetic advance of over 2 points in Tennessee Coal and Iron, and the United States Steel stocks rallied with spirit. The market closed strong at about the best.

Fruits and Confections.

Atlanta, June 23.—Oranges, $3@3.25. Grape fruit $5@6 a box. Lemons, fancy, $4.25@4.50; choice $4.00@4.25. Bananas, per bunch, culls, 75c@$1; straights $1.50@1.75. Pineapples $1.75@2.25 crate. Dates, 50lb boxes, 6@6½c; packages, 7½c lb. Figs 13 1-2@14c. Citron 15c. Raisins xx $1.65 per box; xxx $1.85 per box. Prunes small 5@6; large 6@7 1-2. Candy, common stick 6c lb; mixed 6 1-2c.

The Boston Wool Market.

Boston, June 23.—A better feeling prevails in the wool market this week, but the demand is quiet. Territory wools are quoted firmer, while some wools have been sold. For fine territory wools the market is quoted on the scoured basis of about 51@52c, with choice staple lots up to 53@55c; medium grades the scoured basis is 48@50c, with medium at 44@45c clean. Fleece wools continue in light supply. For Ohio fine delaines about 33 @34c is the nominal market price, while Ohio XX and above is quotable at 31@ 32c, with No. 1 washed at about 30c. Michigan delaine is nominal at about 29c for washed lots, with Michigan X at 25c and No. 1 Michigan at 28c.

Southern Exchange Cotton Letter.

New York, June 23.—The near months were in demand, and a little higher on Liverpool cables, but late positions seemed to be subject to some pressure and eased off near the opening. The trade had different opinions regarding the weather conditions. Some claimed that they were better, while others contended that the temperatures were still low for the crop to grow. The general opinion in regard to the weekly government report was that it would be a very good one. Shortly after the government report was issued cotton went off some, but later recovered and advanced sharply, reaching a gain of from 10 to 45 points above the opening prices. Estimated port receipts today 2,800 against 6,477 last year. New Orleans expects tomorrow 1,900 to 2,300 against 1,041 last year; Houston 50 to 100 against 85 last year.

Cotton Seed Oil and Meal.

New York, June 23.—Continued buying by June shorts sustained the market again today, and it closed firm. Prime crude, f. o. b. mills, 31@32c, new crop; prime summer yellow 43c; off summer yellow 37@37 1-2c; prime white 46c; prime winter yellow 46c. Prime meal $27@27.50, nominal.

New Orleans, June 23.—Cotton seed oil: Prime refined in barrels 42 1-2c; off refined in barrels 37c; prime crude, loose, 36c.

Memphis, Tenn., June 23.—Cotton seed oil: Car loads per gallon, prime crude nominal; off crude 20@23c; prime summer yellow nominal; off summer yellow nominal; choice cook summer yellow, less than car load lots, nominal. Prime meal $19.50@20. Cake, prime $30.

The Metal Market.

New York, June 23.—Spot tin declined 10s in London, closing at £126 5s, while futures lost 5s and closed at £124 15s. Locally quiet at 28@28.25.

Two Elegant North Side Homes.

About 75 per cent of the inquiries at our office for houses to rent are for those on the north side. This fact has served to greatly reduce the number of houses for rent in this section of our city, but we wish to call attention to two homes now being erected on Ivy street near corner of Harris that have recently been listed with us.

These consist of 9 rooms each, and it is only necessary to say that they are fitted up with every modern convenience and are strictly first-class in every detail. These houses are built with a view to comfort and elegance and no expense has been spared in fitting them up to please the most fastidious. Another weighty argument in their favor is the fact that they are within easy walking distance of the center of the city. To desirable tenants we can lease these homes at $50.00 each.

NO ACTION IN MILLS CASE.

Charges Against the United States Consul Not Specific.

Washington, June 23.—The state department has received from a number of Americans residing in Chihuahua, Mexico, just how many is not known, a copy of a resolution adopted by them and directed to the secretary of state, asking the removal of W. W. Mills, United States consul at that point. The resolutions were not at all specific in their allegations and did not afford the state department any proper ground for action. The burden of the complaint seemed to be that the consul, who is a brother of General Anson Mills, retired, after six years' residence in Chihuahua, had become obnoxious to the American colony or at least to a considerable portion thereof.

Following the usual custom the department sent a copy of the resolution to the consul with an invitation to explain, of which he availed himself and as things now stand the department is pretty well satisfied that the complaints are not well founded. Perhaps further details of the mass meeting will come by mail, in which event the case may be reopened.
